

Lathbury, it is ordered that the Order *nisi* made in this matter on the 18th day of July, 1865, be and the same is hereby enlarged, and the further hearing of the matters of the petition of the said Insolvent Henry Lathbury be and the same is hereby adjourned to Saturday, the 7th day of December next; and it is further ordered that the said Messrs. Berners, Sanderson, and Fergusson do publish the substance of this Order twice in the months of August, September, and October next in the London Gazette and in the Calcutta Exchange Gazette, and that the Chief Clerk of this Court do publish the same once in the present month and twice in the months of August and September and October next in the Calcutta Gazette; and it is further ordered that the said Chief Clerk be at liberty, on the application of the said Messrs. Berners, Sanderson, and Fergusson, to issue a notice containing the substance of this Order, signed by the said Chief Clerk, and sealed with the seal of this Court, for the purpose of the same being inserted in the said London Gazette.

Witness, Sir Barnes Peacock, Knight, Chief Justice at Fort William, in Bengal, the 9th day of July, in the year of our Lord 1867.

Berners and Co., Attorneys.

C. T. Deedes, Chief Clerk.

Court for the Relief of Insolvent Debtors at Calcutta.

In the Matter of George Frederick Behrends and Henry Lathbury, Insolvents.

ON Tuesday, the 9th day of July instant, it was, on the petition of Henry Lathbury, one of the Insolvents, ordered that the Order *nisi* for Final Discharge made in this matter on the 18th day of July, 1865, be enlarged, and the further hearing of this matter do stand adjourned until Saturday, the 7th day of December next.—Dated this 16th day of July, 1867.

Berners, Sanderson, and Fergusson, Attorneys.
C. T. Deedes, Chief Clerk.

Patent Law Amendment Act, 1852.

Office of the Commissioners of Patents for 2407. Inventions.

NOTICE is hereby given, that the petition of David Howard, of Dobercross, in the county of York, praying for letters patent for the invention of "certain improvements in the manufacture of fabrics termed 'union flannels,' and in other similar 'union fabrics,'"—was deposited and recorded in the Office of the Commissioners on the 22nd day of August, 1867, and a complete specification accompanying such Petition was at the same time filed in the said office.

Patent Law Amendment Act, 1852.

Office of the Commissioners of Patents for 2420. Inventions.

NOTICE is hereby given, that the petition of William Robert Lake, of the "International Patent Office," No. 8, Southampton-buildings, Chancery-lane, in the county of Middlesex, Consulting Engineer, praying for letters patent for the invention of "improvements in the manufacture of iron and steel, and in apparatus employed in the said manufacture,"—a communication to him from abroad by Virgil Warren Blanchard, of Bridport, Vermont, United States of America,—was deposited and recorded in the Office of the Commissioners on the 23rd day of

August, 1867, and a complete specification accompanying such petition was at the same time filed in the said office.

Patent Law Amendment Act, 1852.

Office of the Commissioners of Patents for 2421. Inventions.

NOTICE is hereby given, that the petition of Edward Augustus Dana, of Brookline, in the county of Norfolk, and State of Massachusetts, in the United States of America, praying for letters patent for the invention of "improvements in the construction of concussion fuzes for the explosion of projectiles," was deposited and recorded in the Office of the Commissioners on the 23rd day of August, 1867, and a complete specification accompanying such petition was at the same time filed in the said office.

Patent Law Amendment Act, 1852.

Office of the Commissioners of Patents for Inventions.

NOTICE is hereby given, that provisional protection has been allowed—

1652. To Nicolas Rausch and Edme Léon Darlet, both of the city of Brussels, in the Kingdom of Belgium, Merchants, for the invention of "improvements in the manufacture of artificial fuel."

On their petition, recorded in the Office of the Commissioners on the 5th day of June, 1867.

2144. To John Marley, of Darlington, in the county of Durham, Mining Engineer, and Member of the Institute of Civil Engineers, for the invention of "improved apparatus for the prevention of overwinding and falling of the cages used in mine-shafts, lifts, and hoists."

On his petition, recorded in the Office of the Commissioners on the 23rd day of July, 1867.

2154. To Thomas Prideaux, of Prideaux-chambers, Sheffield, for the invention of "improvements in open fire places and stove grates, for the purpose of economising fuel and securing a more perfect combustion."

On his petition, recorded in the Office of the Commissioners on the 24th day of July, 1867.

2217. To John Saxby, of the firm of Saxby and Farmer, Canterbury-road, Kilburn, Railway Signal Engineers, for the invention of "improvements in the construction of locking apparatus for governing the movement of railway points and signals, and in the mode or method of applying, combining, and actuating such apparatus."

On his petition, recorded in the Office of the Commissioners on the 31st day of July, 1867.

2270. To Théobalt Luthringer, of Lyons, in the Empire of France, at present temporarily residing at the Hotel de France et de Belgique, Bloomsbury-square, in the county of Middlesex, for the invention of "a new red colouring matter."

On his petition, recorded in the Office of the Commissioners on the 6th day of August, 1867.

2276. To Charles McDermott, Gentleman, of 2, Carlton-villas, Wiltshire-road, Brixton, Surrey, for the invention of "an eyelet and paper fastener combined."—A communication to him from abroad by Edward Boynton, of Tenth-street, First Avenue, New York, United States of America.

On his petition, recorded in the Office of the Commissioners on the 7th day of August, 1867.
