

looking to the very large extraordinary expenditure which must still remain to be incurred in the coming year, made application to the Right Honourable the Secretary of State for India for assistance in the way of bullion remittances from home, to the extent of three millions sterling.

It had been the wish of the Governor-General in Council to await the answer of the Secretary of State, which may be expected by the 1st of May, as also to allow time to show practically what may be expected as the result of the above-mentioned measures, before determining upon the course to be adopted on the 1st of May for the service of the coming year; but the late fluctuations in the Stock Market, though the manifest result of an unfounded and happily short-lived panic, and the representations of the mercantile community, who are of opinion that in the present state of the market, uncertainty as to the future financial operations of Government would be a great evil, have induced his Excellency in Council, to anticipate the determination of this question, and to announce at once, the arrangement which it is his intention to make in India for the service of the year 1859-60.

Reductions in the present enormous war charges will be made as early and to as great an extent as may be safe. Measures will be taken for the permanent increase of the Indian revenues as largely as may be consistent with sound policy. But the full benefit of these operations will not be felt in 1859-60.

The Governor-General in Council hereby announces, that the amount of money for which he will look to the Indian market to be raised by loan in order to provide for the service of 1859-60, is five crores of rupees. When this amount shall have been realized, the loan of 1859-60 will be closed, and no further loan will be opened in India during that year.

In pursuance of the principle adopted on the 20th of July, 1857, the loan to be opened on the 1st May next, will be a five and a half per cent.

loan, to which subscriptions will be receivable in cash, or half in cash and half in Five per Cent. Paper.

If this loan should not produce the required amount, the Governor-General in Council will recommend to the Right Honourable the Secretary of State that the deficiency should be supplied from England. No loan carrying a higher rate of interest will be opened in India in the course of the year 1859-60, unless under instructions from the Home Government.

The issue of Treasury Bills, on the terms notified on the 26th of January, 1859, will be closed on the 30th April; a new issue of Treasury Bills will be notified from the 1st of May, bearing interest at the rate of 2½ per centum per diem.

The sum which may be received upon these notes will not be counted as a part of the five crores which the Government desire to raise by loan.

Published by Order of his Excellency the Right Honourable the Governor-General of India in Council.
