

the county of Kent, will separately be let to farm to the best bidders, for the term of one year from the 30th day of November, 1859, at the Crown Inn, in Rochester, on Tuesday the 18th day of October next, at twelve o'clock at noon.

No person will be permitted to advance less than five pounds at each bidding, and whoever happens to be the approved bidder, must at the same time give security with sufficient sureties to the satisfaction of the Commissioners of the said toll-gates for payment of the rents by quarterly payments in advance.

The approved bidder will be required to pay at the time of the letting one half of the first quarter of a year's rent, and the remainder before the said 30th day of November.

The present yearly rent of the tolls at Strood gate, is seven hundred and forty pounds, and at the New-road gate, twenty pounds.

For further information enquire at the office of Messrs. Essell and Hayward, Solicitors, the Precinct, Rochester.

By order of the Commissioners.

*Essell and Hayward*, Clerks.

The Precinct, Rochester,  
17th September, 1859.

Patent Law Amendment Act, 1852.

Office of the Commissioners of Patents for  
Inventions.

NOTICE is hereby given, that—

1138. Frederick Angerstein, of Kennington, in the county of Surrey, Esquire, Robert Clegg, of Islington, in the county of Middlesex, Gentleman, and George Thorington, of Egham, in the said county of Surrey, Lighterman, have given notice at the Office of the Commissioners of their intention to proceed with their application for letters patent, for the invention of "improvements in apparatus for obtaining motive power."

As set forth in their petition, recorded in the said office on the 6th day of May, 1859.

1146. And Julien Combe, of No. 23, Rue du Champs de Mars, in the city of Paris, in the Empire of France, Gentleman, formerly a Colonel in the French Army, has given the like notice in respect of the invention of "an improved planiforme or apparatus for measuring the hoofs of horses, for the purpose of forming their shoes."

As set forth in his petition, recorded in the said office on the 7th day of May, 1859.

1164. And Edward Thomas Hughes, of the firm of Hughes and Son, Patent Agents, No. 123, Chancery-lane, London, W.C., has given the like notice in respect of the invention of "improvements in obtaining motive power."—A communication from abroad, by Aimé François Lapène, of Paris, in the Empire of France.

1165. And Thomas Green, junior, of Old Broad-street, in the city of London, has given the like notice in respect of the invention of "improvements in apparatus applicable to steam boilers, to obtain greater security against explosion."

As set forth in their respective petitions, both recorded in the said office on the 9th day of May, 1859.

1169. And William Wilkinson, and Charles Whitley, of the city of Manchester, in the

county of Lancaster, have given the like notice in respect of the invention of "improvements in buttons and fastenings for garments, harness, and other similar purposes, and in the method of securing the same."

As set forth in their petition, recorded in the said office on the 10th day of May, 1859.

1187. And James Leadbetter, of Leeds, in the county of York, Brazier, and James Rhodes, of Armley, near Leeds, in the same county, Water Rate Collector, have given the like notice in respect of the invention of "improvements in pumps."

As set forth in their petition, recorded in the said office on the 11th day of May, 1859.

1190. And John Saxby, Engineer, of Brighton, Sussex, has given the like notice in respect of the invention of "improvements in the mode of securing the rails on railways."

1191. And Richard Archibald Brooman, of 166, Fleet-street, in the city of London, E.C., Editor of the Mechanics' Magazine and Patent Agent, has given the like notice in respect of the invention of "improvements in machinery for solidifying, pressing, and moulding."—A communication from abroad by Felix Dehaynin, residing at Paris.

1192. And André Prosper Rochette, of Brighthouse, in the county of York, has given the like notice in respect of the invention of "an improvement in the manufacture of soft soap."

1193. And Thomas Ridley Oswald, of Sunderland, Ship Builder, has given the like notice in respect of the invention of "improvements in building ships and other vessels."

As set forth in their respective petitions, all recorded in the said office on the 12th day of May, 1859.

1196. And Thomas Scott, of Rouen, in the Empire of France, Engineer, has given the like notice in respect of the invention of "an improved surface condenser and refrigerator."

1205. And Joshua Taylor Beale, of Greenwich, in the county of Kent, Engineer, and Thomas Nesham Kirkham, of Upper Halliford, in the county of Middlesex, Civil Engineer, have given the like notice in respect of the invention of "improvements in the preparation of colors for dyeing and printing."

As set forth in their respective petitions, both recorded in the said office on the 13th day of May, 1859.

1208. And Matthew Leahy, of 53, Hereford-road, Westbourne-park, in the county of Middlesex, Civil Engineer, has given the like notice in respect of the invention of "improvements in apparatus for facilitating the draught of carriages."

1212. And Edwin Maw, of the Doncaster Iron Works, Yorkshire, has given the like notice in respect of the invention of "improvements in the construction of buildings made of iron or other metals."

1213. And John Chatterton, of 7, Devonshire-street, Islington, in the county of Middlesex, has given the like notice in respect of the invention of "improvements in covering wires and other metal conductors for telegraphic purposes."

As set forth in their respective petitions, all recorded in the said office, on the 14th day of May, 1859.
