And William Edward Newton, of the Office for Patents, 66, Chancery-lane, in the county of Middlesex, Civil Engineer, has given the like notice in respect of the invention of "improvements in the construction or laying of wooden floors."—A communication to him from abroad by Edouard Hamelle, of St. Quentin, in the Empire of France.

As set forth in his petition, recorded in the said office on the 9th day of March, 1863.

767. And William Clark, of 53, Chancery-lane, in the county of Middlesex, Engineer and Patent Agent, has given the like notice in respect of the invention of "improvements in agricultural apparatus."—A communication to him from abroad by Jean Baptiste Décours, Agriculturist, Athanase Charles Le Lavandier, Architect, and Pierre Edouard Lambert, Mechanician; all of 29, Boulevard St. Martin, Paris.

As set forth in his petition, recorded in the said office on the 23rd day of March, 1863.

903. And George Low, of Newark-on-Trent, in the county of Nottingham, Engineer, has given the like notice in respect of the invention of "improved machinery for boring rocks and other hard substances."

As set forth in his petition, recorded in the said office on the 9th day of April, 1863.

1074. And Samuel Stephens Marling, of Stanley Park, in the county of Gloucester, Woollen Cloth Manufacturer, has given the like notice in respect of the invention of "improved machinery for scouring, washing, and cleansing woollen cloths and other fabrics."

As set forth in his petition, recorded in the said office on the 28th day of April, 1863.

1180. And Charles Louis Van Tenac, of Tredegar, Monmouthshire, South Wales, Civil Engineer, has given the like notice in respect of the invention of "a new wrought-iron railway sleeper."—A communication to him from abroad by Jean Arthur Granet, of 17, Rue Lafitte, Paris, in the Empire of France.

1181. And Charles Louis Van Tenac, of Tredegar, Monmouthshire, South Wales, Civil Engineer, has given the like notice in respect of the invention of "armour plates of hammered or rolled wrought iron, the whole of the rivets

being protected against the direct blows from the cannon shots."

As set forth in his respective petitions, both recorded in the said office, on the 11th day of May, 1863.

1216. And Lewis Scudder Chichester, of Brooklyn, in the State of New York, United States of America, has given the like notice in respect of the invention of "improvements in machinery for weighing grain."

As set forth in his petition, recorded in the said office, on the 14th day of May, 1863.

1253. And Richard Bunting, of Sheffield, in the county of York, Cutler, has given the like notice in respect of the invention of "improvements in frames, tips, and bolsters used in cutlery and in securing handles or scales therein or thereto."

As set forth in his petition, recorded in the said office on the 19th day of May, 1863.

1310. And Paul Leprovost, of London-street, Paris, in the Empire of France, Civil Engineer, has given the like notice in respect of the invention of "certain improvements in carriages and vehicles for railways and other roads."

As set forth in his petition, recorded in the said office on the 25th day of May, 1863.

1456. And James Webster, of Birmingham, in the county of Warwick, Engineer, has given the like notice in respect of the invention of "improvements in indurating iron, and in protecting iron and steel from oxidation."

As set forth in his petition, recorded in the said office on the 11th day of June, 1863.

And notice is hereby further given, that all persons having an interest in opposing any one of such applications, are at liberty to leave particulars in writing of their objections to such application, at the said Office of the Commissioners within twenty-one days after the date of the Gazette in which this notice is issued.

Vice-Chancellor Wood at Chambers.

*Monday, the 15th day of June, 1863.*

In the Matter of the Joint Stock Companies' Winding-up Acts, 1848 and 1849; and the Joint Stock Companies' Winding-up Amendment Act, 1857; and of the Phoenix Life Assurance Company.

UPON the application of the Official Manager of the above mentioned Company, and upon hearing the Solicitors for the said Official Manager, and for certain of the contributories, and upon reading an Order dated the 14th day of April, 1860, the book of contributories signed by the Judge, an affidavit of William Turquand, sworn the 8th May, 1863, and an affidavit of Thomas Burningham, sworn on the 12th June, 1863, both placed upon the file of proceedings in this Matter, it is peremptorily ordered that a call of £8 per share be made on all the contributories of this Company, who have been settled on the List of contributories up to this date; and it is peremptorily ordered, that each of the said contributories do on or before the 13th day of July, 1863, at 12 o'clock at noon, pay to Mr. William Turquand, the Official Manager of the said Company, at his office, No. 16, Tokenhouse-yard, in the city of London, the balance, if any, which will be due from him after debiting his account in the books of the said Company, with the amount of such call.
