

dering the Zeal and good Services of the Prince de Vaudemont, has made him Governor of Arms in this Country, which is the next Post to the Governor in Chief.

From His Majesty's Camp near Berlehm-Abby, June 18. Yesterday, about 5 in the morning, the Army marched from *Anderlick*, and encamped the same day near a little Village called *D.ghom*, between *Brussels* and *Vil-word*, the King's Quarters being at the Castle of *Beaulieu*, belonging to the Prince of *Taxis*. This morning we de-camped again, and came to this place, which is about a mile from *Louvaine*. Two days before we left *Ander-lick*, 30 Spanish Dragoons foraging a little too near the Enemy, fell into their hands, and most of them were taken; And the next day 40 French Horse were met upon the same occasion by a Party of about 50 Brandenburghers, who killed 16 of them, and took several Prisoners; on our side one was killed, and 3 or 4 wounded. Some Deferters that came into our Camp on Saturday say, that the Marquis de *Boufflers* had joyned the Duke of *Luxemburgh*, who lies still near *Halk*. It's believed we shall march again to-morrow towards the Enemy.

Flagne, June 19. We have an account from *Flaners*, that the King was encamped yesterday near *Louvain*, from whence His Majesty intended to march towards the Enemy, who continued about *Halle* and *Braine le Comte*. The Marquis de *Boufflers* has divided his Troops, having sent part of them back towards the *Moselle* and being gone with the rest to joyn the Duke of *Luxemburg*. And the Confederate Forces, that lately relieved the City of *Leige*, are thereupon likewise moving towards *Brabant* to joyn our Army, if it be thought necessary. From *Germany* they write, that the Saxon Forces were come within two days march of the Confederate Army, which lay near *Wisselocke*. And that the French had made a *Bravado* before *Mentz*, but that they soon retired again, having sustained some loss from the Cannon of the Town. We are assured, that part of the Imperial and Bavarian Forces, designed for the assistance of the Duke of *Savoy*, are actually on their march towards *Piedmont*, and that several Regiments are already advanced as far as the Lake of *Constance*. The Duke of *Zell's* Baggage set out from *Zell* on the 13th instant for *Flanders*, and his Highness intended to follow himself in 3 or 4 days.

Dublin, June 6. The Train of Artillery is arrived at *Mullingar* in very good order, and yesterday the Tin-boats or Pontons, that were here, were sent under a good Guard to the Army, which is believed to be now on its march. On the 4th, a Body of Horse was sent out, to summon, as 'tis supposed, *Balmore*. The Prince of *Wirtemberg* is with the Forces under his command at *Thurles*, to observe the Enemy on that side. A Person, who is lately come from *Limerick*, assures us, that their new General, the Sieur de *St. Ruth*, issues out all his Orders in the French King's name, and has required several Officers to take new Commissions from the French King, pursuant to a design of Subjecting this Kingdom to *France*, that has been long carried on here in *Ireland* by the *Abbe Gravelle*, of which his own Letters to a great Minister in *France*, that have been intercepted, are a sufficient Evidence. This has raised great discontents amongst the Irish.

Dover, June 11. On Tuesday Admiral *Ruffel* anchored with the Fleet under his command off of this place; Yesterday morning they wayed, though it blew very fresh at S.W. and with the Tide of Ebb got beyond *Felkesten*. This morning they set sail again, and presently after there came up a handsome breeze at N.E. which still encreases; And the whole Fleet is now out of sight.

Whitehall, June 13. Their Majesties have been pleased to Nominate Dr. *Richard Kiddle*, Dean of *Peterborough*, to be Bishop of *Bath* and *Wells*; And Dr. *John Hall* to be Bishop of *Bristol*.

On Wednesday last the Dean and Chapter of *Ely* unanimously Elected, in pursuance of Their Majesties *Coige d'Hare*, *Simon* Lord Bishop of *Chichester* to be Bishop of *Ely*. The Dean and Chapter of *Gloucester* have also with unanimous Consent Elected Dr. *Edward Fowler* to be Bishop of that See. And Their Majesties have been graciously pleased to grant their Royal Assent to both these Elections.
