TUESDAY, NOVEMBER 2, 1909.

Whitehall, November 1, 1909.

The following Addresses were presented to The King on Monday, the 25th October, on the occasion of His Majesty's visit to Norwich for the purpose of presenting colours to the units of the Territorial Force in Norfolk, and of laying the foundation stone of the new buildings to be added to the Norfolk and Norwich Hospital:—

To the King's Most Excellent Majesty:—

May it please Your Majesty.

We, Your Majesty's loyal and dutiful subjects, the Mayor, Aldermen and Citizens of the ancient city of Norwich and county of the same city, desire to offer Your Majesty a sincere welcome on the occasion of Your Majesty's first visit as King to this city. It is 238 years since a King of England has so favoured us.

It may interest Your Majesty, who has honoured the county of Norfolk by making it Your Majesty's home, to learn that it has been recently discovered that Your Majesty's Royal predecessors, King Henry III, King Edward I and King Edward II had a residence and park at Burgh by Aylsham, and frequently visited them for hunting and shooting.

We recall with the pleasantest recollection Your Majesty's several previous visits when Prince of Wales, and the interest Your Majesty has repeatedly shown in this city and its charitable institutions.

We offer Your Majesty our hearty thanks for visiting this city for the double purpose of presenting guidons or colours to the Norfolk

Units of the Territorial Forces, in whom Your Majesty has shown so keen an interest, and of laying the foundation stone of the extensions to the Norfolk and Norwich Hospital, the foundation stone of the present hospital having been laid by Your Majesty in the year 1879.

We further beg to assure Your Majesty of the regard and respect in which Your Majesty and Your Royal Consort are held in a city inhabited by the descendants of so many of Her Majesty's Scandinavian countrymen.

To which Address His Majesty was pleased to return the following gracious Answer:—

"I heartily thank you for your loyal and dutiful Address of Welcome.

"You are all aware of My constant interest in the welfare of the county of Norfolk, and it gives Me the greatest pleasure to visit the capital city of the county.

"Norwich has been an important centre of the life of the country from very early times; it has been the scene of warlike incidents, and it has always been renowned for the industries pursued by its citizens. Your splendid cathedral, your numerous churches, your fine memorials testify to the piety and public spirit of your ancestors; and the numerous important factories which you have established give testimony of your activity and show that your skill and energy, though turned into different channels, have in no way diminished.

"I am pleased to see that the men of Norfolk have not lost the martial spirit which is

traditional in the Eastern Counties, and are eager now, as they have been in the past, to serve their country with zeal and devotion.

"The welfare and prosperity of your city will always have My most sincere good wishes."

May it please Your Majesty,

When You honoured us by laying the foundation stone of this Hospital in 1879, it fell to the lot of my late father to present Your Majesty with an Address. And now—thirty years later—having succeeded my father as President of the Hospital, it is the privilege of my office to be allowed to welcome Your Majesty this afternoon, and to thank You in the name of the Governors and all friends of the Hospital for the sincere interest which You have always taken in the welfare of this Institution.

It is within our grateful recollection that Your Majesty, accompanied by Her Most Gracious Majesty Queen Alexandra, paid a second visit to this Hospital in 1884, when the present building was completed, and it is a source of singular gratification to the Governors that Your Majesty has been willing to pay us a third visit to-day to inaugurate a further effort on our part to extend the usefulness of the Hospital, and to bring within reach of the poorest citizen the latest results of medical and surgical research.

The building, of which Your Majesty has graciously consented to lay the foundation stone, is intended for those persons whose presence in the ordinary wards of the Hospital would be a source of danger to their fellow-patients. And when this building is finished, if, as we hope and believe, the liberality of the City and County, stimulated by the sympathy of their King, will furnish us with adequate resources, other and much-needed improvements will follow.

It will, I trust, be of interest to Your Majesty to know that the Hospital Authorities have given every encouragement to their Nurses to join the Nursing Service of the Territorial Force of the East Anglian Division. In addition to this, we have undertaken to supply Nurses for special service under the Admiralty, should necessity arise.

May I add in conclusion, that it is the fervent prayer of everyone connected with this Institution that Your Majesty may be a witness, for long years to come, of the growing popularity and the increasing efficiency of the Norfolk and Norwich Hospital.

To which Address His Majesty was pleased to return the following gracious Answer:—

"I thank you for the loyal Address of Welcome which your Lordship has presented to Me from the Governing Body and friends of the Norfolk and Norwich Hospital.

"I well remember My visits to you in 1879 and 1884, and I have read with great interest an account of the good work performed by the Hospital since its opening in the latter year. I am glad to see that a want long felt by the Hospital Authorities, a want which has in many cases hampered their efforts, has now been supplied, and it is a source of great gratification to Me to open to-day the extension of the Hospital designed as an isolation block for the

reception of such cases as cannot without risk of infection be allowed to associate with other patients.

"No greater blessings exist for the poorer classes of the country than institutions which provide for their relief and care in illness, and any movement to establish new buildings for the purpose, to extend those already in existence, or to render them more efficient, will always have My warmest support. I am sure that those charitable men and women who have so liberally contributed to your Hospital in the past will themselves continue their support, and will by their efforts stimulate others to assist in this noble work of charity.

"The encouragement which you give to your nurses to join the Nursing Service of the Territorial Force meets with My most cordial approval. In matters of life and death the services of the trained nurse are no less essential than those of the physician or the surgeon.

"I pray that the blessing of God may attend your labours."

ORDER of the Local Government Board: Altering General Consolidated Order: Daily Visitation of Sick and Lying-in Wards of Workhouse: Transferring certain Duties from Master and Matron to Superintendent Nurse:—

WORCESTER UNION.

To the Guardians of the Poor of the Worcester Union;—

And to all others whom it may concern.

Whereas by a General Order dated the 24th day of July, 1847, the Poor Law Commissioners made certain Rules and Regulations with regard to the government of the Workhouses of certain Unions, including the Worcester Union, and the duties of persons appointed to certain offices in the said Workhouses, including the offices of Master and Matron of the Workhouse;

And whereas by Articles 208 and 210 of the said Order the Master and Matron of the Workhouse are respectively required to visit the wards of the male and female paupers every morning and night, and to see that the regulations prescribed in the said Articles are duly and properly carried out;

And whereas it is expedient that other provision should be made as regards the visitation of the sick and lying-in wards of the Workhouse of the said Union:

Now therefore, We, the Local Government Board, in pursuance of the powers given to Us by the Statutes in that behalf, hereby Order that the following Regulations shall be in force in the said Worcester Union as regards the visitation of the sick and lying-in wards of the Workhouse of the Union:—

ARTICLE I.—It shall be the duty of the Superintendent Nurse to visit each of the sick and lying-in wards of the Workhouse daily and to see that the said wards have been duly cleansed and are properly warmed and ventilated, and also that all such arrangements are made as may be necessary for the proper care of and attendance upon the inmates both by day and during the night.

ARTICLE II.—The duty of making morning and nightly visits to the sick and lying-in wards of the Workhouse shall cease to be part of the duties of the Master or Matron of the Workhouse, as the case may be; but, except to this extent, nothing in this Order shall affect the duties of the Master or Matron so far as those

duties relate to the general control of the Workhouse.

Given under the Seal of Office of the Local Government Board, this twenty-fifth day of October, in the year one thousand nine hundred and nine.

John Burns,

President

H. C. Monro, Assistant Secretary.

TEMPORARY ORDER of the Local Government Board: Relief to able-bodied Men, their Wives and Families:—

WANDSWORTH UNION.

To the Guardians of the Poor of the Wandsworth Union;—

And to all others whom it may concern.

Whereas by a General Order dated the 14th day of December, 1852, addressed to the Guardians of the Poor of certain Unions and Parishes, including the Wandsworth and Clapham Union (now known as the Wandsworth Union), the Poor Law Board prescribed Regulations with regard to the administration of outdoor relief to poor persons in the said Union;

And whereas it is expedient that further provision should be made temporarily with regard to the administration of relief to certain classes of poor persons in the said Union:

Now therefore, We, the Local Government Board, in pursuance of the powers given to Us by the Statutes in that behalf, hereby Order as follows:—
