PRESENT,

The QUEEN's Most Excellent Majesty in Council.

WHEREAS by the Sea Fisheries Act, 1868, it is (among other things) enacted that it shall be lawful for Her Majesty by Order in Council from time to time to do all or any of the following things, namely:--

- (a.) To make regulations for carrying out, enforcing, and giving effect to both the entry and registry of British sea fishing boats, and also Articles four, five, six, seven, and eight of the Convention then recently concluded between Her Majesty and the Emperor of the French concerning the Fisheries in the seas adjoining the British Islands and France, and set out in the first schedule to the Act:
- (b.) To adopt in such regulations any existing system of registry or lettering and numbering of boats, and to provide for bringing any such system into conformity with the requirements of the said Convention and the Act and with the said regulations:
- (c.) To define the boats or classes of boats to which such regulations or any of them are to apply, and to provide for the exemption of any boats or classes of boats from such regulations, or any of them, and from the provisions of Part II of the Act with respect to entry or registry and the possession of a certificate of registry and official papers:
- (d.) To apply to the entry and registry respectively of sea fishing boats so defined and to all matters incidental thereto, such (if any) of the enactments contained in any Act relating to the registry of British ships, and with such modifications and alterations as may be found desirable:
- (e.) To impose penalties not exceeding twenty pounds for the breach of any regulations made by any Order in Council, for the breach of which a punishment cannot be provided by the application of the enactments contained in any Act relating to the registry of British ships:
- (f.) To alter and revoke an Order so made:

And that every such Order shall be of the same force as if it were enacted in the said recited Act:

And whereas Her Majesty did, on the fourth day of February last, by Order in Council, make certain regulations for the lettering, numbering, and registering of British sea-fishing boats, under Part II of the Act:

And whereas it is expedient that the said Order so made should be revoked:

Now, therefore, Her Majesty, in exercise of the power vested in Her by the said recited Act, by and with the advice of Her Privy Council, is pleased to revoke the said Order so made on the fourth day of February last, and is pleased to make, in lieu of the regulations to the said Order annexed, the regulations which are set forth in the schedule hereto annexed, and to direct that the same shall come into force from the date of the present Order.

SCHEDULE to which the foregoing Order refers.

REGULATIONS for the Lettering, Numbering, and Registering of British Sea Fishing Boats, under Part II. of the Sea Fisheries Act, 1868 (31 and 32 Victoria, Chapter 45).

1. The following regulations shall be in future observed by Owners and Masters of all British boats or vessels hailing from, or belonging to, any port or place in the United Kingdom, the Islands of Guernsey, Jersey, Alderney, Sark, or Man, of whatever size, and however propelled or navigated, which find any portion of their ordinary employment in sea fishing, or oyster or mussel dredging, for purposes of sale; subject, however, to the following qualifications:

- (1.) Yachts, vessels, or boats, not usually employed in fishing or dredging for purposes of sale, shall not be subject to the following regulations when they are not so employed.

(2.) If a boat or vessel, employed in fishing or dredging for purposes of sale, is also used as a pilot-boat, and is marked and numbered as such, under any laws or regulations governing such pilot-boat, such boat or vessel shall not be subject to the following regulations.

(3.) Boats employed in the pilchard seyn fishery on the coast of Cornwall shall, if otherwise duly marked to the satisfaction of the Officers of Customs or Coast Guard, be exempt from the necessity of having letters and numbers painted on their sails, bows, or sterns, as required by the following regulations.

2. Every sea fishing vessel or boat, whether registered under any other Act or not, shall, except as hereinbefore provided for, be lettered, numbered, and have a certificate of registry, and shall for that purpose be entered or registered in a Register of Sea Fishing boats to be kept at the principal office of Customs in each collectorship. Application, as hereafter prescribed, for letters, numbers, and certificates of Registry shall be made by all owners of fishing boats to the Officer of Coast Guard or Fishery Officer in charge of the Station at or near the place where the boat may for the time being be employed. In any case where a boat belongs to a place situated at a distance from a Coast Guard Station, such application may be delivered to the principal Officer of Customs, or to any Fishery Officer, at the creek or station at or nearest to the place to which the boat belongs, or at which she may be temporarily employed in fishing. And such application, upon being received by any such Officer, shall be forthwith forwarded to the Collector of Customs of the Port in which the place to which the boat belongs is situated, who, upon the receipt of such application, shall cause the boat to be registered and numbered, and grant the certificate of such registry, and forward the same to the Officer through whom the application was received, who is to deliver such certificate to the applicant.

3. The port or place at which any British vessel or boat is registered, under the provisions of "The Merchant Shipping Act, 1854" (17 and 18 Vict., c. 104), shall be considered the port or place to which she belongs.

4. In Scotland the Officers of the Board of British White Herring Fishery shall assist the Officers of Customs and of Coast Guard in the performance of the duties imposed by these Regulations; and shall, in places where there are no Coast Guard, themselves discharge the duties hereby imposed upon the Coast Guard.

5. If, in the opinion of the Collector of the Port to which any boats belong, or of the Inspecting Commander or Divisional Officer of the District, it is desirable, from local circumstances or otherwise, that the mode of application prescribed in the second Article of these Regulations should be partially modified or altered, such Collector, Inspecting Commander, or Divisional Officer shall make a special report to the Board of Trade, setting forth the reasons for, and particulars of, such modification or alteration.

6. There shall be series of numbers and distinguishing letters for the boats belonging to each collectorship of customs. The following shall be the distinguishing letters:—

7. For purposes of numbering, lettering, and registration, boats shall be divided into three classes, as follows :—

- 1st class :—Boats of 15 tons burthen and upwards :
- 2nd class :—Boats of less than 15 tons burthen, navigated otherwise than by oars only :
- 3rd class :—Boats navigated by oars only.

Provided that the officer to whom the application to register is made may, if he think proper, place any small boat occasionally navigated or propelled by sail in the third instead of the second class.

8. For boats of the above classes the positions and dimensions of the letters and numbers shall be as follows :—

- 1st class :—For the hulls, 18 inches in height, and 2½ inches in breadth, and for the sails one third larger every way :
- 2nd class :—For the hulls, 10 inches in height, and 1¾ inches in breadth, and for the sails one third larger in every way
- 3rd class :—Three inches at least in height, and half an inch in breadth.

Provided that in boats that have a " bend piece " or " rubbing streak " the letters and numbers shall be as high as the space above the " bend piece " or " rubbing streak " will admit. In boats where the space between the gunwale and water-line is not sufficient in size for the prescribed letters and numbers, the letters and numbers shall be as high as the size of the boats will admit.

9. In boats of the 1st and 3rd class the number will follow, and in those of the second class precede, the distinguishing letter or letters.

10. When vessels carry, or have attached to them, small boats as tenders or otherwise, such boats must be marked with the same numbers and letters as the vessels to which they belong. Such numbers and letters may be of the size appropriate to the class to which the boat would belong according to its own size and means of propulsion, but in position and precedence according to the class of the vessel to which the boat is attached.

11. In sailing boats, and boats navigated by the occasional use of sails, the letters and numbers shall be placed on each bow, three or four inches below the gunwale, and on each side of the mainsail, except for lug-sail boats, in which the letters and numbers may be placed on the foresail or mizen instead of the mainsail. For boats of the third class, the letters and numbers shall be placed on the outside of the stern of the boat immediately under the name. On the hulls all letters and numbers shall be painted in white oil colour on a black ground; and on sails, in black oil colour on white or grey sails, and in white oil colour on tanned or black sails. Except in the case of vessels only occasionally engaged in fishing for purposes of sale, herein-after in the thirteenth Article of these Regulations specially provided for, the letters and numbers of sails shall be painted on each side of the cloth forming the substance of the sail, and not upon any cloth or other thing sewn or otherwise attached to it : and shall be placed on each side of the centre cloth or cloths of the mainsail, clear of and immediately above the close reef, and so as to be at all times conspicuous whether the sail be reefed or not.

12. All boats of whatever class shall have their names, and those of the ports to which they belong,

painted in white oil colour on a black ground on the outside of the sterns, in letters which shall be at least three inches in height and half an inch in breadth.

13. In the case of any vessel or boat only occasionally engaged in fishing for purposes of sale, and not usually so employed, the letters and numbers prescribed by these Regulations may be temporarily affixed, by pieces of canvass or board attached to the mainsail and bows, but of the same dimensions as those specified in the eighth Article of these Regulations.

14. The letters, numbers, and names placed on boats and on their sails shall not be effaced, covered, or concealed in any manner whatsoever.

15. All the buoys, barrels, and principal floats of each net, and all other implements of fishery, shall be marked with the same letters and numbers as the boats to which they belong, so as to be easily distinguished. The owners may further distinguish them by any private marks they think proper. Provided that this Regulation shall not apply in the case of boats employed

- (1). In the Scotch herring fishery ;
- (2). In the drift net and seyn fisheries in Cornwall ;
- (3). In such other drift net and seyn fisheries (if any) as the Board of Trade may direct.

In the above-mentioned cases it will be held sufficient that the nets and buoys be numbered, so as to identify their true owners ; but in all cases of doubt it will devolve upon the masters of buoys and nets to satisfy Sea Fishery Officers (as defined by the 8th section of the Sea Fisheries Act, 1868), that the said buoys and nets properly form part of the trains of the boat with which they may be found, or that they belong to the fishermen of other boats temporarily fishing in it.

16. The owner and master of any boat not having all its nets, buoys, and other implements duly marked in the manner above directed, shall be liable to a penalty not exceeding five pounds.

17. A register of sea fishing boats, in the form contained in Table A. hereto annexed, shall be kept by the Collector of Customs at each collectorship, which shall contain the date of registry, name of the vessel or boat, and of the port or place to which she belongs, names of owner and master, description of her rig and of her ordinary mode of fishing, her registered number, class, tonnage, and length of keel, and number of crew usually employed.

18. Certificates of Registry in the above register shall be issued by the respective Collectors of Customs, on application being duly made as directed by the second Article of these regulations ; and such certificate shall be in the form contained in Table B. hereto annexed, and when necessary shall be transmitted to the Officer of Coast Guard or Customs or other Fishery Officer through whom the application may have been transmitted for delivery by such Officer to the owner. The Certificates of Registry shall contain the name of the collectorship and the distinguishing letters, the name and description of boat, the name of the owner and master, the registered number and class and the date of entry.

19. All applications for letters, numbers, and registration of fishing boats must be in writing, and according to the form contained in Table C. hereto annexed, and in duplicate if they are to be forwarded from a distant station as provided by the second Article of these Regulations ; and the duplicate copy is to be retained and filed by the

Officer of Coast Guard or Customs at the station to which the boat belongs.

20. Whenever the owner of any registered vessel or boat proves to the satisfaction of the proper Officer of Customs or Coast Guard or any Fishery Officer that he has lost or been deprived of any Certificate of Registry already granted to him, the proper Officer may cause a copy of such Certificate of Registry to be made out and delivered to such owner ; and such copy, duly certified by the proper Officer, shall have all the effect of the original.

21. Once in every year the owner of every boat shall submit his certificate of Registry for examination, either at the head office in each collectorship or at the station through which it was originally obtained, and the proper officer shall sign his name on the back of the said Certificate, together with the date of examination, as a record of its authenticity and correctness.

22. In the first week of every year each officer of Customs or of Coast Guard and each Fishery Officer shall forward to the Collector of Customs of the district a list, showing the numbers and classes of all boats whose Certificates of Registry have been presented for examination and endorsed in the preceding year ; and a notation of all inspections of Certificates shall be made in the Register against the name of each boat. On a change of ownership, or on removal to another collectorship, of any boat registered under these Regulations, a fresh Certificate of Registry must be applied for, and the former Certificate be given up, in order that the same, together with the former Registry, may be cancelled ; and on a change of Master due notice shall be given of such change, which shall be duly noted in the Register, and be endorsed on the Certificate of Registry. A failure on the part of the owner of any boat to comply with these Regulations shall subject the owner and master to the same penalties that they would have incurred if the Certificate of Registry had never been applied for.

23. If any boat required to be registered, lettered, and numbered in pursuance of these regulations, and not being so registered, lettered, and numbered, in the manner prescribed, is used as a fishing boat, the owner and the master shall each be liable to a penalty not exceeding twenty pounds. Any Sea Fishery officer may seize and detain such boat, and prevent it from going to sea and from sea fishing until it is duly registered, lettered, and numbered, and may for that purpose, if it is at sea, take it back into the nearest or most convenient British port. Such boat shall not be entitled to any of the privileges or advantages of a British Sea Fishing Boat, but all obligations, liabilities, and penalties with reference to such boat shall be the same as if it had been duly registered.

24. The master of every boat registered under these Regulations shall have on board his boat at all times the Certificate of Registry hereby required to be obtained ; and any master not having such Certificate shall, in the absence of any reasonable cause for the same (proof whereof shall lie on him), be liable, together with his boat and crew, to be taken by any Sea Fishery officer, without warrant, summons, or other process, into the nearest or most convenient port and there to be ordered by the Court, on any proceeding in a summary manner, to pay a penalty not exceeding twenty pounds. Provided that the masters of boats employed in the pilchard fishery in Cornwall, or in such other fishery (if any) as the Board of Trade shall direct, shall be exempt from this Regulation.

25. After registration no change shall be made in the name of any Sea Fishing Boat.

"We, the Ecclesiastical Commissioners for England, in pursuance of the Act of the third and fourth years of your Majesty, chapter one hundred and thirteen; of the Act of the sixth and seventh years of your Majesty, chapter thirty-seven; and of the Act of the nineteenth and twentieth years of your Majesty, chapter one hundred and four, have prepared, and now humbly

lay before your Majesty in Council, the following scheme for constituting a separate district for spiritual purposes out of the parish of Bengoe, in the county of Hertford, and in the diocese of Rochester, and out of the parish of Saint Andrew, Hertford, in the same county and diocese.

"Whereas it has been made to appear to us that it would promote the interests of religion that the particular portions of the said parish of Bengoe, and of the said parish of Saint Andrew, Hertford, which are hereinafter mentioned and described (such portions not at present containing within their limits any consecrated church or chapel in use for the purposes of divine worship), should be constituted a separate district in the manner hereinafter recommended and set forth.

"And whereas Abel Smith, of Woodhall Park, in the said county of Hertford, Esquire, has contributed and paid to the credit of our account at the Bank of England the sum of three thousand pounds sterling, in aid of the endowment of the district hereinafter recommended to be constituted, and of the maintenance of the incumbent thereof for the time being, and we have, in respect of such sum, agreed with the said Abel Smith, and have undertaken to provide and pay, by equal half-yearly payments, on the first day of May and the first day of November in each and every year, to such incumbent as aforesaid, when duly licensed in accordance with the provisions of the herein secondly mentioned Act, and to his successors, the yearly sum of one hundred pounds.

"And whereas the said sum of three thousand pounds sterling has been so contributed and paid as aforesaid, upon the understanding and condition that (such arrangement appearing to us to be expedient), the whole right of patronage of the said district, and of the nomination of the incumbent thereof, should be assigned in the manner hereinafter mentioned.

"And whereas we have also determined to make and pay, out of the common fund created by the firstly herein mentioned Act to the incumbent for the time being, of the said district hereinafter recommended to be constituted when duly licensed as aforesaid, the yearly sum of fifty pounds, the payment whereof will be secured by an instrument to be executed by us under our Common Seal, in accordance with the provisions of the Act of the twenty-ninth and thirtieth years of your Majesty, chapter one hundred and eleven.

"Now, therefore, with the consent of the Right Reverend Thomas Legh, Bishop of the said diocese of Rochester (in testimony whereof he has signed and sealed this scheme), we, the said Ecclesiastical Commissioners, humbly recommend and propose, that all those portions of the said parish of Bengoe, and of the said parish of Saint Andrew, Hertford, which are described in the Schedule hereunder written, all which portions, together with the boundaries thereof, are delineated and set forth on the map or plan hereunto annexed, shall, upon and from the day of the date of the publication in the London Gazette, of any Order of your Majesty in Council ratifying this scheme, become and be constituted a separate district for spiritual purposes, and that the same shall be named "The District of Christ Church, Bengoe."

"And we further recommend and propose, that the whole right of patronage of the said district so recommended to be constituted, and of the nomination of the incumbent thereof, shall, without any assurance in the law other than this scheme and any duly gazetted Order of your Majesty in Council ratifying the same, and upon and from the day of the date of the publication of such Order in the London Gazette as aforesaid, be assigned to and

be absolutely vested in the said Abel Smith, his heirs and assigns, for ever.

“ And we further recommend and propose, that nothing herein contained shall prevent us from recommending and proposing any other measures relating to the matters aforesaid, or any of them, in accordance with the provisions of the said Acts, or of either of them, or of any other Act of Parliament.

The SCHEDULE to which the foregoing Scheme has reference.

SCHOOL OF NAVAL ARCHITECTURE, &c.

Admiralty, 8th June, 1869.

THE Lords Commissioners of the Admiralty hereby give notice, that the arrangements for the admission of persons, not already in the Government service, to the Royal School of Naval Architecture and Marine Engineering, as Admiralty Pupils, will, for the present year, be as follows:—

Candidates must not be less than 18 or more than 21 years of age, and must have served at least two years in private shipbuilding or engineering establishments, or must give satisfactory proof that they have in some way been so connected with shipbuilding or engineering operations as to become well-grounded in the elementary principles and practice thereof.

The pupils will be selected by competitive examination, the subjects for which, and numbers of marks assigned for each, are as follows:—

	Mark.
Pure mathematics, including arithmetic, mensuration, geometry (plain and descriptive), plane trigonometry, and the elements of the differential and integral calculus	2,500
Applied mathematics, including mechanics and hydrostatics	1,000
Practical shipbuilding, including laying-off (for shipwright's candidates only) ...	2,500
Practical marine engineering (for engineer candidates only)	2,500
French	500
Elements of physic and chymistry ...	750
English grammar and composition ...	750
Geography and history	750

No candidate will be admitted who does not obtain at least two-thirds of the full number of marks in the two first-named subjects, and three-fifths of the full number, either for practical shipbuilding or marine engineering.

The last four subjects, although counting in the competition, will not be considered obligatory.

The candidates who may be selected will be treated, while attached to the school, in all respects as the Admiralty pupils; they will receive wages the same as dockyard apprentices, commencing at 1s. 6d. per day for six days per week for first year, and increasing yearly 3d. per day till it reaches 2s. per day; and in addition a subsistence allowance of 3s. per day for seven days per week while away from their homes, either at the school or in the dockyards.

Seven months of each year—viz., from October till May—will be devoted to study at the school, and the remaining five months to actual work and the acquirement of practical knowledge in the dockyards.

It is to be understood that the Admiralty make no engagements to employ these pupils after the completion of their course of study; and they must rely on their own worth as educated naval architects for obtaining employment in their subsequent career. The number of such pupils to be selected

this year is one shipwright and one engineer. Persons desirous of competing must forward their names, with a certificate of birth, and of the grounds on which they consider themselves practically qualified, enclosing proper certificates to that effect to the Secretary of the Admiralty, not later than the 1st July.

The candidates should also state whether they wish to be examined as engineers or shipwrights.

The examination will take place on the 19th July and three following days.

By command of their Lordships,

W. G. Romaine

Power to Raise Additional Capital.

1. The Keighley and Worth Valley Railway Company (hereinafter called the Company) are hereby authorized to raise as capital for the purposes of their undertaking, in addition to the capital which they are already authorized to raise, any further sums of money, not exceeding in the whole eighteen thousand pounds, by the issue of new shares or new stock, either ordinary or preference, or partly ordinary or partly preference, at the option of the Company.

3. Save as herein, or in the Acts incorporated herewith otherwise provided, the holders of shares or stock in the additional capital hereby authorised to be raised shall be entitled to the like rights and privileges, and be subject to the like liabilities, as the holders of shares or stock in the existing ordinary capital of the Company.

Power to Borrow.

4. The Company may from time to time borrow on mortgage, for the purposes of their undertaking, any sum in addition to the money they are already authorized to borrow, not exceeding in the whole six thousand pounds.

Appointment of a Receiver.

5. The mortgagees under this Certificate may enforce payment of arrears of principal and interest due on their mortgages, by the appointment of a receiver, and in order to authorise the appointment of a receiver, in the event of the principal money or interest due on such mortgages not being duly paid, the amount owing to the

mortgagees by whom the application for a receiver shall be made, shall not be less than one thousand pounds in the whole.

Existing Mortgages and Bonds to have priority.

6. All mortgages granted by the Company under the powers of any Act of Parliament, or of any Certificate granted by the Board of Trade in pursuance of "The Railways Companies Powers Act, 1864," and in force when this Certificate comes into operation, shall, during the continuance of such mortgages and bonds, have priority over any mortgages to be created by virtue of this Certificate.

Power to issue Debenture Stock.

7. In respect of any part of the money hereby authorized to be raised by mortgage, the Company may create and issue debenture stock.
