*Board of Trade (Harbour Department),  
London, October 11, 1892.*

THE Board of Trade have received, through the Secretary of State for Foreign Affairs, the following information respecting quarantine from Her Majesty's Representative at Smyrna, viz. :—

Vessels arriving from ports subject to five or to ten days' quarantine and those whose term of fifteen or twenty-four days is not completed must, when they arrive in a Turkish port, wait in quarantine for the expiration of the said term of fifteen or twenty-four days.

For instance, a vessel subject to five days' quarantine, arriving after a twelve days' passage, will perform three days' quarantine in order to complete the term of fifteen days. In the same manner a vessel subject to ten days' quarantine, and arriving after a passage of sixteen days, will perform eight days in order to complete the twenty-four days.

1. A quarantine of five days, to be performed in a port where there is a medical officer, is imposed on vessels arriving from the Mediterranean ports of Egypt and having passengers on board, while those without passengers are submitted to a rigorous medical inspection.

2. Vessels arriving from the British ports of London, Liverpool, Glasgow, Swansea, Grimsby, and Shields without passengers will be submitted to a rigorous medical inspection only.
