NAVAL UNIFORM.

In pursuance of His Majesty's pleasure, a new pattern White Helmet in accordance with the specification shewn below has been adopted as the Uniform Pattern Helmet for Officers of the Royal Navy.

HELMET.

For all Officers.—Made of cork, covered with white jean, showing 6 seams, and bound with thin buff leather, with ventilating button at top, the front peak set at an angle of about 45 degrees to the crown. For a medium sized helmet dimensions of the front peak $2\frac{1}{2}$ inches; peak at sides 2 inches; back peak $3\frac{1}{2}$ inches.

The measurements for the peaks are taken inside from the ridge formed by the crown and the peak. The front peak is cut semi-pointed, the back peak broad and rounded at the corners. Between the interior headpiece and the body of the helmet is a space to allow of ventilation, with green zigzag ventilator let in. The helmet is fitted with two gilt hooks for the chin strap,—such chin strap to be $\frac{1}{2}$ inch wide (full) of thin brown calf leather, fitted with gilt slide. The helmet is fitted with a white cotton puggaree of 6 folds, folded back and front with one row of dark blue silk about $\frac{1}{4}$ inch showing at top edge. The folds are crossed back and front and measure about 2 inches (full) back and front and 3 inches (full) at the sides.

Officers may wear the old pattern helmet until a new one is required.
