

Treasury Chambers,
5th November, 1905.

Prohibition under Section 5 of "The Customs and Inland Revenue Act, 1888," of the use in Beer of certain substances.

Whereas by a Notice published in the London Gazette of the eighteenth day of May, 1888, the Lords Commissioners of the Treasury prohibited the use of a certain chemical or artificial extract or product from Coal Tar, commonly called "Saccharin," in the manufacture and preparation for sale of Beer; and whereas by a Notice published in the London Gazette of the tenth day of December, 1901, the said Lords Commissioners prohibited the use of a certain other chemical or artificial product, commonly called "Sucramine," in the manufacture and preparation for sale of Beer.

And whereas there is another chemical or artificial product of a similar kind called "Sugarol."

And whereas it appears to the satisfaction of the said Lords Commissioners that Saccharin, Sucramine, Sugarol, and the compounds of Saccharin, Sucramine, and Sugarol respectively, and also all other substances being chemical or artificial products which furnish the chemical tests of Saccharin, are capable of being used in the manufacture and preparation for sale of Beer, and that the use of any of the said substances is calculated to affect prejudicially the interests of the Revenue.

Now, the said Lords Commissioners, under the power conferred upon them by Section 5 of "The Customs and Inland Revenue Act, 1888," do hereby prohibit the use of any of the said substances in the manufacture and preparation for sale of Beer.

Dated this eighth day of November, 1905.

N.B.—A penalty of £50 is imposed by the said section for any breach of this prohibition.
