

expenditure of the United Kingdom of Great Britain and Ireland, for the year ended the 30th day of June, 1858 :

The Commissioners for the Reduction of the National Debt hereby give notice, that no sum will be applied by them on account of the Sinking Fund, under the provisions of the Act 10 Geo. 4, cap. 27, between the 1st day of October, 1858, and the 31st day of December, 1858.

National Debt Office, 11th October, 1858.

*A. Y. Spearman*, Comptroller-General.

*Whitehall, July 31, 1858.*

The Right Honourable Sir Alexander Edmund Cockburn, Bart., Lord Chief Justice of Her Majesty's Court of Common Pleas, at Westminster, has appointed William Thomas Chapman, of Biggleswade, in the county of Bedford, Gentleman, to be one of the Perpetual Commissioners for taking the acknowledgments of deeds to be executed by married women, under the Act passed for the abolition of fines and recoveries, and for the substitution of more simple modes of assurance, in and for the county of Bedford.

*Somerset House, London, October 11, 1858.*

NOTICE.—By order of the Commissioners of Inland Revenue, the place for the receipt of Corn Returns at Wisbeach, in Lynn Collection, will, in future, be the Corn Exchange, Wisbeach.

*Thos. Dobson*, Assistant Secretary.

Patent Law Amendment Act, 1852.

Office of the Commissioners of Patents for Inventions.

NOTICE is hereby given, that—

1207. Erasmus Bond, of Wharf-road, City-road, in the county of Middlesex, Mineral Water Manufacturer, has given notice at the Office of the Commissioners, of his intention to proceed with his application for letters patent, for the invention of "an improved aerated liquid."

As set forth in his petition, recorded in the said office on the 28th day of May, 1858.

1210. And William Hodgson and Henry Hodgson, of Thornton-road, Bradford, in the county of York, Machine and Tool Makers, have given the like notice in respect of the invention of "improvements in machinery or apparatus for preparing and spinning or producing motley yarns, from rovings of unequal thicknesses of wool or other fibrous substances."

As set forth in their petition, recorded in the said office on the 29th day of May, 1858.

1235. And John Mannhardt, residing at Munich, in the Kingdom of Bavaria, has given the like notice in respect of the invention of "an improvement in machinery for the manufacturing of peat fit for fuel and for the squeezing or forcing of fluids out of the said turf peat or similar substances."

1242. And Richard Roberts, of Heaton Norris, in the county of Lancaster, Machine Maker, and Wright Shaw, of the same place, Foreman, have given the like notice in respect of the invention of "certain improvements in looms for weaving."

As set forth in their respective petitions, both recorded in the said office on the 2nd day of June, 1858.

1245. And Robert Owen, of the city of Manchester, in the county of Lancaster, Gentleman, has given the like notice in respect of the invention of "improvements in water-closets, night-commodes, or similar conveniences, and also in disinfecting processes."

1246. And William Clayton and Jacob Goodfellow, both of Blackburn, in the county of Lancaster, Engineers, have given the like notice in respect of the invention of "a certain improvement in pistons for pumps."

1251. And John Mitchell, of Dunning-alley, Bishopgate-street Without, in the city of London, Assayer, has given the like notice in respect of the invention of "improvements in purifying paraffine."

1254. And Thomas Wilson, of Bradmore House, Chiswick, in the county of Middlesex, has given the like notice in respect of the invention of "improvements in the construction of mangles."

As set forth in their respective petitions, all recorded in the said office on the 3rd day of June, 1858.

1269. And Edward Cooke, of Smethwick, in the county of Stafford, Manager of Works, and George Dickinson, of Smethwick aforesaid, Manufacturer, have given the like notice in respect of the invention of "improvements in the manufacture of metallic and other bedsteads, and other articles for sitting, lying, and reclining upon."

1273. And William Porter, of No. 9, Lansdowne Villas, Brompton, Middlesex, has given the like notice in respect of the invention of "improvements in artillery, ordnance, and some other descriptions of fire-arms."

As set forth in their respective petitions, both recorded in the said office on the 5th day of June, 1858.

1280. And John Macmillan Dunlop, of the city of Manchester, in the county of Lancaster, Engineer, has given the like notice in respect of the invention of "improvements in apparatus for sizing fibrous materials."

1281. And Henry Wimbald, of Aldermaston, in the county of Berks, Brick Manufacturer, has given the like notice in respect of the invention of "improvements in machinery or apparatus for destroying the turnip fly and other destructive insects or growing crops."

1282. And Edward Vigers, of Paddington, Gentleman, has given the like notice in respect of the invention of "improvements in the manufacture of bricks and other articles moulded or formed from clay."

As set forth in their respective petitions, all recorded in the said office on the 7th day of June, 1858.

1285. And John Macmillan Dunlop, of the city of Manchester, in the county of Lancaster, Engineer, has given the like notice in respect of the invention of "improvements in bowls or rollers used in machines for printing fibrous materials."
