REGULATION V.

As soon as a British vessel shall have discharged her cargo, and completed her outward lading, paid all her duties, and delivered a true manifest of her outward cargo to the British Consul, a Siamese port-clearance shall be granted her on application from the Consul, who, in the absence of any legal impediment to her departure, will then return to the master his ship's papers, and allow the vessel to leave. A custom-house officer will accompany the vessel to Paknam; and on arriving there she will be inspected by the custom-house officers of that station, and will receive from them the guns and ammunition previously delivered into their charge.

REGULATION VI.

Her Britannic Majesty's Plenipotentiary having no knowledge of the Siamese language, the Siamese Government have agreed that the English text of these Regulations, together with the Treaty of which they form a portion, and the Tariff hereunto annexed, shall be accepted as conveying in every respect their true meaning and intention.

JOHN BOWRING. (L.S.)
