

Forest, in the county of Gloucester, as Commissioners for the general purposes of the Acts of Parliament for granting to Her Majesty duties on profits arising from property, professions, trades, and offices: Now we, two of the Commissioners of Inland Revenue, in pursuance of the powers vested in us in that behalf, do hereby convene a meeting of the Land Tax Commissioners, for the county aforesaid, being respectively qualified to act as such Commissioners, to be holden at the Bear Inn, in the town of Newnham, on Monday, the 22nd day of December, 1862, at twelve o'clock at noon, for the purpose of choosing fit and proper persons to be Commissioners to supply vacancies amongst the Commissioners for the general purposes of the Income Tax Acts for the division of Forest aforesaid.

H. Roberts.
James Disraeli.

Inland Revenue, Somerset House,
London, December 1, 1862.

Registrar of Friendly Societies in England.

NOTICE is hereby given, that an agreement authorized by 18 and 19 Vict., c. 63, s. 13, for the dissolution of a Friendly Society called the North Britain Friendly Society, held at the Vine Hotel, Pitt-street, Liverpool, in the county of Lancaster, was transmitted to the Registrar of Friendly Societies in England, on the 26th day of November, 1862.

John Tidd Pratt, Registrar of Friendly Societies in England.
London, 26th day of November, 1862.

Patent Law Amendment Act, 1852.

Office of the Commissioners of Patents for Inventions.

NOTICE is hereby given, that—

2056. Richard Archibald Brooman, of 166, Fleet-street, in the city of London, Patent Agent, has given notice, at the office of the Commissioners, of his intention to proceed with his application for letters patent for the invention of "improvements in generating heat in furnaces and fire-places."—A communication to him from abroad by William Elijah Hagan, of Troy, United States of America, Chemist.

As set forth in his petition, recorded in the said office on the 18th day of July, 1862.

2059. And George John Yates, of Liverpool, in the county of Lancaster, Chemist, and John William Ward Tindall, also of Liverpool aforesaid, Chemist, have given the like notice in respect of the invention of "a process of deodorizing paraffin, coal, pitch, rock, and other like oils and hydro-carbons."

As set forth in their petition, recorded in the said office on the 19th day of July, 1862.

2068. And Charles Ramsay, of New Bond-street, in the county of Middlesex, Army Clothier, has given the like notice in respect of the invention of "an improved military cloak."

As set forth in his petition, recorded in the said office on the 21st day of July, 1862.

2079. And Paul François Cassegrain, of Paris, France, Gentleman, has given the like notice in respect of the invention of "improvements in fire-arms."

As set forth in his petition recorded in the said office on the 22nd day of July, 1862.

2108. And William Clissold, of Dudbridge, in the county of Gloucester, Engineer, has given the like notice in respect of the invention of "an improved mode of manufacturing cylinders."

2106. And John Goffe Clarke, of Brackley, in the county of Northampton, has given the like notice in respect of the invention of "improvements in scythes."

As set forth in their respective petitions, both recorded in the said office on the 24th day of July, 1862.

2110. And Henry Alfred Jowett, of Sawley, in the county of Derby, Civil Engineer, has given the like notice in respect of the invention of "improvements in obtaining motive power and in transmitting the same from place to place, and in apparatus connected therewith."

2114. And William Clark, of 53, Chancery-lane, in the county of Middlesex, Engineer and Patent Agent, has given the like notice in respect of the invention of "an improved apparatus for decanting wine."—A communication to him from abroad by Mr. Joseph Nicolas Montain Liépard, of 29, Boulevard St. Martin, Paris, Locksmith.

2117. And Vincenzo Manzini, of Modena, in the Kingdom of Italy, Engineer, has given the like notice in respect of the invention of "certain improvements in the construction of locomotive engines used on railways for facilitating and controlling the ascent and descent of locomotive engines and trains on inclined plains of lines of railway, and for simplifying the construction of locomotives used on railways."

As set forth in their respective petitions, all recorded in the said office on the 25th day of July, 1862.

2124. And Jasper Henry Selwyn, of Woodland Craig, Grassmere, in the county of Westmoreland, Captain in the Royal Navy, has given the like notice in respect of the invention of "improvements in apparatus employed in paying out and raising electric telegraph cables."

As set forth in his petition, recorded in the said office on the 26th day of July, 1862.

2133. And Theodore Antoine Favrichon, of St. Symphorien de Lay, in the department of the Loire, in the Empire of France, Merchant, has given the like notice in respect of the invention of "an apparatus for the speedy and economical heating of baking ovens, and also for using their excess of heat."

2140. And Henry Hedgely, of Great College-street, Camden Town, in the county of Middlesex, has given the like notice in respect of the invention of "improvements in lamps."

2141. And Edmund Burnett, of Ashford, in the county of Kent, Coach Builder, has given the like notice in respect of the invention of "an improved combined cart and sleigh."

2143. And Charles William Siemens, of No. 3, Great George-street, Westminster, in the county of Middlesex, has given the like notice in respect of the invention of "improvements in gas engines."

As set forth in their respective petitions, all recorded in the said office on the 28th day of July, 1862.

2144. And Rosewell Thompson, of Boston, in the county of Suffolk, and State of Massachusetts, of the United States of America, has given the like notice in respect of the invention of "a new and useful improvement in lock-stitch sewing machines."
