Board of Trade (Fisheries and Harbour Department), London, January 1, 1902.

THE Board of Trade have received, through the Secretary of State for Foreign Affairs, a copy of the following Telegram, dated December 30, from His Majesty's Representative at Rio de Janeiro:—"By decree of December 24, city and port of Glasgow declared clean."

(II. 62.)

Board of Trade (Fisheries and Harbour Department) London, January 2, 1902.

The Board of Trade have received, through the Secretary of State for Foreign Affairs, a copy of a Despatch, dated December 24, from His Majesty's Representative at St. Petersburg, enclosing the following copy of a Declaration which appeared in the Official Messenger of that date, modifying the existing Sanitary Regulations on the Black Sea Littoral:—

La commission instituée d'ordre suprême pour les mesures à prendre contre la peste fait savoir que, vu l'état satisfaisant au point de vue de la peste du littoral de la mer Noire et en considération de ce que les cas de peste ont cessé de se produire dans les régions les plus voisines du littoral à l'étranger, il a été décidé de rapporter, depuis le 10 décembre, les mesures suivantes:

1. L'examen médical des navires sortant du port de Batoum et la surveillance médicale des voyageurs quittant Batoum par chemin de fer.

2. L'obligation pour les propriétaires de bateaux servant au transport des voyageurs entre les ports de la mer Noire, d'avoir à leur bord des médecins.

La commission a décidé en même temps, en vue d'assurer la constatation en temps utile des cas de maladie suspects qui viendraient à se produire et en vue de la surveillance sanitaire du littoral de la mer Noire, de maintenir jusqu'à nouvel ordre:

1. L'activité des commissions d'exécution sanitaires dans les provinces, territoires et préfectures limitrophes dudit littoral, et

2. La visite médicale des navires naviguant entre les ports, à leur arrivée dans les ports.
