

c. 55), of Reserve Values for Male Insured Persons, who at the date of joining an Approved Society or becoming a Person entitled to Benefits out of the Navy and Army Insurance Fund are serving in the Navy or Army and to whom section 46 of that Act applies.

Whereas, by section 55 of the National Insurance Act, 1911, the Insurance Commissioners are required and empowered to cause tables to be prepared showing, in cases in which such provision is necessary, the capital sums (in that Act and herein referred to as "Reserve Values") which it is necessary to provide in respect of members entering into insurance at ages over the age of 16 to meet the estimated loss, if any, arising through the acceptance by an Approved Society of such persons as members upon the terms and conditions as regards contributions and benefits prescribed by that Act; and whereas by section 83 of that Act it is provided that the Joint Committee constituted thereunder shall exercise and perform such powers and duties of the several bodies of Commissioners under that Act as may be provided by regulations to be made by the Treasury; and whereas by the regulations made by the Treasury thereunder it is provided that the Joint Committee alone shall exercise the power of making under sub-section (1) of section 55 of the Act tables showing reserve values: Now, therefore, the Joint Committee, in pursuance of the powers above recited and of all other powers enabling them in that behalf, have caused to be prepared the tables hereto appended, showing in respect of seamen, marines and soldiers to whom section 46 of that Act applies at the date of their entry into insurance in cases in which such provision is necessary the reserve values which it is necessary to provide in Great Britain or in Ireland in respect of such seamen, marines and soldiers entering into insurance, within one year after the commencement of the Act, at the ages shown in the first column of that table, and that table shall have effect accordingly.
