Board of Trade.—Session 1899.

Pemberton Electric Supply.

(The Production, Storage, and Supply of Electricity by the Urban District Council of Pemberton within their district; the Acquisition and Appropriation of Lands and Construction of Works; the Breaking up and Interference with Streets, Railways, and Tramways; the Laying Down and Erection of Electric Lines, Pipes, Wires, and Apparatus; the Taking and Recovery of Rates and Charges; the Entry into Houses and Lands; the Making of Contracts and the Transfer of the Undertaking; the Borrowing of Money; and other provisions.)

NOTICE is hereby given, that the Pemberton Urban District Council (who are hereinafter called "the Council," and whose address is at the Council's Office at Pemberton aforesaid) intend to apply to the Board of Trade on or before the 21st day of December next for a

Provisional Order (hereinafter called "the Order") under the Electric Lighting Acts, 1882 and 1888, for all or some of the following amongst other purposes (that is to say):—

1. To authorise the Council to produce, store, supply, and distribute electricity for public and private purposes as defined by the Electric Lighting Acts within the urban district of Pemberton, in the county of Lancaster (hereinafter referred to as "the area of supply").

2. To enable the Council to acquire by agreement or take on lease and hold lands and premises, or interests or easements in or over lands, or to appropriate for the purposes of the Order any lands belonging to or held by them, and to construct, provide, lay down, alter, or renew and maintain upon such lands all necessary stations and works for the producing, storage, distribution, and supply of electricity as may be necessary from time to time for such purposes, together with all buildings, steam and other engines, dynamos, batteries, machinery, apparatus, works, and appliances necessary or convenient for the purposes aforesaid, or for other purposes of the undertaking, and to empower the Council to sell or dispose of any lands not required for the purposes of the undertaking.

3. To authorise the Council to open, break up, and interfere with all streets, roads, public places, ways, footpaths, railways, tramways, canals, rivers, towing paths, bridges, culverts, sewers, drains, and gas and water mains and pipes, and telegraph and telephone and other wires within the area of supply, and to lay down, erect, maintain, renew and remove, either above or underground or otherwise, electric lines, conductors, mains, pipes, tubes, wires, posts, street or distributing boxes, meters, apparatus, and other works or things required for the purpose of enabling the Council to supply, produce, store, convey, transmit, or distribute electricity within the area of supply, and to confer all such other powers upon the Council as may be necessary for effecting the objects of the proposed undertaking.

4. To authorise the Council to manufacture, purchase, hire, sell and let lamps, accumulators, meters, dynamos, fittings, plant, machinery, and other matters or things required for the Order, and to acquire, work, and use patent rights for the producing, storing, collecting, distributing and measuring or otherwise relating to the supply of electricity.

5. To authorise the Council to take, collect, and recover rates, rents, and charges for the supply of electricity and the use of any machine, lamps, meters, fittings or apparatus connected therewith.

6. To prescribe or limit the area within which electricity shall at first be supplied, and to provide for the ultimate extension over the whole of the area of supply.

7. To exempt the Council from the obligation to supply electricity within such part or parts of the area of supply, or under such circumstances as shall be specified in the Order.

8. To authorise the Council to break up, pass, or cross over or under all streets and parts of streets carried over and under any railway, tramway, canal, or river, and to break up or interfere with the Lancashire and Yorkshire and London and North Western Railways, and all lines, branches, sidings, and stations belonging to and used by the said railways, so far as they are situate within the area of supply, including the level crossing in Blundell's Colliery-road, of the private sidings and railway connecting May Mill sidings and the Pemberton collieries of Messrs. Jonathan Blundell and Son with the
