NOTICE TO MARINERS.

THE Minister of Marine hereby gives notice, that in the middle of the navigable channel of Goeree, at a cable's length distance to the south of the black buoy No. 6, a brig has sunk in a depth of 3½ fathoms at ordinary low water, the masts of which are still visible, and that the needful measures have been taken should the masts come out of the ship, to indicate the spot of danger by a wreck buoy, painted in black and white checks.

Its bearings and soundings are three times the thickness of the steeple of Goereede to the east of the foot of the high sandhill, or exactly between the third and fourth dykes, the third dwelling-house within the Dirkland Sas, in the Goeree Harbour.

In soundings, Goedereede, S.W.¼ W., by unadjusted compass.
