HER Majesty's Secretary of State for Foreign Affairs has this day received, through Her Majesty's Ambassador at Washington, the following Circular, which has been issued by the Government of the United States of America:—

**CLEARANCE OF VESSELS AND SHIPMENTS THEREIN DURING THE WAR WITH SPAIN.**

1898. Department Circular No. 72.

Bureau of Navigation.

Treasury Department,

Washington, D.C., April 27, 1898.

To Collectors of Customs and others:

Your attention is directed to the following Act of Congress, approved April 25, 1898, entitled "An Act declaring that war exists between the United States of America and the Kingdom of Spain":

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled—

First—That war be, and the same is hereby, declared to exist, and that war has existed since the twenty-first day of April, anno Domini eighteen hundred and ninety-eight, including said day, between the United States of America and the Kingdom of Spain.

Second—That the President of the United States be, and he hereby is, directed and empowered to use the entire land and naval forces of the United States, and to call into the actual service of the United States the militia of the several States, to such extent as may be necessary to carry this Act into effect.

The following instructions are issued for your guidance:—

1. Clearance will be refused to any vessel for a port or place blockaded by the United States. [The President, on April 25, proclaimed a blockade of the north coast of Cuba, including ports on said coast between Cardenas and Bahia Honda, and the port of Cienfuegos on the south coast of Cuba.]

2. Clearance will be refused to any vessel, carrying goods which are contraband of war, for any Spanish port.

3. Clearance will be refused to any vessel carrying coal for any Spanish port.

4. Clearance will be refused to any American vessel for any Spanish port.

5. Up to and including May 21, 1898, clearance will be granted to any Spanish merchant vessel now in any port or place of the United States for any foreign port, except a port blockaded by the United States, provided that such vessel shall not have on board any officer in the military or naval service of Spain, or any coal (except such as may be necessary for the voyage) or any other article prohibited or contraband of war, or any despatch of or to the Spanish Government. Collectors will issue a certificate to any such vessel on clearance, reciting that said vessel has complied with the provisions of the Proclamation of the President of the United States, signed April 25, 1898, and by virtue of that Proclamation is entitled to continue her voyage if met at sea by any United States ship, except to a blockaded port. To the certificate shall be attached a copy of the Proclamation aforesaid.

Clearance in ballast will be granted to any Spanish merchant vessel which, prior to April 21, 1898, shall have sailed from any foreign port bound for any port or place in the United States, as soon as her cargo is discharged, for any foreign port, except a port blockaded by the United States, provided such vessel shall not have on board any officer in the military or naval service of Spain or any despatch of or to the Spanish Government. Collectors will issue a certificate to any such vessel on clearance, reciting that said vessel has complied with the provisions of the Proclamation of the President of the United States, signed April 26, 1898, and by virtue of that Proclamation is entitled to continue on her voyage if met at sea by a United States ship, except to a blockaded port. To the certificate shall be attached a copy of the Proclamation aforesaid.

6. Clearance will be granted to any American or neutral vessel destined for a neutral port, with a cargo also destined for a neutral port, with regard to the kind of cargo, on compliance without the provisions of law. Where officers of customs have reason to believe that coal or articles considered contraband of war are destined for the use of enemies of the United States, clearance will

be withheld until a report has been forwarded to, and instructions issued by, the Department.

7. Clearance will be issued in all other cases in compliance with the provisions of law.

8. Collectors in doubt in any particular application for clearance will telegraph promptly the facts to the Department and withhold clearance until instructed.

9. The Department declines to give general advice to masters and owners of vessels, shippers, consignees, etc., etc. Any specific case requiring action by the Department must be submitted by those concerned to the proper officer of the customs, who, if in doubt, will communicate with the Department and await instructions before taking action.

#### No. 258.—NORTH ATLANTIC OCEAN.

##### *Non-Existence of Echo Bank.*

INFORMATION has been received from Commander H. E. Pury-Cust, Her Majesty's surveying-vessel "Rambler," that a sounding of 2,965 fathoms has recently been obtained in lat.  $21^{\circ} 18' N.$ , long.  $58^{\circ} 44\frac{1}{2}' W.$ , close to the position of a bank of 34 fathoms, originally reported by the Dutch ship "Echo" in 1837 as being in lat.  $21^{\circ} 12' N.$ , long.  $58^{\circ} 42' W.$

In 1853 the United States surveying-vessel "Dolphin," Lieutenant Berryman, obtained a sounding of 2,800 fathoms near reported position of this bank in lat.  $20^{\circ} 51' N.$ , long.  $58^{\circ} 26' W.$

In 1880, Her Majesty's ship "Tenedos," Captain Adeane, passed over the position assigned to this bank, and could find no bottom at depths of 69 fathoms.

In 1891, Her Majesty's ship "Tourmaline," Captain Rainier, looked for this bank without success.

As on neither of these occasions was there any ripple or discoloured water seen, and as it is most improbable that a bank, such as described by the "Echo," could rise from depths of nearly 3,000 fathoms without some indication of shoal water, it is considered undesirable to retain this bank any longer on the Admiralty Charts, and consequently it has been expunged.

This Notice affects the following Admiralty Charts:—North Atlantic Ocean, No. 2059; Atlantic and Indian Oceans, No. 2483; North Atlantic Ocean, Western portion, 2060b. Also, West India Pilot, Vol. II, 1887, page 107; and Revised Supplement, 1894, relating to that work, page 28.

Between the red nun buoys Nos. 1 and 2 a gauge is erected to indicate the depth of water.

The dredger is to be passed on the side on which a red flag is shown.
