TUESDAY, JANUARY 15, 1867.

AT the Council Chamber, Whitehall, the 10th day of January, 1867.

By the Lords of Her Majesty's Most Honourable Privy Council.

PRESENT,

Lord President,
Mr. Secretary Walpole.
Mr. Corry.
Mr. Gathorne Hardy.

WHEREAS by an Act passed in the sixth year of the reign of King George the Fourth (chapter seventy-eight), "to repeal the several laws relating to the performance of quarantine, and to make other provisions in lieu thereof," (section six), the Lords and others of Her Majesty's Privy Council, or any two or more of them, are empowered, in case of any infectious disease or distemper appearing or breaking out in the United Kingdom, to make such orders and give such direction in order to cut off all communication between any persons infected with any such disease or distemper and the rest of Her Majesty's subjects as shall appear to the said Lords or others, or any two or more of them, to be necessary and expedient for that purpose; and it is by the same section provided that all such Orders so made by the Lords or others of the Privy Council, or any two or more of them, as aforesaid, shall be as good, valid, and effectual to all intents and purposes, as well with respect to the Commander, Master, or other person having the charge of any vessel, and all other persons on board the same, as with respect to any other persons having any intercourse or communication with them, and to the penalties, forfeitures, and punishments to which they may respectively become liable, as any Order or Orders made by Her Majesty, Her heirs or successors, by and with the advice of Her or their Privy Council, concerning quarantine, notified by Proclamation, or published in the London Gazette:

And whereas by "The Diseases Prevention Act, 1855," it is (among other things), enacted (sections five, six, and eleven) as follows:—

V. "Whenever any part of England appears to be threatened with, or is affected by, any formidable epidemic, endemic, or contagious disease, the Lords and others of Her Majesty's Most Honourable Privy Council, or any three or more of them (the Lord President of the

Council, or one of Her Majesty's Principal Secretaries of State being one), may, by Order or Orders to be by them from time to time made, direct that the provisions herein contained for the prevention of diseases be put in force in England, or in such parts thereof as in such Order or Orders respectively may be expressed, and may from time to time, as to all or any of the parts to which any such Order or Orders extend, and in like manner revoke or renew any such Order; and subject to revocation and renewal as aforesaid, every such Order shall be in force for six calendar months, or for such shorter period as in such Order shall be expressed; and every such Order of Her Majesty's Privy Council, or of any members thereof as aforesaid, shall be certified under the hand of the Clerk in Ordinary of Her Majesty's Privy Council, and shall be published in the London Gazette; and such publication shall be conclusive evidence of such Order, to all intents and purposes."

VI. "From time to time after the issuing of any such Order as aforesaid, and whilst the same continues in force, the General Board of Health may issue directions and regulations, as the said Board may think fit—

"For the speedy interment of the dead:
"For house to house visitation:
"For the dispensing of medicines, guarding against the spread of disease, and affording to persons afflicted by or threatened with such epidemic, endemic, or contagious diseases such medical aid and such accommodation as may be required:

"And from time to time, in like manner, may revoke, renew, and alter any such directions and regulations as to the said Board appears expedient, to extend to all parts in which the provisions of this Act for the prevention of disease shall for the time being be put in force under such Orders aforesaid, unless such directions and regulations be expressly confined to some of such parts, and then to such parts as therein are specified; and (subject to the power of revocation and alteration herein contained) such directions and regulations shall continue in force so long as the said provisions of this Act shall, under such Order, be applicable to the same parts."

XI. "Orders in Council issued in pursuance of this Act for putting in force the provisions for the prevention of disease in the said Nuisances Removal and Diseases Prevention Acts

"contained, in Great Britain, may extend to parts and arms of the sea lying within the jurisdiction of the Admiralty; and the Board of Health for England may issue under this Act directions and regulations for cleansing, purifying, ventilating, and disinfecting, and providing medical aid and accommodation, and preventing disease in ships and vessels, as well upon arms and parts of the sea aforesaid as upon inland waters."

And whereas, by "The Public Health Act, 1858" (subsequently made perpetual), it is (among other things) enacted (sections one and seven) as follows:—

I. "In addition to the powers vested in Her Majesty's Most Honourable Privy Council for the protection of the public health, all powers now vested in the General Board of Health under 'The Diseases Prevention Act, 1855,' shall, upon the discontinuance of the said Board, be vested in the said Privy Council, and the provisions of the said Act having reference to the General Board of Health and the regulations and directions issued by them, except section thirteen, shall be construed as referring to such Privy Council, and the regulations and directions issued by them:

VII. "All powers vested in the Privy Council by this Act may be exercised by any three or more of the Lords and others of the Privy Council, the Vice-President of the Committee of the said Privy Council on Education being one of them, and all Orders, Regulations, Directions, and Acts of the Privy Council under this Act shall be sufficiently made and signified by a written or printed document, signed by one of the Clerks of the Privy Council, or such Officer as may be appointed by the Privy Council in this behalf; and all Orders, Regulations, Directions, and Acts made or signified by any written or printed document purporting to be so signed shall be deemed to have been duly made, issued and done by the Privy Council, and every such document shall be received in evidence in all Courts, and before all Justices and others without proof of the authority or signature of such Clerk or other Officer, or other proof whatsoever, until it be shewn that such document was not duly signed by the authority of the Privy Council.

And whereas by "The Sanitary Act, 1866," it is (among other things) enacted (section fifty-two) as follows:—

LIII. "Every vessel having on board any person affected with a dangerous or infectious disorder shall be deemed to be within the provisions of the Act of the sixth year of King George the Fourth, chapter seventy-eight, although such vessel has not commenced her voyage, or has come from or is bound for some place in the United Kingdom; and the Lords and others of Her Majesty's Most Honourable Privy Council, or any three or more of them (the Lord President of the Council or one of Her Majesty's Principal Secretaries of State being one), may, by Order or Orders to be by them from time to time made, make such rules, orders, and regulations as to them shall seem fit, and every such Order shall be certified under the hand of the Clerk in Ordinary of Her Majesty's Privy Council, and shall be published in the London Gazette, and such publication shall be conclusive evidence of such Order to all intents and purposes; and such Orders shall be binding and be carried into effect as soon as the same shall have been so published, or at such other

"time as shall be fixed by such Orders, with a view to the treatment of persons affected with cholera and epidemic, endemic and contagious disease, and preventing the spread of cholera and such other diseases, as well on the seas, rivers, and waters of the United Kingdom, and on the high seas within three miles of the coasts thereof, as on land; and to declare and determine by what Nuisance Authority or Authorities such Orders, Rules, and Regulations shall be enforced and executed; and any expenses incurred by such Nuisance Authority or Authorities shall be deemed to be expenses incurred by it or them in carrying into effect the Nuisances Removal Acts."

And whereas, by an Order dated the 14th day of July, 1866, the Lords of the Council ordered that the provisions contained in the Acts for the Prevention of Diseases (therein described), should, from and after the date of that Order, be put in force within the whole and every part of England:

And whereas, by an Order dated the 25th day of August, 1866, the Lords of the Council ordered that the said Order of the 14th day of July, 1866, should extend, and the same was thereby extended to all parts and arms of the sea lying within the jurisdiction of the Admiralty, within three miles of the coasts of England:

And whereas the Lords of Her Majesty's Most Honourable Privy Council did, by an Order bearing date this 10th day of January, 1867, order and direct that the provisions contained in "The Diseases Prevention Act, 1855," and the Act passed in the 24th and 25th years of Her Majesty's reign, cap. 77, for the prevention of diseases, should, from and after the date of that Order, be and be continued in force within the whole and every part of England, and all parts and arms of the sea lying within the jurisdiction of the Admiralty, within three miles of the coasts of England, for the period of six calendar months from the date thereof; and that the said Orders of the 14th day of July, 1866, and the 25th day of August, 1866, should be renewed accordingly for such period as aforesaid.

And whereas, cholera having broken out in England, it seems to the Lords of the Council expedient to make provision in pursuance of the recited enactments:

Now, therefore, the Lords of Her Majesty's Most Honourable Privy Council, by virtue of the powers in this behalf by the recited enactments or otherwise in them vested, do order, and it is hereby ordered, as follows:—

1. In this Order—

The term "ship" includes vessel or boat:

The term "master" includes the officer or person for the time being in charge or command of a ship.

The term "cholera" includes choleraic diarrhoea:

The term "Nuisance Authority" has the same meaning as in "The Sanitary Act, 1866:"

2. The Master of every ship within the district of a Nuisance Authority, having on board any person affected with cholera, or the body of any person dead of cholera, or anything infected with or that has been exposed to the infection of cholera, shall, as long as the ship is within such district, moor, anchor, or place her in such position as from time to time the Nuisance Authority directs.

3. If at any time a Nuisance Authority is informed that cholera exists, or within three days previously has existed, in a ship within its district, such authority shall cause the ship to be forthwith visited, inspected, and otherwise dealt with (according to the circumstances of the case), in like manner as nearly as may be as if the ship were a house within the district of such authority, and shall give all such medical and other directions with reference to the persons therein, as seem to such authority requisite or proper for preventing the spread of the disease therefrom, and for disinfection or disposal of any thing infected, or that has been exposed to infection therein or therefrom.

Edmund Harrison.

AT the *Council Chamber, Whitehall*, the 10th day of *January*, 1867.

By the Lords of Her Majesty's Most Honourable Privy Council.

PRESENT,

Lord President.
Mr. Secretary Walpole.
Mr. Corry.
Mr. Gathorne Hardy.

WHEREAS by the "Diseases Prevention Act, 1855," it is, amongst other things, enacted that whenever any part of England appears to be threatened with, or is affected by, any formidable epidemic, endemic, or contagious disease, the Lords and others of Her Majesty's Most Honourable Privy Council, or any three or more of them (the Lord President of the Council, or one of Her Majesty's Principal Secretaries of State being one), may, by Order or Orders, to be by them from time to time made, direct that the provisions therein contained for the prevention of diseases be put in force in England, or in such parts thereof as in such Order or Orders respectively may be expressed, and may from time to time, as to all or any of the parts to which any such Order or Orders extend, and in like manner, revoke or renew any such Order; and that, subject to revocation and renewal as aforesaid, every such Order shall be in force for six calendar months, or for such shorter period as in such Order shall be expressed; and that every such Order of Her Majesty's Privy Council, or of any members thereof as aforesaid, shall be certified under the hand of the Clerk in Ordinary of Her Majesty's Privy Council, and shall be published in the London Gazette; and such publication shall be conclusive evidence of such Order, to all intents and purposes:

And whereas in an Act passed in the twenty-third and twenty-fourth years of Her Majesty's reign, chapter seventy-seven, certain provisions are contained as to what shall be the Local Authority for executing the said Diseases Prevention Act:

And whereas the provisions of the above-recited Acts were, by an Order of the Lords of Her Majesty's Most Honourable Privy Council, of the 14th day of July, 1866, put in force within the whole of England:

And whereas by a certain other Order of the Lords of Her Majesty's Most Honourable Privy Council of the 25th day of August last, after reciting the said Order of the 14th July, and the

11th Section of the "Diseases Prevention Act, 1855," and that it appeared expedient to enlarge the application of the said Order, so that the same should extend to parts and arms of the sea lying within the jurisdiction of the Admiralty, their Lordships did, in exercise of the powers in them vested, as in the said Order mentioned, order that the said recited Order of the 14th day of July last should extend, and the same was thereby extended to all parts and arms of the sea lying within the jurisdiction of the Admiralty within three miles of the coasts of England:

And whereas the said Orders will, unless renewed, expire on the 14th day of January, 1867, and it is deemed expedient that the said Orders should be renewed, and that the provisions of the said Acts should be continued in force as hereinafter mentioned:

Now, therefore, the Lords of Her Majesty's Most Honourable Privy Council do hereby, in exercise of the powers given by the said Act, and all other powers enabling them in that behalf, order and direct that the provisions contained in the said Acts for the prevention of diseases shall, from and after the date of this present Order, be and be continued in force within the whole and every part of England, and all parts and arms of the sea lying within the jurisdiction of the Admiralty, within three miles of the coasts of England, for the period of six calendar months from the date of this Order, and that the said recited Orders shall be renewed accordingly for such period as aforesaid.

Edmund Harrison.

AT the *Council Chamber, Whitehall*, the 10th day of *January*, 1867.

By the Lords of Her Majesty's Most Honourable Privy Council.

Present:

Lord President.
Mr. Secretary Walpole.
Mr. Corry.
Mr. Gathorne Hardy.

WHEREAS the Lords of Her Majesty's Most Honourable Privy Council, by an Order made this 10th day of January, 1867, in exercise of the powers given by "the Diseases Prevention Act, 1855," and the Amending Act of the twenty-third and twenty-fourth years of Her Majesty, chapter seventy-seven, and all other powers enabling them in that behalf, did order and direct that the provision contained in the said Acts for the prevention of diseases should, from and after the date of that Order, be and be continued in force within the whole and every part of England and all parts and arms of the sea lying within the jurisdiction of the Admiralty within three miles of the coasts of England, for the period of six calendar months from the date of that order, and that certain recited orders then in existence and therein more particularly referred to, should be renewed accordingly for such period as aforesaid.

And whereas the Lords of Her Majesty's Privy Council have thought fit, under the authority conferred upon them by the said first cited Act and all other Acts in such behalf, to issue certain directions and regulations, to be in force within the Metropolis so long as the pro-

visions aforesaid shall be in force under the said Order:

Now, therefore, in exercise of the powers conferred upon them by the above named Acts, the Lords of the Council order, and it is hereby ordered, as follows, that is to say:

I.—*Preliminary.*

Forthwith on the issuing of the present regulations, the Clerk of every Vestry or District Board (as the case may be) under the Act of the Session holden in the eighteenth and nineteenth years of Her Majesty, chapter one hundred and twenty, shall summon a special meeting of the Vestry or Board, in order that the present regulations may be brought before them, and that the Vestry or Board may make, as they are hereby required to do, such preliminary arrangements as will enable them, if sudden need shall arise, to carry the following regulations into immediate effect; and the Vestry or Board at such meeting shall direct the Clerk, by circular letters of request addressed to all legally qualified Medical Practitioners in the parish or district, and in such other ways as the Vestry or Board may think necessary, to take measures for causing the Vestry or Board to be made acquainted with any presence of Cholera or unusual amount or severity of Diarrhoea in the parish or district, or any part of it, if such be existing or should thereafter exist, and the Vestry or Board if apprised of any such presence of Cholera or Diarrhoea shall thereupon forthwith, so far as the circumstances require, do the several things hereinafter ordered:

II.—*When Cholera is in a Parish or District.*

1. Every Vestry or Board shall make arrangements for meeting, where the disease is actually prevailing, daily, either in a body or in one or more Committees, according to the exigencies of the Parish or District, for the purpose of exercising the powers conferred upon them by the Act.

2. The meetings may be held at the ordinary Board-room, and where necessary, at such other places as shall appear to be most convenient for dealing with the disease, and the Vestry or Board shall cause proper minutes of all proceedings to be made and duly recorded.

3. The Medical Officer of Health shall, as far as practicable, attend the meetings of the Vestry or Board, and of its Committees, to render his advice thereat, and shall superintend all the medical arrangements for preventing and treating the disease.

4. In each Parish or District in which Cholera is present, or, if the quantity of work to be done renders it desirable to subdivide the parish or district, then in each of such subdivisions, a legally qualified Medical Practitioner shall be put in charge of the Parish or District or subdivision for the medical purposes of these Regulations; and to each such Medical Practitioner (hereinafter named the Medical Visitor) shall be allotted such Assistants as the Vestry or Board see fit.

Such Medical Visitor, where practicable, or, in other cases, one of his Assistants, shall at least once daily visit those places assigned to him which are inhabited by the poorer classes and wherein the disease is, and shall there inquire at every house as to the existence of Diarrhoea or Cholera, and shall enter in a book to be kept for the purpose the facts as to all cases he may meet with, and shall without delay give, or take the proper steps for causing to be given, all necessary medical assistance to the sick. And the Medical

Visitor or Assistant shall, when visiting the places assigned to him, be provided with medicines for immediate administration in urgent cases, and shall be held to be in medical charge of all cases of Diarrhoea or Cholera with which he may meet until he is relieved by such other provision for their medical attendance as may be made or sanctioned by the Vestry or Board.

5. Such Medical Visitor shall, by transmitting his above required book, or otherwise, report daily to the Medical Officer of Health the result of his own and his Assistants' inquiries, and shall report any nuisances which he or they find existing in any premises visited by him or them, and shall make such suggestions as to the state of the parish or district as he shall deem advisable.

6. The Visitors shall, where they find it expedient, communicate to the Relieving Officer of the district any case of destitution requiring relief, which is not entered in his relief list; and such officer shall forthwith visit the same and give such relief as in his judgment the case shall require.

7. The Vestry or Board shall provide a sufficient number of Dispensaries, to be open night and day, at convenient places within their parish or district, with an adequate supply of such medicines, medical appliances and disinfectants, as their Medical Officer of Health shall recommend, and with a legally qualified Medical Practitioner or skilled Assistant always in attendance at each; and such medicines, medical appliances and disinfectants, shall be dispensed without charge by such Medical Practitioner or Assistant to persons bringing orders for the same from the Medical Visitors, and to other persons who apply for immediate medical treatment. And the names and addresses of all such applicants shall be sent to the Medical Visitor of the place in which they reside.

8. In every case of Cholera or Diarrhoea, where the patient is not under medical care and treatment, the Vestry or Board shall cause medical assistance to be rendered with the utmost expedition, and such aid and comfort, nourishment and accommodation, as the circumstances of the case will admit, with the object of restoring health.

9. The Vestry or Board shall provide competent Nurses to aid every Medical Visitor in his attendance upon the patients suffering from the disease.

10. When the Medical Officer of Health recommends, the Vestry or Board shall, with as much despatch as practicable, provide fit and proper accommodation for the reception of such patients as have no home, or cannot properly be treated at home, and may with advantage to themselves be removed; and shall cause the same to be provided with all appliances, medicines, furniture, and other things necessary for the emergency, and shall appoint a legally qualified Medical Practitioner, with or without Assistant, as the case may require, to attend to the same.

11. If Cholera or Choleraic Diarrhoea exist in any dwelling whereof the Medical Officer of Health reports that the sick and healthy cannot therein be properly separated, the Vestry or Board shall forthwith cause adequate accommodation to be procured for the reception of the healthy; and when the Medical Officer of Health recommends that the sick person shall not be removed, but that the healthy shall be removed from the same room in which the sick person is lying, the Vestry or Board shall cause the other inmates of such room to be removed to some convenient place of reception.

12. The Vestry or Board shall, in dwellings

where Cholera or Diarrhoea exists, cause proper disinfectants to be used in sufficient quantities for the purpose of disinfecting the discharges from the sick, and the bedding, clothing, and other things thereby infected, and the utensils and privies in which such discharges may have been received.

13. The Vestry or Board shall cause every article of clothing, bedding, or furniture which shall have been infected with any such discharge, and which they shall find incapable of being speedily disinfected, to be forthwith destroyed, the Vestry or Board within a reasonable time replacing all such articles or paying the reasonable value to the owner.

14. If it be shown to the Vestry or Board that any drinking-water used in their Parish or District is polluted, they shall take measures, with as much expedition as possible, for procuring wholesome water to be supplied in its stead, so far as the case requires, to the inmates of the houses in their Parish or District, and for preventing, as far as possible, the further use of the polluted water. And every Vestry or Board owning or having possession of any waterworks for the supply of water shall cause the reservoirs, cistern, pipes, pumps, and other apparatus belonging thereto, to be carefully examined, cleansed and purified, and other necessary measures to be taken, so that the water may be supplied without impurity.

15. The Vestry or Board shall make due arrangements with undertakers, and with the proper authorities of the churchyards, burial-grounds, and cemeteries of their parish or district, so that coffins may be ready to be supplied immediately on demand, and interments speedily take place in the cases of deaths arising from Cholera or Diarrhoea; and the Vestry or Board shall, when informed of any such death, cause the corpse to be buried with the earliest possible despatch.

16. Where any death shall occur from Cholera or Choleraic Diarrhoea, no collection of persons shall assemble in the room where the corpse is, and no "waking" of the dead shall be allowed.

17. The Vestry or Board shall cause the immediate removal, from any room which living persons inhabit, of the corpse of every person dying from Cholera or Choleraic Diarrhoea, until the time of its interment, and shall cause such means to be adopted for preventing the spread of infection from the corpse as their Medical Officer of Health shall recommend.

18. The Clerk of the Vestry or Board shall, every Monday, send by post to the Medical Officer of the Privy Council a return of the number of new cases of Diarrhoea or Cholera which have during the week ended on Saturday midnight last come under the cognizance of the Vestry or Board, and of the number of recoveries, and the number of deaths, with such other particulars as such Medical Officer shall from time to time require. The return shall be in the following form, or to the like effect:—

————— *Parish or District.*

Weekly Return of Cases of Cholera or Diarrhoea for the Week ending on Saturday last.

New attacks during the week	
Deaths during the week	
Recovered during the week	
Total number of cases now under treatment	

Date _____ 1867.

(Signed) _____ Clerk to the Vestry or Board.

19. The Vestry or Board shall, from time to time as they shall find expedient, issue, publish, and distribute in placards, hand-bills or other communications, such admonitory notices to the owners and occupiers of property within their parish or district as to the provisions of the Acts for the Removal of Nuisances as shall appear to be requisite, and in a like manner publish all such medical advice and such directions and instructions as in their judgment shall be necessary to afford aid to persons attacked with Cholera or Diarrhoea, or for the carrying of these regulations into execution, and inform the public what special arrangements have been made for affording medical or other assistance in the parish or district.

20. All Officers, Assistants, and Servants of the Vestry or Board are ordered, and all Medical Practitioners and other persons inhabiting within the parish or district of the Vestry or Board are requested, to supply information and to give their aid to the utmost of their ability to the Vestry or Board in the execution of these regulations and directions.

Edmund Harrison.

At the Council Chamber, Whitehall, the 10th day of January, 1867.

By the Lords of Her Majesty's Most Honourable Privy Council:

PRESENT.

Lord President:
Mr. Secretary Walpole.
Mr. Corry.
Mr. Gathorne Hardy.

WHEREAS the Lords of Her Majesty's Most Honourable Privy Council, by an Order made this 10th day of January, 1867, in exercise of the powers given by "The Diseases Prevention Act, 1855," and the Amending Act of the twenty-third and twenty-fourth years of Her Majesty, chapter seventy-seven, and of every other power enabling them in that behalf, did order and direct that the provisions contained in the said Acts for the prevention of diseases should, from and after the date of that Order, be and be continued in force within the whole and every part of England and all parts and arms of the sea lying within the jurisdiction of the Admiralty within three miles of the coasts of England, for the period of six calendar months from the date of that Order, and that certain recited orders then in existence and therein more particularly referred to, should be renewed accordingly for such period as aforesaid;

And whereas the Lords of Her Majesty's Privy Council have thought fit, under the authority conferred upon them by the said first cited Act and all other Acts in such behalf, to issue certain directions and regulations, to be in force in all Unions and Parishes of England not within the Metropolis, and in all parts and arms of the sea lying within the jurisdiction of the Admiralty, so long as the provisions aforesaid shall be in force under the said Order;

Now, therefore, in exercise of the powers conferred upon them by the above-named Acts, the

II.—*When Cholera is in an Union or Parish.*

1. Every Board shall make arrangements for meeting, in districts where the disease is actually prevailing, daily, either in a body or in one or more Committees, according to the exigencies of the district, for the purpose of exercising the powers conferred upon them by the Act.

2. The meetings may be held at the ordinary Board-room, and, where necessary, at such other places as shall appear to be most convenient for dealing with the disease, and the Board shall cause proper minutes of all proceedings to be made and duly recorded.

3. Where the Union or Parish forms part of any town of more than 60,000 inhabitants, or contains a town of more than 40,000 inhabitants, according to the report upon the last Census, or where several parts of the Union or Parish are at one time suffering from Cholera, the Board shall appoint some legally qualified Medical Practitioner to attend at the meetings, and render his advice thereat, and superintend all the medical arrangements for preventing and treating the disease.

4. In each district in which Cholera is present, or, if the quantity of work to be done renders it desirable to subdivide the district, then in each of such subdivisions, a legally qualified Medical Practitioner shall be put in charge of the district or subdivision for the medical purposes of these Regulations; and to each such Medical Practitioner shall be allotted all needful Medical Assistants and such other Assistants as the Board see fit.

5. 7. The Visitors shall, where they find it expedient, communicate to the Relieving Officer of the district any case of destitution requiring relief, which is not entered in his relief list, and such officer shall forthwith visit the same and give such relief as in his judgment the case shall require.

8. The Board shall provide a sufficient number of Dispensaries to be open night and day, at convenient places within their district, with an adequate supply of such medicines, medical appliances and disinfectants, as their Medical Adviser shall recommend, and with a legally qualified Medical Practitioner or skilled Assistant always in attendance at each; and such medicines, medical appliances and disinfectants, shall be dispensed without charge by such Medical Practitioner or Assistant to persons bringing orders for the same from the District Medical Practitioner and to other persons who apply for immediate medical treatment. 10. The Board shall provide competent Nurses to aid every District Medical Practitioner in his attendance upon the patients suffering from the disease.

11. When the Medical Adviser recommends, the Board shall, with as much despatch as practicable, provide fit and proper accommodation for the reception of such patients as have no home, or cannot properly be treated at home, and may with advantage to themselves be removed, and shall cause the same to be provided with all appliances, medicines, furniture, and other things necessary for the emergency, and shall appoint a legally qualified Medical Practitioner, with or without Assistant, as the case may require, to attend to the same.

12. If Cholera or Choleraic Diarrhœa exists in any dwelling whereof the Medical Practitioner reports that the sick and healthy cannot therein be properly separated, the Board shall forthwith cause adequate accommodation to be procured for the reception of the healthy; and, when the Medical Practitioner recommends that the sick person shall not be removed, but that the healthy shall be removed, from the same room in which the sick person is lying, the Board shall cause the other inmates of such room to be removed to some convenient place of reception.

13. The Board shall, in dwellings where Cholera or Diarrhoea exists, cause proper disinfectants to be used in sufficient quantities for the purpose of disinfecting the discharges from the sick, and the bedding, clothing, and other things thereby infected, and the utensils and privies in which such discharges may have been received.

14. The Board shall cause every article of clothing, bedding, or furniture which shall have been infected with any such discharge, and which they shall find incapable of being speedily disinfected, to be forthwith destroyed; the Board within a reasonable replacing all such articles, or paying the reasonable value to the owner.

15. If it be shown to the Board that any drinking-water used in their district is polluted, they shall take measures with as much expedition as possible, for procuring wholesome water to be supplied in its stead, so far as the case requires, to the inmates of the houses in their district, and for preventing, as far possible, the further use of the polluted water. And every Board owning or having possession of any waterworks for the supply of water shall cause the reservoirs, cisterns, pipes, pumps and other apparatus belonging thereto, to be carefully examined, cleansed, and purified, and other necessary measures to be taken, so that the water may be supplied without impurity.

By the Lords of Her Majesty's Most Honourable Privy Council.

PRESENT,

Lord President.
Mr. Corry.

WHEREAS by an Order of the Privy Council, bearing date the 4th day of October last, duly made and issued under the authority of the Act passed in the session of the eleventh and twelfth years of the reign of Her present Majesty, intituled "An Act to prevent, until the first day of September, one thousand eight hundred and fifty, and to the end of the then session of Parliament, the spreading of contagious or infectious disorders among sheep, cattle, and other animals" (which has been since duly continued by divers subsequent Acts until the first day of August, one thousand eight hundred and sixty-seven, and the end of the then next session of Parliament), reciting certain provisions of the said Act, and the existence of a contagious or infectious disorder, generally designated as the "Cattle Plague," in England and

Wales, and that divers Orders had been made by the Privy Council, under the authority of the said Act, and particularly that regulations had been made in respect of the movement of cattle upon highways, and for the prohibition of the holding of markets for the sale of cattle without a licence; and that a market was held in the borough of Newcastle-upon-Tyne, in the county of Northumberland, for the sale of cattle, which had been licensed by the Lords of the said Council, for the sale of cattle for immediate slaughter, so long as the said Orders should remain in force, or until the revocation thereof, and certain provisions in the said licence contained in regard to the slaughter of cattle brought into the said market, and that the Lords of the said Council had, by a certain Order bearing date the 19th day of June then last past, made certain regulations in regard to the cattle sold in such market, to continue in force until the 30th day of September then next, and further reciting that it was advisable that the said Order of the 19th day of June then last should be renewed and continued as therein provided:
