

paratus for the construction or making of moulds for casting in metals."

As set forth in his petition, recorded in the said office on the 8th day of January, 1866.

185. And William Bünger, of 17, Southampton-buildings, in the county of Middlesex, Civil Engineer, has given the like notice in respect of the invention of "improvements in gas burners."—A communication to him from abroad by Julius Bröner, of Frankfort-on-the-Maine, in the Kingdom of Prussia.

187. And James McClenahan, of Hopeton-street, Belfast, Schoolmaster, has given the like notice in respect of the invention of "improvements in studs and buttons."

As set forth in their respective petitions, both recorded in the said office on the 20th day of January, 1866.

230. And William Dore, John Tapley, and Joseph Cordwell, all of Ardwick, Manchester, in the county of Lancaster, Mechanics, have given the like notice in respect of the invention of "certain improvements in machinery or apparatus to be employed in preparing cotton and other fibrous substances for spinning."

236. And George Tomlinson Bousfield, of Loughborough-park, Brixton, in the county of Surrey, has given the like notice in respect of the invention of "improvements in looms for weaving."—A communication to him from abroad by Henry Benninger, Jacques Benninger, and Ulrich Benninger, persons resident at Niedrutzwyl, Canton of St. Gall, Switzerland.

241. And James Jones, of San Francisco, California, now of No. 8, Southampton-buildings, Chancery-lane, in the county of Middlesex, Mining Engineer, has given the like notice in respect of the invention of "improvements in machinery for crushing and pulverizing ores and other hard substances."

As set forth in their respective petitions, all recorded in the said office on the 24th day of January, 1866.

260. And William Henry Barlow, of Great George-street, Westminster, has given the like notice in respect of the invention of "improvements in the manufacture of railway bars."

262. And Richard Archibald Brooman, of 166, Fleet-street, in the city of London, Patent Agent, has given the like notice in respect of the invention of "improvements in machinery for the manufacture of asphalted felt."—A communication to him from abroad by Antoine d'Azambuja, of Paris, France.

As set forth in their respective petitions, both recorded in the said office on the 26th day of January, 1866.

284. And Alexander Chaplin, of Adam-street, Adelphi, in the county of Middlesex, and of Glasgow, North Britain, Engineer, has given the like notice in respect of the invention of "improvements in locomotive engines designed for ascending steep inclines."

As set forth in his petition, recorded in the said office on the 29th day of January, 1866.

350. And William Spencer and Thomas Butter Cutts, of Wilford, in the county of Nottingham, Lace Manufacturers, have given the like notice in respect of the invention of "improvements in the manufacture of Valenciennes lace in twist lace machines."

As set forth in their petition, recorded in the said office on the 5th day of February, 1866.

And notice is hereby further given, that all persons having an interest in opposing any one of

such applications, are at liberty to leave particulars in writing of their objections to such applications at the said Office of the Commissioners, within twenty-one days after the date of the Gazette in which this notice is issued.

Erratum in Gazette, Friday, 23rd February, 1866.

193. For "improvements in catching fish," read "improvements in apparatus for catching fish."

In the Matter of the Companies Act, 1862, and in the Matter of the Ventnor Harbour Company.

NOTICE is hereby given, that the Vice-Chancellor Sir Richard Torin Kindersley has fixed the 7th day of March, 1866, at twelve o'clock at noon, at his chambers, at No. 3, Stone-buildings, Lincoln's-inn, in the county of Middlesex, as the time and place for the appointment of an Official Liquidator of the above-named Company.

CONTRACT FOR COALS FOR SINGAPORE.

Contract Department, Admiralty,
Somerset House, February 9,
1866.

THE Commissioners for executing the office of Lord High Admiral of the United Kingdom of Great Britain and Ireland do hereby give notice, that on Tuesday, the 6th March next, at two o'clock, they will be ready to treat with such persons as may be willing to contract for supplying and delivering into Store at Singapore,

3,400 TONS OF COALS,

One-half of the Coals to be shipped within one month, and the remainder within two months from the 6th March.

One-third of the quantity to be shipped within each of the above-mentioned periods to consist of North of England Coals and two-thirds of South Wales Coals.

All the Coals to be fit for the service of Her Majesty's Steam Ships and Vessels.

A form of the tender and conditions of contract may be seen in the Lobby of the Storekeeper-General's Department, Admiralty, Somerset House.

No tender will be received after two o'clock on the day of treaty, nor will any be noticed unless the party attends, or an agent for him duly authorized in writing.

Every tender must be addressed to the Secretary of the Admiralty, and bear in the left hand corner the words "Tender for Coals for Singapore," and must also be delivered at the Department of the Storekeeper-General, Admiralty, Somerset House, accompanied by a letter, signed by two responsible persons, engaging to become bound with the person tendering in the sum of £25 per cent. on the value for the due performance of the contract.

CONTRACT FOR COALS AND COKE.

Contract Department, Admiralty,
Somerset House, February 17,
1866.

THE Commissioners for executing the office of Lord High Admiral of the United Kingdom of Great Britain and Ireland do hereby give notice, that on Friday, the 2nd March next, at one o'clock, they will be ready to treat with such
