*Separation of Diseased and Suspected Animals

1.—(1.) Every person having in his possession or under his charge a horse, ass, or mule affected with or suspected of parasitic mange shall (a) as far as practicable keep that animal separate from animals not so affected or suspected; and (b) with all practicable speed give notice of the fact of the horse, ass, or mule being so affected or suspected to a constable of the police force for the police area in which the horse, ass, or mule so affected or suspected is.

(2.) The constable receiving such notice shall forthwith give information of the receipt by him of the notice to an Inspector of the Local Authority, who shall forthwith report the same to the Local Authority.

(ii.) No other horse, ass, or mule shall be moved out of the stable, shed, field, or other premises, unless on each occasion immediately before the movement it is treated with some dressing or other remedy for parasitic mange approved for that purpose by a Veterinary Inspector of the Local Authority.

(2.) A Notice under this Order shall remain in force until it is withdrawn by a Notice in writing served on the occupier of the premises by an Inspector of the Local Authority.
