NOTE (1).—All persons or firms resident, carrying on business or being in the United Kingdom are prohibited from having any dealings with any of the persons or firms mentioned in this List, or in any List issued under the Trading with the Enemy (Statutory List) Proclamation, 1916, No. 3. A List (The Consolidating List, No. 25A) consolidating all previous Lists revised to date and including the amendments in the Schedule annexed hereto is issued concurrently with this Order. This Consolidating List contains all the names which up to this date are included in the Statutory List.

Additions to and variations in these Lists will be published at intervals approximately of two weeks.

The Lists are published in the London Gazette and reproduced in the Board of Trade Journal, and separate copies of all Lists may be obtained at a small cost from the Superintendent of Publications, His Majesty's Stationery Office, Imperial House, Kingsway, W.C.

NOTE (2).—Where a person or firm mentioned in the List has more than one address in the same country, all dealings in that country with such person or firm are prohibited, even in cases where one only of the addresses is specifically mentioned.

*NOTE (3).—Trading is prohibited under the Trading with the Enemy Proclamations of 25th June, and 10th November, 1915, with any person or firm of enemy nationality resident or carrying on business in China, Siam, Persia, Morocco, Liberia or Portuguese East Africa. Persons or firms in the United Kingdom are therefore prohibited from trading with any person or firm of enemy nationality in any of those countries, even though such person or firm is not mentioned by name in the Statutory List.

NOTE (4).—In order to minimise as far as possible any inconvenience which may be caused to British traders by the dislocation of export trade owing to the inclusion in the Statutory List of a former connection, the Foreign Trade Department is collecting and classifying the names of non-enemy firms who may be able to act as substitutes for firms mentioned in the Statutory List. A considerable amount of information is already available at the Foreign

Trade Department, and it is in many cases possible to suggest the names of satisfactory substitutes without the necessity of referring the matter abroad. The Department is, however, prepared on application to enquire of His Majesty's Representatives abroad for the names of suitable substitutes. When the applicant wishes this done by telegraph he is required to undertake to pay the cost of telegraphic correspondence. It would greatly facilitate the work of the Foreign Trade Department if applicants in making enquiries would specify the particular trade or trades for which substitutes are required.

NOTE (5).—The Statutory List for each country is telegraphed, on the day of issue, to His Majesty's Representative in that country who is instructed to notify accordingly British Consular Officers, to whom persons abroad should apply for information as to names on the List. Persons and firms in the United Kingdom with agencies or branches abroad would, however, be well advised to furnish such agencies or branches with issues of the List as they appear. The Lists for all countries in Central or South America are also telegraphed to His Majesty's Ambassador at Washington, who transmits them to H.M. Consul-General at New York and to other centres in the United States likely to be interested.

At the Council Chamber, *Whitehall*, the 27th day of *April*, 1917.

And whereas by Section 1 of the Poisons and Pharmacy Act, 1908, it is enacted that Schedule (A) to the Pharmacy Act, 1868, be repealed, and the Schedule to the Poisons and Pharmacy Act, 1908, substituted therefor, and that the said last-named Schedule may be amended by adding thereto any Article in the manner provided by Section 2 of the Pharmacy Act, 1868:

And whereas the Council of the Pharmaceutical Society of Great Britain did, on the 4th day of April, 1917, by virtue and in exercise of the powers vested in them by Section 2 of the Pharmacy Act, 1868, as modified by Sec-

tion 1 of the Poisons and Pharmacy Act, 1908, resolve and declare as follows:—

ADMIRALTY NOTICE TO MARINERS.

No. 423 of the year 1917.

ENGLAND, EAST COAST.

*River Humber and Approaches—Pilotage and Traffic Regulations.**Former Notice.*—No. 399 of 1917; hereby cancelled.

Mariners are hereby warned that, under the Defence of the Realm (Consolidation) Regulations, 1914, the following Regulations have been made by the Lords Commissioners of the Admiralty, and are now in force:—

1. That portion of the Humber which lies between two straight lines, drawn from shore to shore, as follows:—(1) a line drawn 225° (*S. 61^{\circ} W. Mag.*) through Spurn lighthouse, (2) drawn 344° (*North Mag.*) from the east side of Barrow haven, will be referred to as the "port" in these regulations.

2. Shipowners and local agents are warned that their vessels should be directed to conform to the following regulations:—

(I) Except under exceptional circumstances merchant vessels will be free to enter or leave the port during the hours of Official day.

(II) Before entering the port merchant vessels must receive permission and the necessary instructions from the Examination steamer, and before leaving they must obtain permission through the Collector of Customs at Hull, Grimsby, or Goole, as the case may be.

(III) Shipowners and local agents are advised to time the arrival of their vessels at the port for daylight.

(IV) Vessels desiring to enter the port from seaward are, unless previously met by the Examination steamer, to proceed to the Southern Examination anchorage (except during strong northerly or easterly winds, when they should proceed to the Northern Examination anchorage) and there anchor.

(V) The Examination steamer will be met in the Examination area between Bull light-vessel and Chequer Shoal buoy.

The Examination steamer will be distinguished by the following means:—

By Day.—A white ensign, and at the foremast head the special flag mentioned in Part II of Admiralty Notice to Mariners No. 1 of 1917. When the port is closed 3 red balls will be hoisted in addition to the special flag.

By Night.—Three lights vertically, 3 feet apart, conspicuously displayed at the end of a yard so as to show an unbroken light round the horizon. When the port is closed these lights will be red, when it is open they will be white.

NOTE—These lights are in addition to the ordinary navigation lights.

(VI) There are two Examination anchorages. The northern is to be used in strong northerly and easterly winds. The southern is to be used under all other conditions.

The Northern Examination anchorage comprises those portions of Hawke road and Middle shoal included between the intersection of the following lines of bearing:—

(1) Skeffling church bearing 18° (*N. 34^{\circ} E. Mag.*).

(2) Skeffling church bearing 4° (*N. 20^{\circ} E. Mag.*).

(3) Spurn lighthouse bearing 120° (*S. 44^{\circ} E. Mag.*).

(4) Extreme of Spurn point bearing 115° (*S. 49^{\circ} E. Mag.*).

The Southern Examination Anchorage comprising the area bounded as follows:—

(1) On the north by the Bull sand.

(2) On the south by the three fathom contour line northward of Tetney haven.

(3) On the east by the line joining the Bull light-vessel and entrance to Tetney haven.

(4) On the west by a line parallel to and 7 cables from the eastern limit (3).

NOTE.—When the Southern Examination anchorage is full of shipping further arrivals should anchor eastward of and as near to it as possible.

The Examination area is that portion of the river enclosed by an irregular line drawn from the Bull light-vessel to the extreme of Spurn point, thence to the Chequer Shoal buoy, thence to a point 210° (*S. 46^{\circ} W. Mag.*) of and distant 7 cables from Bull light-vessel and thence to Bull light-vessel.

3. All pilotage certificates granted to masters and mates for the whole or any part of the Humber Pilotage district are suspended and further all vessels (irrespective of draught, size, or nationality, but with the exception of those provided for in paragraph 4) bound to or from any place on the Humber must be conducted by licensed pilots over the whole or any part of the waters between Hull and the Outer Pilotage station of the Humber Pilotage district, which, until further notice, will be situated in the neighbourhood of the Bull light-vessel.

4. In the case of lighter inter-dock traffic and of small British vessels engaged in local traffic above Immingham, pilotage by licensed pilots is not compulsory.

5. During the hours of official night, and during fog with visibility of less than half-a-mile, no traffic is permitted to move on the Humber below Paull point; also when these conditions prevail no vessel should enter or remain within a radius of five miles from Humber (late Spurn) light-vessel.

6. A vessel should not approach the Humber unless there is sufficient time available to enable such vessel to obtain a pilot and to arrive at her destination, or at a position in which she is permitted to anchor before the commencement of official night.

7. No vessel should anchor whilst awaiting a pilot.

8. Vessels when leaving the Humber must proceed direct to sea. Should it be necessary to wait for the weather to moderate or clear, they must remain inside the river at an authorised anchorage.

The pilot lobbies will be notified when the existence of fog outside the river is known.

9. A pilot should not board a vessel unless there is sufficient time available to enable such vessel to arrive at her destination, or at a position in which she is permitted to anchor, before the commencement of official night. The latest time at which the pilot cutter stationed at the Bull light-vessel should board inward-bound vessels is one hour before the commencement of official night.

Vessels bound outward should not pass Hawkins point later than 45 minutes before the commencement of official night.

10. All vessels proceeding into or out of the Humber must be navigated by way of Hawke and Sunk roads passing to the northward of the Bull light-vessel, except those outward-

bound from Grimsby, which may cross the Middle shoal passing at once into the channel north of the Middle.

NOTE.—The five-fathom channel through the Sunk and Hawke roads is very narrow at the western entrance and also at a point north of the Middle light-vessel; deep-draught vessels steaming against the tide when approaching the buoys marking these portions of the channel should endeavour to avoid passing other vessels between them by easing engines to allow ships with the tide under them to get through first. Smaller vessels outward-bound should pass close to the southward of the buoys marking the south side, and those inward-bound close to the northward of the buoys marking the north side, of the narrow portions of the channel, provided always that their draught of water and the state of the tide will admit.

11. Sailing vessels of 50 tons register and upwards when entering or leaving the Humber must be towed through the Boom Defence gateways. Should tugs not be available, inward-bound vessels may anchor north-westward of the No. 2 Lower Middle light-boat at a distance of not more than $1\frac{1}{2}$ miles from it, but they must not bring the before-mentioned light-boat to bear to the southward of 128° (*S. 36^{\circ} E. Mag.*).

12. All vessels entering or leaving Grimsby docks must pass to the southward of the No. 4 Lower Burcom buoy except those making use of the channel southward of the Burcom shoal (hereinafter called the Burcom channel), which are exempted from this condition, but no vessel may cross the Burcom shoal between the No. 5 Middle Burcom and No. 4 Lower Burcom buoys. Vessels using the Burcom channel must pass into and out of its western end to the eastward of No. 6 Upper Burcom B.W.V.S. buoy, and through a gateway at its eastern end 170 feet wide each side of which is marked by a dolphin surmounted by a black triangle supported on a white pole.

Vessels making use of this gateway are cautioned to keep well in the middle of the opening and are subject to the following regulations:—

(1) Vessels navigating against the tide must in all cases give way to those navigating with the tide.

(2) No vessel must approach the defences in this part of the river nearer than a quarter of a mile except to pass through the before-mentioned gateway or to enter Grimsby docks.

(3) No vessel may tow more than two craft at one time through the gateway, as stated in paragraph 17.

(4) Distant signals will be shown from the flagstaff on the West Pier at the Grimsby Dock entrance as follows:—

(a) Two black balls will denote that the gateway is open.

(b) Three black balls will denote that the gateway is closed.

(c) No signal being hoisted denotes that traffic is suspended.

When signal (b) three black balls is hoisted, no vessel may approach the gateway, and when traffic is suspended no vessels, other than H.M. Ships on special duty, may use the gateway.

13. Prohibited Anchorage areas:—

(1) Anchorage is prohibited for all vessels between two imaginary lines:—

(a) Joining Stone Creek Coast Guard

flagstaff and the eastern extremity of the eastern jetty at Immingham.

(b) Joining the riverward beacon of the two centre measured mile beacons on Sunk island and the northernmost of two clumps shown southward of Stallingborough on Admiralty Chart No. 109. The latter line passes through the position of No. 6 Upper Burcom buoy.

(II) No merchant vessel shall anchor (except when granted special permission) between the before-mentioned prohibited anchorage area (I) and the line of transit of the eastern measured mile beacons on Sunk island produced to the Lincolnshire shore or (except as provided for in paragraph 11) to the northward of the line of the Killingholme leading lights or within $1\frac{1}{2}$ cables of any of the Admiralty mooring buoys.

(III) Anchorage is prohibited for merchant vessels in the following areas:—

(a) Between a line joining New Clee railway station and Patrington church and a line joining Middle light-vessel and No. 4 Lower Burcom buoy extended to both banks of the Humber.

(b) An area bounded on the north by a line joining No. 4 Lower Burcom buoy and Spurn lighthouse, and on the west by a line joining Cleethorpes pier pavilion and Skeffing church.

(IV) No vessel of any description may anchor on the south side of the Bull sand between the western limit of the Southern Examination anchorage described in paragraph 2 of this notice and a line drawn through the Cleethorpes Sewer outfall beacon (on which a red light is exhibited in peace time) in a direction 60° (*N. 76^{\circ} E. Mag.*), passing through a point 299° (*North-west Mag.*) distant 7 cables from Spurn lighthouse; nor on the north side of the Bull sand between the before-mentioned line of bearing passing through the Cleethorpes Sewer outfall and a line joining Spurn lighthouse and the Bull light-vessel produced to the Bull sand.

14. No merchant vessels or boats, &c., will be allowed to approach within a quarter of a mile of any defence work (except to pass through the Boom gateways) or to go alongside any Government ship, vessel, lighter, or any other Government craft, or any Government establishment, without special permission. All vessels proceeding up and down the Humber are to pass at a distance at least three cables from H.M. Ships, if the depth of water and circumstances of navigation permit.

15. All vessels employed in laying moorings, raising wrecks, &c., must be passed at slow speed, propelling engines being eased at least 300 yards before reaching such vessels and so continued for 150 yards after passing them. While the said mooring or wreck raising craft are at work they will each fly a red flag.

16. Anchor lights are to be reduced in power and screened as prescribed in Admiralty Notice to Mariners No. 1143 of 1916.

Vessels anchored in the Humber westward of the meridian of Greenwich are to exhibit anchor lights as mentioned above, except that between Immingham and the meridian of Greenwich they are to be reduced in brilliancy so as to be invisible at any greater distance than half-a-mile. Eastward of the meridian

of Greenwich no lights whatever are to be exhibited.

Anchor lights authorised by these orders are never on any account to be extinguished; the order "Out Lights" will not apply to them.

Bow and masthead steaming lights are to be as prescribed in Admiralty Notice to Mariners No. 1143 of 1916.

Other lights are to be as prescribed in Admiralty Notice to Mariners No. 1143 of 1916, and this order also applies to vessels in dock or alongside quays and jetties. Notwithstanding anything in these orders, dredgers may be permitted to work at Hull and Immingham at night provided all their lights are extinguished within half-an-hour of issue of the general order "Out Lights."

The above orders will not absolve the Masters of craft at anchor from keeping a sharp look-out and giving warning on the approach of any craft under way.

The above orders apply to vessels of every description, other than H.M. ships. The latter should, however, comply so far as the visibility of anchor lights eastward of Immingham is concerned.

17. Vessels are prohibited from towing more than two craft at one time through the gateway at the eastern end of the Burcom channel referred to in paragraph 12, each side of which is marked by a dolphin surmounted by a black triangle supported on a white pole; no tug is permitted to tow more than three craft at one time through the remaining gateways of the Boom defence. Owners of tugs may apply to the Humber Conservancy Board for pilot licences for the masters of their vessels which will enable them to pilot their own vessels and river craft comprising their tow (in certain parts of the river). The number of craft towed will be restricted according to the power of the tug.

18. Humber Rule No. 18 is to be strictly enforced. No sound signals other than navigation signals authorised by the Regulations for Preventing Collisions at Sea, and by Humber Rules Nos. 14 to 16 (inclusive) at all times of the day or night, and No. 17 during the day only, are on any account to be used by vessels in any part of the Humber, the Old Harbour at Hull, or within any of the docks at Hull, Immingham and Grimsby.

19. Owners of small vessels plying in the vicinity of the Humber are instructed not to paint their craft light grey, and are hereby directed to have any vessels so coloured repainted. They are warned that small vessels painted grey run a great risk of being fired upon in mistake for submarines. Vessels painted black run the least risk.

20. Fishing in the Humber.—No vessel is allowed to fish in the Humber below Hull without a permit from the Admiralty port officer; all fishing, shrimping, trawling, or whelking in this portion of the river in areas other than those for which permits are granted is prohibited.

21. Regulations affecting small craft in the vicinity of Cleethorpes.—Pleasure boats may ply for hire at Cleethorpes only between the Eastern and Western Sewer Outfall beacons, and must keep within a distance of one mile from the shore.

Notwithstanding anything in these orders, rowing boats may pass along the shore at Cleethorpes, but they must keep within 400 yards of the high-water mark of spring tides.

22. Excursions by Water.—Excursions by water are limited to the River Humber above Hull, and Rivers Ouse and Trent. Excursion steamers will not be allowed to ply without a permit from the Admiralty port officer, Dock Offices, Immingham, and in no case are they to pass to the eastward of an imaginary line joining Victoria Dock entrance, Hull, and the east beacon on Skitter Ness.

23. Patrol of Internal Waterways.—The internal waterways of the port will be policed by Naval patrol vessels and by the Humber Conservancy Board under the direction of the Naval authorities.

Captains and Masters of Merchant Vessels and persons in charge of barges or boats of any kind are hereby warned to observe any orders which may be given to them by Naval Patrol vessels or the duly authorised officers of the Humber Conservancy Board.

24-25. Warning.—Warning is hereby given that vessels disobeying the above regulations will be liable to be fired on.

Variation.—16° W.
