6. To empower the Company to deviate laterally and vertically from the lines and levels of the intended road widenings shown on the supplemental plans and sections to the extent to be shown on the said plans and sections or to be defined in the additional provision, and for the purposes of and in connection with such widenings with the consent of the local authority, to make junctions and communications with any existing streets or roads which may be intercepted with or intercepted by or be contiguous to such works, and to make diversions, widenings or alterations of the lines or levels of any existing streets or roads for the purpose of connecting the same with such works, or of crossing under or over the same.

7. To empower the Company to widen, where necessary, the carriage road along which the Tramways described in the said Bill, and in the additional provision, are to be laid by reducing the width of the footpath or otherwise.
