E. H. H. COLLEN, Major-General,
Secretary to the Government of India.

India Office, June 10, 1895.

THE following General Order, dated 19th April, 1895, together with a despatch from Lieutenant-General Sir R. C. Low, K.C.B., regarding the action in the Malakand Pass, Swat, on the 3rd April, 1895, have been received from the Government of India:—

MILITARY DEPARTMENT.

GENERAL ORDER.

Simla, the 19th April, 1895.

FIELD OPERATIONS.—CHITRAL.

THE Right Honourable the Viceroy and Governor-General of India in Council directs the publication, for general information, of the subjoined communication from the Adjutant-General in India, submitting, under the orders of the Commander-in-Chief in India, a Despatch from Major-General Sir R. C. Low, K.C.B., Commanding the Chitral Relief Force, relating to the action in the Malakand Pass, Swat, on the 3rd April, 1895.

No. 249-G, dated Simla, the 9th April 1895.
From the Adjutant-General in India to the Secretary to the Government of India, Military Department.

THE following is submitted for the information of the Government of India:—

Dated Camp Khar, Swat Valley, the 5th April, 1895.—From the General Officer Commanding the Chitral Field Force, to the Adjutant-General in India.

I HAVE the honour to make the following report on the action of 3rd April, when the Malakand Pass was captured by the troops under my command.

2. As previously explained by telegram, I learnt on the 1st April that all three passes into Swat, viz., the Malakand, the Shahkot, and the Morah passes, were held by the enemy, and that the majority of them occupied the Shahkot and Morah passes.

At that time, the disposition of the troops of this force was so arranged as to attack the Malakand and the Shahkot passes simultaneously on the morning of the 3rd of April. The 1st Brigade was then at Lundkhwar on the road to the Shahkot Pass. The 2nd and 3rd Brigades were at Jalala on the road to the Malakand Pass.

3. Consequent on the above information, I determined to deceive the enemy as to my intention by advancing cavalry to Pali on the Shahkot road on the 2nd April. The idea that that pass would certainly be attacked was maintained, but I directed the 1st Brigade to join me at Darghai opposite the Malakand Pass on the morning of the 2nd April, and hoped by a forced march on the night of the 1st April to reach Darghai by 8 A.M., and carry the pass on the 2nd April with the three brigades.

4. A storm of wind and rain, however, raged all through the night of the 1st, and at midnight I was obliged to abandon my intention of a night march, it being an impossibility for the men to load up the transport in such darkness, rain, and mud. All that could be done therefore was to start at daybreak, and collect the three brigades at Darghai on the 2nd, and make the attack on the 3rd April.
