

(2.) The owner and occupier of any premises on which there is a horse, ass or mule affected with, or suspected of, parasitic mange, shall give all reasonable facilities for the inquiry by the Local Authority under this Article.

*Detention and Treatment of Animals.*

5.—(1.) A Veterinary Inspector of the Local Authority may serve a Notice (in the Form A set forth in the Schedule to this Order, or to the like effect) on the occupier of any stable, shed, field or other premises in which there is a horse, ass or mule which in his opinion is affected with parasitic mange, and thereupon the following restrictions shall take effect:—

(i.) The horse, ass or mule so affected shall not be moved out of the stable, shed, field or other premises specified in the Notice, except with the written authority, and under the supervision, of an Inspector of the Local Authority, and only to some other place of detention or to a knacker's yard; and during the detention it shall from time to time, as often as may be necessary, be treated by the owner thereof with some dressing or other remedy for parasitic mange approved for that purpose by a Veterinary Inspector of the Local Authority or a Veterinary Surgeon or Veterinary Practitioner employed by the owner of the animal to examine it;

(ii.) No other horse, ass or mule shall be moved out of the stable, shed, field or other premises unless on each occasion immediately before the movement it is treated with some dressing or other remedy for parasitic mange approved for that purpose by a Veterinary Inspector of the Local Authority or a Veterinary Surgeon or Veterinary Practitioner employed by the owner of the animal to examine it;

(iii.) No horse, ass or mule shall be allowed by the owner or person in charge thereof to stray out of the stable, shed, field or other premises.

(2.) A Notice under this Order shall remain in force until it is withdrawn by a Notice in writing served on the occupier of the premises by an Inspector of the Local Authority.

(3.) Where a Notice refers to two or more diseased animals the Notice may subsequently be altered so as to refer to one or more of such animals only.

(4.) An Inspector shall with all practicable speed send a copy of any Notice served under this Article to the Local Authority and to the police officer in charge of the nearest police station of the District.

*Cleansing and Disinfection.*

6.—(1.) Any place in which a horse, ass or mule affected with, or suspected of, parasitic mange has been kept shall, if and when so required by an Inspector of the Local Authority, be cleansed and disinfected by, and at the expense of, the occupier of such place as follows:—

(a) The place shall be swept out, and the sweepings shall forthwith be well mixed with quicklime and be effectually removed from contact with horses, asses or mules; and

(b) The floor of the place and all other parts thereof with which such horse, ass or

mule has come in contact shall be thoroughly washed, or scrubbed, or scoured with water; then

(c) The same parts of the place shall, so far as is practicable, be disinfected in accordance with the subsequent provisions of this Article.

(d) In the case of a field or other place which is not capable of being so cleansed and disinfected, it shall be sufficient if such field or place be cleansed and disinfected as far as practicable and to the satisfaction of an Inspector of the Local Authority.

(2.) Every utensil, manger, feeding-trough, pen, hurdle, harness, clothing, or other thing used for or about a horse, ass or mule affected with, or suspected of, parasitic mange shall, as soon as practicable after being so used, and before being used for any other horse, ass or mule, be cleansed by being thoroughly washed, or scrubbed, or scoured with water, and subsequently disinfected in accordance with the subsequent provisions of this Article, and such cleansing and disinfection shall be carried out by, and at the expense of, the owner of the thing.

(3.) Every place or thing, or part thereof, required by this Article to be disinfected shall be thoroughly coated or washed with—

(a) a one per cent. (minimum) solution of chloride of lime containing not less than thirty per cent. of available chlorine; or

(b) a four per cent. (minimum) solution of carbolic acid (containing not less than ninety-five per cent. of actual carbolic acid), followed by a thorough sprinkling with lime-wash; or

(c) a disinfectant equal in disinfective efficiency to the above-mentioned solution of carbolic acid, followed by a thorough sprinkling with limewash.

(4.) If any person fail to cleanse and disinfect any place or any utensil, manger, feeding-trough, pen, hurdle, harness, clothing, or other thing, or to remove any litter, in accordance with this Order, it shall be lawful for the Local Authority, without prejudice to the recovery of any penalty for the infringement of this Order, to cause such place or such utensil, manger, feeding-trough, pen, hurdle, harness, clothing, or other thing to be cleansed and disinfected, or to remove such litter, and to recover summarily from such person the expenses thereby incurred.

(5.) Where the power conferred by the preceding provision of this Article is exercised by the Local Authority, the occupier of the place, and the owner of the thing, to be cleansed and disinfected shall give all reasonable facilities for that purpose:

*Prohibition to expose or move Animals affected with Parasitic Mange.*

7.—(1.) It shall not be lawful for any person—

(i.) to expose a horse, ass or mule affected with parasitic mange in a market, fair, sale-yard, or other public or private place where such animals are commonly exposed for sale;

(ii.) to place a horse, ass or mule affected with parasitic mange in a lair or other place adjacent to or connected with a market, fair,
