Foreign Office,
September 11, 1914.

VESSELS DETAINED OR CAPTURED BY THE JAPANESE NAVAL AUTHORITIES.

Nil.
(August 28th.)

By Imperial Ordinance, dated the 28th ultimo, a Prize Court has been established at Sasebo.

According to information received by His Majesty's Ambassador at Tokio from the Japanese Government, innocent cargoes owned by British subjects on vessels which may henceforth be captured will be released as soon as possible in cases where the Prize Court considers there is no objection to this course.

VESSELS DETAINED OR CAPTURED BY THE RUSSIAN NAVAL AUTHORITIES.

It is hoped shortly to publish a complete list of these vessels in the London Gazette.

According to information received by His Majesty's Ambassador at Petrograd from the Russian Government, British owners of cargoes on such vessels should make application to the General Staff, Ministry of Marine, Petrograd. Restitution of British-owned cargoes in vessels seized in port will be made administratively without previous judicial decision. The intervention of His Majesty's Consular Officers in these cases is permitted, and His Majesty's Consular Officers have been so advised by His Majesty's Ambassador at Petrograd.
