

The first part of the document
 discusses the general principles
 of the proposed system.
 It is intended to provide a
 clear and concise summary
 of the main points.
 The second part of the document
 contains a detailed description
 of the various components
 and their functions.
 This section is intended to
 provide a comprehensive
 overview of the system's
 architecture and design.
 The third part of the document
 discusses the implementation
 details and the results of
 the testing process.
 It includes a comparison of
 the proposed system with
 existing solutions and a
 discussion of the advantages
 and disadvantages of the
 proposed approach.

The fourth part of the document
 discusses the future work
 and the conclusions of the
 study. It includes a list of
 references and a list of
 figures and tables.

The fifth part of the document
 contains the appendixes and
 the index.
