

Stowford Brook, the West Kettle Brook and its tributaries, and the Bicton leat at and above the respective points at which the same will be intercepted by the works hereinbefore described, all of which waters now flow directly or indirectly in part into the Bicton leat and in part into the Colaton Raleigh Brook and thence into the River Otter, and thence into the English Channel.

5. To empower the Council, for the purposes of the proposed works and for the protection from fouling or contamination of the water which they are empowered to take, and for other the purposes of the intended Act, to purchase or acquire by compulsion or agreement, or to take on lease and hold any lands, commonable or otherwise, houses or buildings situate in the parishes, areas and places aforesaid, and to acquire by compulsion or agreement, rights or easements in, over, or connected with any lands, commonable or otherwise, houses and buildings; the lands so proposed to be taken include lands within the drainage area of the Stowford Brook and the West Kettle Brook and its tributaries, and situate in the

parishes of Colaton Raleigh and Bicton, in the county of Devon.

6. To empower the Council to hold any lands acquired under the provisions of the intended Act free from the provisions of the Lands Clauses Consolidation Act, 1845, with respect to superfluous lands, and if thought fit to acquire, by compulsion or agreement, any mines or minerals under any such lands, notwithstanding the provisions of the Waterworks Clauses Act, 1847, with respect to mines.

7. To exempt the Council from the provisions of section 92 of the Lands Clauses Consolidation Act, 1845, with respect to all or some of the lands to be acquired by them under the powers of the intended Act.

8. It is proposed for the purpose of the intended works and other the purposes of the intended Act, to take or compulsorily use certain lands being or reputed to be common or commonable lands, which are situate as hereinafter mentioned, and of which it is estimated the quantity specified in each instance will be taken (that is to say):—

9. To empower the Council to lay down, maintain, alter or renew aqueducts, conduits, mains, pipes, culverts, telegraph and telephone conductors, wires, posts and other works for or in connection with their supply of water in, through, along, under, across or over streets, roads, footpaths, highways, bridges, rivers, streams, canals, towing paths, railways and tramways within the parishes and places aforesaid, and within the limits of supply of the Council, and for that purpose and otherwise for the purposes of the intended Act, to extend to such works all or any of the provisions of the Waterworks Clauses Acts, 1847 and 1863, and to empower the Council to break up, cross, alter, divert, stop up, raise, lower and interfere with (either temporarily or permanently) any streets, roads, footways and highways (whether dedicated to the public or not), bridges, canals, towing paths, railways and tramways, sewers, drains, streams, watercourses, pipes, and telegraphic, telephonic and other electric wires, conductors and pipes, and to appropriate the soil and surface of the streets, roads, footpaths and highways stopped up, disused or diverted.

10. To empower the Council to divert or stop up and extinguish all rights of way over the footpaths shown upon the said plans as intended to be diverted or stopped up under the powers of the intended Act, and to extinguish all rights of way and other rights in or over any lands which may be taken under the powers of the intended Act.

11. To make provisions with reference to the quantity or the amount of compensation (if any) by water, or otherwise, to be given by the Council in respect of the proposed taking, impounding and diverting of water, and (in case of compensation by water) with reference to the time and manner of the delivery thereof, and the mode of measuring or ascertaining the quantity to be delivered.

12. To empower the Council to discharge water from any of the intended works into any rivers, streams or watercourses on the line thereof or near thereto, or with which such works may be made to communicate.

13. To make such provisions as may have been or may be agreed upon, or as may be prescribed or authorized by the intended Act, for the protection and benefit of the landowners and millowners, and any other persons or bodies whose property, rights, powers or interests will or might be affected by the execution of the powers of the Act, and of their property, rights and interests, and to authorize or confirm or give effect to any arrangements or agreements which may have been or may be entered into between the Council and such landowners and millowners and other persons and bodies, or some or any of them.

14. To authorize the Council to enter into agreements with the owners, lessees and occupiers of lands within the gathering area of the reservoirs of the Council, and the local or any public authority having jurisdiction in any district in which such lands are situate as to the construction
