The KING has been pleased to approve of—
Senhor Demetrio Cinatti as Consul-General of Portugal at London for the counties of Lincoln, Norfolk, Suffolk, Huntingdon, Cambridge, Hertford, Essex, Middlesex, Kent, Sussex, Surrey, Berkshire, Hampshire, Wiltshire, Dorset, Stafford, Derby, Warwick, Nottingham, Leicester, Rutland, Northampton, Bedford, Oxford and Buckingham;

Senhor Guilherme Quillinan da Silva Machado as Consul of Portugal at Liverpool for the counties of Cumberland, Westmorland, Lancaster, Chester, Anglesey, Flint, Denbigh, Carnarvon and Merioneth; and

The Marquis Carlo Durazzo as Consul of Italy at Montreal for the Dominion of Canada, with the exception of the Provinces of Nova Scotia, New Brunswick and Prince Edward Island.

Whitehall, November 15, 1911.

His Majesty The KING has been pleased to award the Edward Medal of the Second Class to Thomas Barker under the following circumstances:—

On the 3rd July last a bobbin carrier named Whitehead, employed at the Hawk Cotton

Spinning Factory, Shaw, Lancashire, slipped while entering the hoist cage on the third floor and, clutching the starting chain, set the hoist in motion. Whitehead fell forward, and, the doors of the hoist having closed automatically, he became tightly wedged between the top of the doorway and the cage floor. Barker, a spinner, seeing what had happened, rushed to Whitehead's assistance, but found he could neither open nor shut the hoist doors. Squeezing through the small opening between the doors, Barker stood on a very narrow ledge where he ran a grave risk of falling down the open hoist-well, a depth at this landing of 60 feet. He managed to get hold of the chains, and by exercise of all his strength to lower the hoist cage until, with the aid of other helpers, Whitehead could be lifted away, though he afterwards succumbed to the serious injuries he had sustained.

His Majesty The KING has also been pleased to award the Edward Medal of the Second Class to George Jones and Hugh Roberts.

On the 5th August, 1910, a serious explosion, causing the loss of two lives, occurred at the Main Coal Colliery, Northop, near Flint, owing to the ignition of fire damp by a shot fired to bring down coal. Jones, the fireman in charge at the time of the explosion, was severely injured; but, although a fire was known to be burning in the mine, he returned twice to the workings in search of one of the men under his charge who was believed to be missing. On the second occasion Jones was accompanied by Roberts, a timberman, who subsequently went again into the mine in order to extinguish the fire.
