WE, the Commissioners appointed for the purposes of an Act passed in the Session of Parliament holden in the nineteenth and twentieth years of the reign of Her Majesty Queen Victoria, intituled "An Act to make further provision for the good government and extension of the University of Cambridge, of the Colleges therein, and of the College of King Henry the Sixth at Eton," do hereby, in execution of the powers vested in us by the said Act, make the following additional Statute for the future government of King's College in the University of Cambridge, and for better regulating the mode in which the changes in the constitution of that College, prescribed by the Statutes already made by us, the said Commissioners, shall be carried into effect.

1. As soon as the new Statutes for King's College come into force it shall be lawful for the Provost and Fellows at once to declare the then existing Scholars, "Eton Scholars," in the sense of that term employed in the new Code of Statutes.

2. In case any vacancies shall occur in the number of Fellows and Scholars of King's College after the day on which the new Statutes shall come into force, and before the indentures for the current year are cancelled at Eton College, it shall be lawful for the Provost and Fellows of King's College to admit to Scholarships at that College such Scholars of Eton College as shall have a contingent title to admission at King's College, and to declare such Scholars, on their admission, "Eton Scholars," in the sense of the term employed in the new Code of Statutes.

3. Whereas the present number of Fellows in King's College is fifty-five, while the new Statutes contemplate the number being reduced to forty-six, it shall not be necessary for the Provost and Fellows to abstain from filling up all Fellowships which may become vacant, until the entire number be reduced below forty-six; but it shall be lawful for them to fill up such limited number of vacant Fellowships in each successive year as they may think fit, until the entire number of Fellows be reduced below forty-six.

4. Whereas it is contemplated in the new Statutes for King's College that the number of "Eton Scholars" at that College shall be twenty-four, it shall be lawful for the Provost and Fellows to complete that number gradually, provided that not fewer than three Eton Scholarships shall be offered for competition in each year until the statutable number of twenty-four be completed.

Given under our Common Seal this Twenty-eighth day of December, in the year of our Lord One thousand eight hundred and sixty.
