Wm. J. Bathurst.

STATUTE above referred to.

WHEREAS there are now in St. John's College, in the University of Cambridge, five Scholarships founded by Dr. John Dowman, according to the provisions of a certain Deed of Composition, bearing date December 1st, 1525, in the election to which Scholarships under the provisions of the said Deed certain rights of preference are reserved to Scholars from the Grammar School at Pocklington in Yorkshire:

And whereas by an instrument, bearing date the 19th day of November 1857, and signed by the master of St. John's College and by twenty-six fellows of the same (being a majority of the governing body of the said College within the meaning of the Cambridge University Act, 19 & 20 Vict. c. 88.) of the one part, and by Frederick James Gruggen, M.A., master of Pocklington School, and Edward Bentley Slater, M.A., usher of the said school, being the governing body of the said school according to the intent and meaning of the said Act, of the other part, it was mutually agreed and admitted by the parties thereto that it was expedient to establish exhibitions in the said College in the place of the said scholarships: and it was further agreed to request the Commissioners appointed by the said Act to examine and inquire into all particulars relating to the said foundation of Dr. Dowman, and to determine how many exhibitions shall be established in the said College, in the place of the five scholarships, and also what shall be the annual value of the said exhibitions; and it was further agreed between the parties thereto to abide by any determination, and to accept any Statute concerning the premises which the said Commissioners might think reasonable and proper:

That each of the said exhibitions be tenable for three years.

That those students only be admitted as candidates who have been scholars of the Free Grammar School at Pocklington for at least two years.

That in the election to such exhibitions, no preference be given to any candidate in respect of his place of birth, or of his being of the name or kindred of the founder, Dr. John Dowman.

That any person elected into one of such exhibitions shall be eligible for any scholarship, sizarship, or other College emolument (not being a second Dowman Exhibition), and that, in the event of his being elected, his exhibition shall be tenable with such scholarship, sizarship, or other College emolument.

That the candidates for such exhibitions shall be subject to such examinations as the master and fellows of St. John's College shall think proper, in order to ascertain their fitness to become students in the College; and if, on the occurrence of a vacancy of any Dowman Exhibition, no candidate shall present himself who has been a scholar of Pocklington School for the space of two years, or none such of sufficient merit to deserve, in the opinion of the master and fellows of St. John's College, to be elected to such exhibition, the exhibition then vacant to be treated as open to general competition.

Given under our Common Seal, this seventh day of January, in the year of our Lord one thousand eight hundred and fifty-nine.

Custom House, London, 12th April, 1859.

W. MACLEAN, Secretary.

India Office, April 13, 1859.

IT having been brought to the notice of the Secretary of State for India in Council, that inconvenience may result from the payment of so large an instalment as 50 per cent. of the Indian Loan on the 3rd of May, and also that Tuesday, the 19th instant, is observed as a holiday by a portion of the community, the following amended advertisement is issued in substitution of that dated the 11th instant.

The Secretary of State for India in Council gives notice that he will be prepared, at or before twelve o'clock, on Thursday, the 21st instant, to receive tenders for a loan of £7,000,000, for seven years, on security of debentures (transferable either by the delivery of the debentures respectively, or by deed), to be issued under the provisions of the Act 22nd Victoria, cap. 11, such debentures to be of the respective amounts of £1000 and £500, and to bear interest at the rate of four per cent. per annum, payable by coupons attached, half yearly, at the Treasury at this Office, on the 16th August and the 16th February in each year.

Holders of the debentures will have the option of claiming payment at par, at the expiration of five years from the 16th August next, on giving one year's previous notice.

The tenders to be for sums of not less than £500, and to state how much will be given for every £100 of the said loan.

The Tenders are to be delivered in, sealed, at the Treasury at this Office, and to specify the

debentures required, whether transferable by delivery, or by deed, and the proportions of each denomination of debentures.

A deposit of two per cent. upon the amount tendered must at the same time be paid, to be returned in the event of the tender not being accepted; and parties tendering must be careful not to enclose the deposit in the sealed tender.

So much of the amount tendered to be paid to the Secretary of State for India in Council, on the 6th May, 1859, as will leave 75 per cent. of the capital to be paid as under, viz.:

25 per cent. . . . on the 14th June, 1859,

25 per cent. . . . on the 19th July, 1859,

25 per cent. . . . on the 16th August, 1859,

from which dates the interest of four per cent. per annum upon the respective instalments will be calculated; but parties, who so desire, may pay up in full, and will be allowed a discount at the rate of three per cent. per annum, upon the anticipated payments.

In cases of equality of tenders beyond the amount required, they will be subject to a pro rata diminution.

Scip receipts will be given to the parties entitled, to be delivered up in exchange for the debentures when prepared.

No tender will be received after twelve o'clock on the said 21st day of April, nor unless upon a printed form, which may be obtained at the Accountant-General's Department of this Office, or of Mr. Henry Scott, 16, Throgmorton-street.

J. Cosmo Melvill.

India Office, April 7, 1859.

THE following Bill, on the subject of Patents in India, received the sanction of the Crown on the 19th of March, 1859.

A BILL FOR GRANTING EXCLUSIVE PRIVILEGES TO INVENTORS.

Preamble.

Whereas Act VI of 1856, entitled "An Act for granting Exclusive Privileges to Inventors," was passed by the Legislative Council of India without the sanction of Her Majesty to the passing thereof having been previously obtained and signified in pursuance of the Statute passed in the seventeenth year of the reign of Her Majesty, entitled "An Act to provide for the Government of India," and whereas Her Majesty's Law Officers having given it as their opinion that the Legislative Council of India was not competent to pass Act VI of 1856 without previously obtaining the sanction of the Crown, and the Court of Directors of the East India Company having in pursuance of the power vested in them by law, disallowed Act VI of 1856, and having signified to the Governor-General of India in Council their disallowance thereof, the said Act was repealed by Act IX of 1857: and whereas it is expedient, for the encouragement of inventors of new manufactures, that certain exclusive privileges in their inventions should be granted to them in India, and that exclusive privileges obtained under the said Act should be protected, it is enacted as follows (the sanction of Her Majesty to the passing of this Act having been previously obtained and signified in pursuance of the said Statute):

Inventor may petition for leave to file Specification.—Form, &c., of Petition.

I. The inventor of any manufacture may petition the Governor-General of India in Council for leave to file a specification thereof. Every such petition shall be in writing in the form or to the effect mentioned in the schedule hereunto annexed, and shall be signed by the petitioner, or, in case the petitioner shall be absent from India, by an authorized agent, and shall state the name, addition, and place of residence of the petitioner, and the nature of the invention.

Order to file Specification.

II. Upon such petition, the Governor-General of India in Council may make an order authorizing the petitioner to file a specification of the invention.

Power to refer Petition for inquiry and report.

III. Before making such order, the Governor-General of India in Council may refer the petition to any person or persons for inquiry and report, and such person or persons shall be entitled to a reasonable fee for such inquiry and report, to be paid by the petitioner; the amount of such fee, in case of dispute, to be settled by a Judge of one of Her Majesty's Courts of Judicature in a summary manner.

Petitioner entitled to exclusive privilege for fourteen years from the time of filing Specification.—Extension of term of exclusive Privilege.

IV. If, within the space of six calendar months from the date of such order, the petitioner cause a specification of his invention to be filed in manner hereinafter mentioned, the petitioner, his executors, administrators, or assigns, shall be entitled

to the sole and exclusive privilege of making, selling, and using the said invention in India, and of authorizing others so to do, for the term of fourteen years from the time of filing such specification, and for such further term (if any), not exceeding fourteen years from the expiration of the first fourteen years, as the Governor-General of India in Council may think fit to direct, upon petition to be presented by such inventor, at any period not more than one year, and not less than six calendar months, before the expiration of the exclusive privilege hereby granted.

Order to file Specification may be made subject to conditions.

V. An order, authorizing the filing of a specification, or for extending the term of such exclusive privilege as aforesaid, may be made subject to any such conditions and restrictions as the Governor-General of India in Council may think expedient.

Specification to be in writing and to describe the Invention.

VI. Every specification of an invention filed under this Act shall be in writing, and shall be signed by the petitioner, and shall particularly describe and ascertain the nature of the said invention, and in what manner the same is to be performed.

Petition and Specification to be left with Secretary to Government.—Petition, &c., to be accompanied by Declaration.—Date of delivery to be endorsed on Petition.

VII. Every petition for leave to file a specification, and every specification filed under this Act, shall be left with the Secretary to the Government of India, in the Home Department, and every petition and specification shall be accompanied by a declaration in writing, signed by the petitioner in the forms or to the effect mentioned in the schedule hereunto annexed; and if the inventor be absent from India, the petition and specification shall also be accompanied by a declaration signed by the agent who shall present or file the same, to the effect that he verily believes that the declaration purporting to be the declaration of the inventor was signed by him, and that the contents thereof are true, which declaration shall be in the form or to the effect mentioned in the said schedule. The date of the delivery of every such petition and specification shall be endorsed on the same respectively, and shall also be recorded at the office of the said Secretary.

False statement in Declaration punishable as perjury.

VIII. If any person, who shall make a declaration under this Act, shall wilfully and corruptly make any false statement therein, he shall be deemed guilty of perjury, and shall be proceeded against, and upon conviction punished accordingly.

Specification not to be filed before payment of Fees.

IX. No specification shall be filed until the petitioner shall have paid all fees payable under this Act, including the fees (if any) of the person or persons to whom the petition shall have been referred for inquiry and report.

Copies of Specification to be delivered and distributed.—To be open to inspection.

X. At the time of delivering the specification for the purpose of being filed, the petitioner shall

cause to be delivered to the said Secretary, five copies thereof, of which

One shall be sent to and filed by one of the Secretaries to the Government of Bengal.

One shall be sent to and filed by one of the Secretaries to the Government of Fort St. George.

One shall be sent to and filed by one of the Secretaries to the Government of Bombay; and

One shall be sent to and filed by one of the Secretaries to the Government of the North-Western Provinces.

A copy of such specification shall be open at all reasonable times at the office of each of the said Secretaries to public inspection upon payment of a fee of one rupee.

Book for the Registry of Petitions, Specifications, &c.

XI. A book shall be kept in the office of the said Secretary to the Government of India, wherein shall be entered and recorded every such petition and specification, and every order made upon such petition or relating to the invention therein mentioned. Every specification shall be numbered according to the order in which it is entered in such book; and a reference shall be made in such book, in the margin of the entry of each specification, to every order relating to the invention, and to every petition, memorandum, or amended specification which shall be filed under the provisions of Section XIV.

Inspection of Registry-Book.—Certified Copy of Entry to be given.

XII. Such book, or a copy thereof, shall be open at all convenient times for the inspection of any person upon payment of a fee of one rupee; and the said Secretary shall cause a copy of any entry therein, certified under his hand, to be given to any person requiring the same, on payment of the expense of copying.

Certified Copy to be primâ facie evidence.

XIII. Every such certified copy shall be *primâ facie* evidence of the document of which it purports to be a copy.

In what cases Petitioner may apply for leave to file amended Specification.—Effect of amended Specification.

XIV. If, after the filing of the specification, the petitioner shall have reason to believe that through mistake or inadvertence he has erroneously made any mis-statement in his petition or specification, or included therein something which at the date of his petition was not new or whereof he was not the inventor, or that such specification is in any particular defective or insufficient, he may petition the Governor-General in Council for leave to file a memorandum pointing out such error, defect, or insufficiency, and disclaiming any part of the alleged invention, or, in case of any defect or insufficiency of the specification, for leave to file an amended specification. The petitioner shall state how the error, defect, or insufficiency occurred, and that it was not fraudulently intended, and shall be accompanied by a declaration in writing, signed by the petitioner, and if he be absent from India by his agent, stating that the contents of such petition are true to the best of his knowledge and belief. Upon such petition the Governor-General in Council may make an

order, allowing such memorandum or amended specification to be filed. All the provisions of Sections X, XI, XII, and XIII, applicable to specifications, shall be applicable to the petitions, orders, and memoranda or amended specifications referred to in this section. An amended specification filed under the provisions of this Act shall, except as to suits or proceedings relating to the exclusive privilege which shall be pending at the time of the filing of such amended specification, have the same effect as if it had been the specification first filed, provided that nothing contained in an amended specification shall extend or enlarge any exclusive privilege before acquired.

No Person entitled to exclusive Privilege in any of the following Cases:—

XV. No person shall be entitled to any exclusive privilege under the provisions of this Act.

If Invention of no utility.

If the invention is of no utility.

If Invention not new.

If the invention, at the time of presenting the petition for leave to file the specification, was not a new invention within the meaning of this Act.

If Petitioner is not Inventor.

If the petitioner is not the inventor thereof.

If Specification does not describe the Invention.

If the specification filed or the amended specification (if any) does not particularly describe and ascertain the nature of the invention and in what manner the same is to be performed.

If Petition or Specification contain fraudulent mis-statement.

If the original or any subsequent petition relating to the invention, or the original or any amended specification contain a wilful or fraudulent mis-statement.

Exclusive privilege to cease if Government declare it mischievous, &c., to Public; or if Government, upon breach of condition proved, declare that it shall cease.

XVI. Every exclusive privilege under this Act shall cease if the Governor-General of India in Council shall declare that the same, or the mode in which it is exercised, is mischievous to the State, or generally prejudicial to the public; or if a breach of any special condition on which the petitioner shall be authorized to file a specification, or upon which the term of the exclusive privilege shall be extended, shall be proved to the satisfaction of any of Her Majesty's Courts of Judicature, and if the Governor-General of India in Council shall thereupon declare that such exclusive privilege shall cease.

Importer of Invention, if not the actual Inventor not to be deemed Inventor.

XVII. The importer into India of a new invention shall not be deemed an inventor within the meaning of this Act, unless he be the actual inventor.

Foreign Inventor.

XVIII. A foreigner, whether resident abroad or not, may petition for leave to file a specification under this Act.

An Invention not publicly used or known in the United Kingdom or in India before the application for leave to file a Specification, to be deemed a new Invention within this Act.—Knowledge of Invention fraudulently acquired. Proviso.—Public use by actual Inventor.

XIX. An invention shall be deemed a new invention within the meaning of this Act, if it shall not, before the time of applying for leave to file the specification, have been publicly used in India, or in any part of the United Kingdom of Great Britain and Ireland, or been made publicly known in any part of India or of the United Kingdom by means of a publication, either printed or written, or partly printed and partly written. The public use or knowledge of an invention, prior to the application for leave to file a specification, shall not be deemed a public use or knowledge within the meaning of this section, if the knowledge shall have been obtained surreptitiously or in fraud of the inventor, or shall have been communicated to the public in fraud of the inventor or in breach of confidence: provided the inventor shall, within six calendar months after the commencement of such public use, apply for leave to file his specification, and shall not previously have acquiesced in such public use; provided also, that the use of an invention in public by the inventor thereof, or by his servants or agents, or by any other person by his licence in writing, for a period not exceeding one year prior to the date of his petition, shall not be deemed a public use thereof within the meaning of this Act.

Inventor having obtained English Letters Patent, to petition within twelve months from the passing of this Act or from the date of the Letters Patent.—Invention, if not publicly known or used in India at the time of applying for such Letters Patent, to be deemed new.—What to be stated in such Petition.—Duration of exclusive Privilege.

XX. If an inventor who prior to the time of applying for leave to file a specification of an invention under this Act, shall have obtained Her Majesty's Letters Patent for the exclusive use of such invention in the United Kingdom or any part thereof, shall, within twelve calendar months from the passing of this Act, or within twelve calendar months from the date of such Letters Patent, petition the Governor-General of India in Council for leave to file a specification of such invention (which petition shall be in writing in the form or to the effect mentioned in the schedule), the invention shall be deemed a new invention within the meaning of this Act, if it was not publicly known or used in India at or before the date of the petition for such Letters Patent, notwithstanding it may have been publicly known or used in some part of the United Kingdom or in India before the time of his petitioning, under this Act, for leave to file the specification; provided the petition for leave to file the specification shall state that such Letters Patent have been granted, and shall also state the date thereof and the term during which the same are to continue in force. Provided also that an exclusive privilege, obtained under the provisions of this Act by an inventor who has obtained Her Majesty's Letters Patent for the exclusive use of such invention, shall cease to have effect, if such Letters Patent be revoked or cancelled; and that no such exclusive privilege shall extend beyond the term granted by such Letters Patent unless the same shall be renewed, in which case the exclusive privilege may be renewed under this Act for the extended term or any part thereof.

Saving of Rights of Persons who used Invention before 7th of July, 1855.

XXI. No exclusive privilege obtained under this Act shall entitle the owner of such privilege to exclude any person from using the invention, who, prior to the 7th day of July, 1855, used the same in India.

Action for Infringement.

XXII. An action may be maintained by an inventor against any person who during the continuance of any exclusive privilege granted by this Act, shall, without the license of the said inventor, make, use, sell, or put in practice the said invention, or who shall counterfeit or imitate the same. Provided that no such action shall be maintained in any Court other than the principal Court of original jurisdiction in civil cases within the local limits of whose jurisdiction the cause of action shall accrue or the defendant shall reside as a fixed inhabitant.

Defect in Specification or Petition, or want of novelty in Invention, &c., no Defence to Action for Infringement.—The actual use of an Invention in India or the United Kingdom before date of Petition, a Defence to such action.

XXIII. No such action shall be defended upon the ground of any defect or insufficiency of the specification of the invention, nor upon the ground that the original or any subsequent petition relating to the invention or the original or any amended specification contains a wilful or fraudulent mis-statement, nor upon the ground that the invention is not useful, nor shall any such action be defended upon the ground that the plaintiff was not the inventor, unless the defendant shall show that he is the actual inventor or has obtained a right from him to use the invention either wholly or in part. Any such action may be defended upon the ground that the invention was not new, if the person making the defence, or some person through whom he claims, shall, before the date of the petition, for leave to file the specification, have publicly or actually used in India or in some part of the United Kingdom, the invention, or that part of it of which the infringement shall be proved; but not otherwise.

Application to Supreme Courts to declare exclusive privilege not to have been acquired on following grounds:

XXIV. It shall be lawful for any person to apply by motion to any of Her Majesty's Courts of Judicature for a rule to show cause why the Court should not declare that an exclusive privilege in respect of an invention has not been acquired under the provisions of this Act by reason of all or any of the objections following (to be specified in the rule), that is to say—

Invention of no utility.

That the said invention is of no utility.

Invention not new.

That the said invention was not, at the time of presenting the petition for leave to file the specification, a new invention within the meaning of this Act.

Petitioner not the Inventor.

That the petitioner was not the inventor thereof,

Invention not described in Specification.

That the specification filed or the amended specification (if any) does not particularly describe and ascertain the nature of the invention or in what manner the same is to be performed.

Fraud in Petition or Specification.

That the petitioner has knowingly or fraudulently included in the petition or specification or amended specification, as part of his invention, something which was not new or whereof he was not the inventor.

Fraudulent mis-statement in Petition or Specification.

That the original or any subsequent petition relating to the invention or the original or any amended specification contains a wilful or fraudulent mis-statement.

Insufficient description of part of Invention in Specification.

That some part of the invention, or the manner in which that part is to be performed as described in the specification filed or the amended specification, is not thereby sufficiently described and ascertained, and that such defect or insufficiency was fraudulent and is injurious to the public.

Like application as to part of an Invention.

XXV. Any person may, in like manner, apply to any of Her Majesty's Courts of Judicature for a rule to show cause why the Court should not declare that an exclusive privilege has not been acquired under the provisions of this Act in respect of any part of the invention to be specified in the rule by reason of all or any of the objections following (to be specified in the rule), that is to say—

That such part of the invention is wholly distinct from the other part thereof and is of no utility, or

That such part of the invention was not, at the date of the petition for leave to file the specification, a new invention within the meaning of this Act, or

That the petitioner was not the inventor of that part of the invention, or

That that part of the invention, and the manner in which it is to be performed, is not sufficiently described and ascertained in the specification filed or the amended specification, and that such defect or insufficiency is injurious to the public.

Application by Advocate-General on breach of special condition.

XXVI. It shall be lawful for the Advocate-General at any of the Presidencies of Fort William in Bengal, Fort St. George, and Bombay, or any other person, by order of the Governor-General in Council, to apply to any of the said Courts of Judicature for a rule calling upon the petitioner, his executors, administrators, or assigns, to show cause why the question of the breach of any special condition upon which the leave to file a specification has been granted, or any other question of fact on which the revocation of the exclusive privilege by the Governor-General in Council under the power hereinbefore reserved may, in the judgment of the said Governor-General in Council, depend, should not be tried in the form of an issue directed by the said Court; and if the rule be made absolute, the Court, unless the breach or other matter of fact be admitted, may thereupon direct such issue to

be tried, and certify the result of such trial to the Governor-General in Council. The costs of such trial, and also the costs of any proceedings in any of the said Courts of Judicature under the provisions of this Act, shall be in the discretion of the Court.

Service of Proceedings on all Persons interested.

XXVII. Notice of any rule obtained or proceeding taken under either of the last three preceding Sections shall be served on all persons appearing to be proprietors or to have shares or interests in the exclusive privilege under the provisions of Section XXXV of this Act, and it shall not be necessary to serve such notice on any other persons.

Supreme Court may direct issue for trial to other Courts.—New Trial.

XXVIII. Any of the said Courts of Judicature, if it think fit, may direct an issue for the trial, before the same Court or any other Court of Judicature, or any principal Court of original jurisdiction in civil cases, of any question of fact arising upon an application under Sections XXIV, XXV, or XXVI of this Act, and such issue shall be tried accordingly in a summary manner, and, if the issue be directed to another Court, the finding shall be certified by the Court before which the same was tried, to the Court directing the issue. If the issue be directed to any Court of Judicature, the Court by which the issue is tried may, before the finding is certified, direct a new trial of such issue according to the usual course and practice of such Court. If the issue be directed to any Court other than a Court of Judicature, the finding shall not be subject to appeal, but the evidence taken upon the trial shall be recorded, and a copy thereof, certified by the judge, shall be transmitted, together with any remarks he may think fit to make thereon, to the Court by which the issue was directed; and such Court may either act upon the decision of the Court which tried the issue or direct a new trial if it shall appear necessary.

Judgment.—Costs.

XXIX. If it shall appear to any of the said Courts of Judicature at the hearing of any application under the provisions of Sections XXIV or XXV of this Act, that, by reason of any of the objections therein mentioned, the said exclusive privilege in the invention or in any part thereof has not been acquired, the Court shall give judgment accordingly, and shall make such order as to the costs of and consequent upon the application as it may think just: and thereupon the petitioner, his executors, administrators, and assigns shall, so long as the judgment continues in force, cease to be entitled to such exclusive privilege.

Amendment of Specification by Court.—Proviso.

XXX. If the Court, at the hearing of any such application as last aforesaid, shall think that the petitioner has, in the description of his invention in the petition or specification or amended specification (if any), included something which at the date of the petition was not new, or whereof he was not the inventor, or that the specification is in any particular defective or insufficient, but that the error, defect, or insufficiency was not fraudulently intended, the Court may adjudge the said exclusive privilege to have been acquired and to be valid, save as to the part thereof affected by such error, defect, or insufficiency, or if the Court shall think that the error, defect, or insufficiency can be amended without injury to the public, they may adjudge the exclusive privilege in the whole

of the invention to be valid, and may, upon such terms as shall appear reasonable, order the specification to be amended in any of the said particulars; and thereupon the petitioner, his executors, administrators, or assigns shall, within the time limited by the said Court for the purpose, file a specification amended according to such order. Provided that no such amended specification shall have the effect of extending or enlarging the exclusive privilege before acquired.

Mis-statement in the Petition, if not fraudulent, not to defeat the privilege.

XXXI. An exclusive privilege shall not be defeated upon the ground that the petition contains a mis-statement, unless such mis-statement was wilful or fraudulent.

Entry in Registry Book of Judgment, &c., declaring privilege not to have been acquired.

XXXII. Whenever it shall be adjudged by any of the said Courts of Judicature that an exclusive privilege as to the whole or any part of an invention has not been acquired, the said Secretary to the Government of India shall, upon the production of the judgment or order, cause an entry thereof to be made in the said book hereinbefore directed to be kept, and shall cause a reference to such entry to be made in the margin of the entry of the specification contained in such book.

In what case actual Inventor entitled to assignment of an exclusive privilege fraudulently obtained.

XXXIII. If, upon proceedings instituted within two years from the date of a petition to file a specification, the actual inventor shall prove to the satisfaction of the principal Court having jurisdiction in Civil cases within the local limits of whose jurisdiction the defendant shall reside as a fixed inhabitant, that the petitioner was not the actual inventor, and that at the time of the petition he knew or had good reason to believe that the knowledge of the invention was obtained by himself or by some other person surreptitiously or in fraud of the actual inventor, or by means of a communication made in confidence by the actual inventor to him, or to any person through whom he derived such knowledge, the Court may compel the petitioner to assign to the actual inventor, any exclusive privilege obtained under this Act, and to account for and pay over the profits thereof.

Particulars to be delivered.

XXXIV. In any action for the infringement of such exclusive privilege, the plaintiff shall deliver with his plaint particulars of the breaches complained of in the said action; and the defendant shall deliver a written statement of the particulars of the grounds (if any) upon which he means to contend that the plaintiff is not entitled to an exclusive privilege in the invention. In like manner, upon an application to any of the said Courts of Judicature under Sections XXIV, XXV, or XXVI of this Act, the applicant shall deliver particulars of the objections on which he means to rely. At the trial of any such action or issue, no evidence shall be allowed to be given in support of any alleged infringement, or of any objection impeaching the validity of such exclusive privilege which shall not be contained in the particulars delivered as aforesaid. If it be alleged that the invention was publicly known or used prior to the date of the petition for leave to file such specification, the places where and the manner in which the invention was so publicly known or used, shall be stated in such particulars. Provided, always,

that it shall be lawful for any Court in which the action or proceeding is pending, or in which the issue is tried to allow the plaintiff or defendant respectively to amend the particulars delivered as aforesaid upon such terms as shall seem fit.

Service of Proceedings.

XXXV. A book shall be kept in the office of the Secretary to the Government of India in the Home Department (such book to be open to inspection without fee), wherein every person filing a specification under this Act, or any person to whom the exclusive privilege may be assigned, shall cause to be stated some place in India where service of any rule or proceedings for the purpose of cancelling or revoking his exclusive privilege may be made, and shall cause a reference to such entry to be made in the margin of the entry of the specification, and may from time to time cause any other place in India to be substituted by a similar entry and reference. All such rules and proceedings as aforesaid shall be deemed sufficiently served if a copy thereof be left at the place entered in such book, or (if any other place be substituted for the same by entry in the said book) at the place last substituted, by delivering the same to any person resident at, or in charge of, such place; or if there be no person resident at, or in charge of such place, or if such place be not within the local limits of the jurisdiction of the Court, by causing such rule or proceeding to be sent by Post by a registered letter directed to such person at such place, and if any such person shall neglect to make or cause to be made such entry, then service of such rule or proceeding may be effected by affixing a copy thereof to some conspicuous part of the Court-house, or in such other manner as the Court may direct.

XXXVI.
