after called the Company) for an Act for all or some of the following objects and purposes; (that is to say):—

To authorize the Company to raise additional capital by the creation and issue of new shares or stock, attaching (if the Company think fit) to such shares or stock, or any part thereof, a preference or priority of dividend over the existing or ordinary shares of the Company, or other special privileges, and by borrowing on mortgage or bond, or otherwise, and by the creation and issue of debenture stock, or by any of such methods, and

The lands so proposed to be acquired, and the limits within which it is intended that additional gasworks or works for the manufacture or conversion of residual products shall be constructed, are as follows. (that is to say) :—

All that plot of land situated in the township of Hyde, in the parish of Stockport, in the county of Chester, belonging to, or reputed to belong to, Mrs. Maria Anne Hyde Clarke, and in the occupation of William Shaw, bounded on the south by land belonging to, reputed to belong to, Messrs. To authorize the Company from time to time to sell, exchange, let on lease, or otherwise dispose of such of the lands, for the time being, of the Company as may not be required for the purposes of the Company.

To authorize the Company to manufacture, purchase, or hire, and to use, let, sell or otherwise deal in and supply, and to fix, set up, alter, remove and refix gas and other apparatus, engines, stoves, fittings, pipes, and other appliances for the warming or lighting of houses, buildings, or other places, and for the cooking of food and all other purposes for which gas is or hereafter may be used, and to levy and recover rents and charges for the sale, supply, letting, or use of such apparatus, engines, stoves, fittings, pipes, and other appliances, and to exempt the same from distress or execution.

To repeal section 19 of the Hyde Gas Act, 1855, limiting the number of shares to be held by one person.

To make further provisions with respect to the pressure, quality, and illuminating power of the gas to be supplied, and the testing thereof, and the inspection of meters, the discontinuance of supply, and other like matters.
