*Board of Trade (Harbour Department),  
Whitehall Gardens, April 27, 1874.*

THE Board of Trade have received through the Secretary of State for Foreign Affairs a Despatch from Her Majesty's Consul at Monte Video, stating that the quarantine regulations in the ports of that Republic imposed upon vessels arriving from Argentine ports had been relaxed (excepting those upon vessels arriving from Buenos Ayres), but are again in full force on account of an outbreak of cholera in Entre Rios.

It is also stated that the authorities at Buenos Ayres had, on account of the exception of that port from the number of those the vessels arriving from which had met with some relaxation of the quarantine regulations in Monte Video, declared all Argentine ports closed against vessels arriving from all Uruguayan ports, though the latter are not infected. This prohibition does not apply to packets or to ships from the ocean calling for orders at Monte Video.

As the cholera was diminishing at Buenos Ayres it was hoped that the above arrangements would not continue long in force.

The upper light is *white*, the lower one *red*, bearing from each other E.  $\frac{1}{4}$  N. and W.  $\frac{1}{4}$  S., and 73 yards apart; when in line they lead between the reefs of the south entrance. ### NOTICE TO MARINERS.

(No. 48.)—UNITED STATES—NEW JERSEY—NEW YORK BAY.

#### (1.) Day Marks for Main Ship Channel.

THE United States Government has given notice, that the following day marks have been constructed at Conover and Chapel Hill light beacons, in order to distinguish them more easily by day, when the ground is covered with snow:—

Conover.—Covered black frames, each 25 feet by 20 feet, are placed on each side of the beacon light tower.

The tower is painted in horizontal belts of white, red, and white, and is seen between the two black surfaces.

Chapel Hill.—The front of Chapel Hill dwelling, to which the light tower is attached, presents a surface of 40 feet by 25 feet, and is painted white. Covered black frames of the same dimensions are placed at each end of the dwelling.

NOTE.—These day marks are respectively  $3\frac{1}{2}$  and 5 miles from the S.W. Spit buoy, and are consequently difficult to distinguish unless the day is moderately favourable. When in line they lead through the Main Ship Channel, from the S.W. Spit buoy to the Narrows.

### LAKE ONTARIO.

#### (2) Alteration in Pier-Head Light, Oswego.

Also, that on the opening of the navigation in the spring, 1874, the following alteration would be made in the Pier-Head light at Oswego, New York, viz.:—

The light would show a *fixed red* light instead of a fixed white light, as heretofore.

### NOTICE TO MARINERS.

(No. 49.)—MEDITERRANEAN—ITALY—WEST COAST.

#### (1.) Breakwater in the Gulf of Spezia.

WITH reference to Notice to Mariners, No. 113, dated 11th November, 1873, and 138, dated 12th December, 1873, on the breakwater in the course of construction to protect the maritime arsenal at Spezia, and the beacons and lights established for marking the same:

The following further information has been received from Her Majesty's Acting Vice-Consul at Spezia, viz.:—

The breakwater, which will probably be completed in June, 1878, will be 2,405 yards in length, but will not be visible, as it is to remain 3 feet below the mean level of the sea. The west channel is 440 yards wide, and has a depth of

No. 24090.

nearly 8 fathoms in it; the lights marking this channel are, the *fixed* white light on Fort Santa Maria, and the pontoon exhibiting two vertical lights, the upper *red* and the lower *green*. The east channel is 220 yards wide, and has 6 fathoms in it; the lights marking this channel are, the *fixed* white light on Santa Theresa Point, and the pontoon exhibiting two vertical lights, the upper *green*, and the lower *red*.

The local authorities at Spezia recommend that navigators (although the construction of the breakwater has been only recently commenced) should pass through the channels between the above described lights on the eastern or western side of the gulf, as circumstances may allow, and not between the floating lights.

### BLACK SEA—DNIESTR RIVER ENTRANCE.

#### (2) Re-Establishment of Tzarigrad Light.

With reference to Notice to Mariners, No. 24, dated 19th February, 1874, on the destruction by a storm of the eastern light beacon of Tzarigrad, and the consequent discontinuance of the light:—

The Russian Government has given notice, that a *fixed red* light will be exhibited from a beacon similar in form to that destroyed, viz., a mast 45 feet high, upon four supports. During the day a ball,  $6\frac{1}{2}$  feet in diameter, will be hoisted at the top of the beacon.

NOTE.—Vessels wishing to enter the Dniestr during the night, and desiring that the above light be exhibited should hoist two vertical lights on the foremast, steam vessels giving warning at the same time with the steam whistle. It is necessary to keep the red lights of the east and west beacons in line. The west beacon has, in addition to a *red* light, two white lights at the end of a yard.

When between the two outer points of the river, at a distance of  $1\frac{1}{2}$  cables from the east beacon light, vessels, coming from seaward, should steer N.W. until abreast of the light, they may then anchor in 4 fathoms.

under the provisions of an Act of the present session of Parliament, and to bear interest at the rate of four pounds per cent. per annum, payable half-yearly at the Bank of England, on the 5th April and the 5th October in each year.

The stock not to be redeemable until the 10th October, 1888, but to be redeemable at par on or after that day, upon one year's previous notice having been given in the London Gazette by the Secretary of State for India in Council.

The books of the stock will be kept at the Bank of England, where all assignments and transfers will be made. No stamp duties whatsoever will be charged on the transfers.

The tenders to be for the whole or any part of such loan, but not for sums of less than £500 stock, and to state what amount of money will be given for every £100 of the said stock. Tenders at a price including fractions of a shilling other than sixpence will not be accepted. Tenders by the same person at various prices must be made out and delivered separately. Each separate tender is to be delivered in, sealed, at the Chief Cashier's Office, Bank of England, and the amount of stock subscribed for to be written on the outside of the tender.

A deposit of £5 per cent. upon the amount of stock tendered for must, at the same time, be paid at the same Office, to be returned in the event of the tenders not being accepted, and parties tendering must be careful not to enclose the deposit in the sealed tender.

So much of the amount tendered and accepted, to be paid at the Bank of England on account of the Secretary of State for India in Council, on Thursday, the 7th May, 1874, as, when added to the deposit paid on the tenders being delivered, will leave eighty pounds for every one hundred pounds of stock, to be paid as under, viz. :—

£30 per cent. on Tuesday, the 2nd June, 1874;

£30 per cent. on Tuesday, the 30th June, 1874;

£20 per cent. on Tuesday, the 28th July, 1874;

but parties who so desire may pay up in full, and will be allowed a discount at the rate of four pounds per cent. per annum upon the anticipated payments.

The dividend payable on the 5th October, 1874, to be a six months' dividend upon the capital amount of stock contracted for on the said 30th April.

In the event of the receipt of tenders (at or above the minimum price to be fixed by the Secretary of State for India in Council on the 30th April), for a larger amount than that proposed to be raised, the tenders, at the lowest price accepted, will be subject to a *pro rata* diminution. No allotment will be made of a less amount than £50.

Due notice will be given when the scrip certificates are ready, and these will be delivered only to the parties entitled, or to their order, at the Chief Cashier's Office at the Bank of England.

For each instalment after payment of the first, which is due on the 7th of May, 1874, a proportional amount of stock will be created for the contributors. The stock for the first instalment, including the deposit, to be created at the same time with that which will be due on the last.

No tender will be received after twelve o'clock on the said 30th day of April, nor unless upon a printed form, which must not be enclosed in an envelope.

Forms of tender may be obtained at the Chief Cashier's Office, Bank of England, or of Mr. Hubert Scott, the Broker to the Secretary of State for India in Council, 16, Throgmorton-street, London, E.C.
