For the purposes of the Electric Lighting Acts, 1882 and 1888, and of the Electric Lighting (Scotland) Act, 1890, and all Provisional Orders and Licences made and issued thereunder, the Board of Trade approve of the pattern and construction of the meter (hereinafter described) for the measurement of electrical energy when supplied on the constant potential alternating current system, namely:—

The meter No. 138,085 deposited at the Board of Trade on the 25th May, 1905, by or on behalf of Siemens Brothers and Company Limited, York-street, Westminster, S.W., and sealed by the Board of Trade, and known as the Siemens-Schuckert Meter Type W 2.

Provided that the meter be tested, fixed, and used as described in the specification and instructions deposited at the Board of Trade and dated and numbered 3rd April, 1906, and H. 4587.

The Board of Trade further approve of the means provided for fixing meters of this description, and for connecting them with the service lines as described in the specification and instructions above referred to.

Signed by order of the Board of Trade this 18th day of April, 1906.

*T. H. W. Pelham, Assistant Secretary,
Board of Trade.*
