*Board of Trade, Whitehall,
November 2, 1855.*

THE Right Honourable the Lords of the Committee of Privy Council for Trade and Plantations have received, through the Secretary of State for Foreign Affairs, a copy of a Despatch from Her Majesty's Consul at Rotterdam, enclosing the following translation of a Law passed by the States General, for re-adjusting the Tonnage Dues levied in the Ports of the Netherlands:

WE, William III., by the Grace of God, King of the Netherlands, Prince of Orange, Nassau, Grand Duke of Luxemburg, &c., &c., &c.

All who shall see or hear these read, greeting! be it known.

Whereas we have taken into consideration that it is desirable to abolish the tonnage dues on sea-going vessels, and to enact regulations for the measurement of the same.

So We, having heard the Council of State, and in common concert with the States General, have approved and decreed, and We do hereby approve and decree—

ART. I.—The twenty-fifth chapter of the General Law, of the 26th of August, 1822 (Staatsblad, No. 38), and Art. 7 of the Law of the 8th of August, 1850 (Staatsblad, No. 47), are repealed.

ART. II.—All owners, masters, or commanders of sea ships, now subject to the payment of light, tonnage, and beacon dues, are obliged to have their vessels measured, by the appointed officials, on the spot where the ships may be lying, whenever such is requested.

This measurement is required to obtain a standard for levying light, tonnage, and beacon dues, described by Art. 2 of the law of the 13th of August, 1849 (Staatsblad, No. 40).

The tonnage of *loaded vessels putting into a harbour*, and recognized as such by the law on the import, export, and transit duties, when such vessels depart without breaking bulk, is to be rated by the government meters, allowing the owner, captain, or commander, the right, in case of dispute, to demand a measurement, the expense of which is to be borne by the party who shall be found in error.

ART. III.—Every ton of a sea ship is considered to equal one thousand Netherland pounds, or one and a half cubic ells.

Fractions, beneath a quarter of a Netherland cubic ell, are not calculated in the measurement, and those of or above a quarter of an ell are considered as half an ell.

ART. IV.—A duly signed certificate of measurement, in duplicate, is to be given by the meter to the captain or commander, specifying, besides the flag which the vessel bears and any other particulars necessary to distinguish the same, her measured length, breadth, depth, and tonnage.

ART. V.—The owners, captains, or commanders of sea vessels can demand a remeasurement by two other officials, or competent impartial persons, at the cost of the party found to be in error, within three times twenty-four hours after the delivery of the certificate of measurement.

ART. VI.—Every officer appointed for measuring vessels is authorized to verify, either by re-measurement or otherwise, all measurements made by others, after the vessel shall be unloaded, free of expense to the masters, and, in case of variance, to note such on the certificate of measurement.

The right granted by Art. 5 to owners, captains, or commanders, admits likewise of such verification.

ART. VII.—No vessels will be allowed to depart, nor will be provided with a direct or indirect certificate of adjustment, until their certificate of measurement shall have been exhibited at the office of the port of discharging or loading, as a proof of which the same will have to be signed there.

ART. VIII.—The certificate of measurement, when thus signed, must be kept on board of the ships clearing outwards, on a penalty of twenty-five florins, and must be exhibited to the searching officers at their request.

ART. IX.—In Art. 8 of the Law of the 8th of August, 1850 (Staatsblad, No. 47), in the sentence "*Either by subjecting those vessels to an increased tonnage due,*" the word "*increased*" is to be erased, and the words "*to be fixed by us,*" to be inserted in its stead.

This manner of levying the tonnage dues fixed by us will be regulated by the same Decree, which was passed according to Art. 8 of the Law of 8th August, 1850.

ART. X.—This law comes into operation on the 1st of January, 1856.

We order and command that the present be inserted in the Staatsblad, and that all ministerial departments, authorities, colleges, and officials, interested thereby, shall attend to the exact execution thereof.

Given at the Loo, the 14th of July, 1855.
