PRESENT,

The KING'S Most Excellent Majesty in Council.

WHEREAS the Ecclesiastical Commissioners for England have, in pursuance of the Act of the 33rd and 34th years of Her late Majesty Queen Victoria, Chapter 39, and of the Acts therein mentioned, that is to say, the Act of the 3rd and 4th years of Her said

late Majesty, Chapter 113, the Act of the 4th and 5th years of Her said late Majesty, Chapter 39, and the Act of the 31st and 32nd years of Her said late Majesty, Chapter 114, duly prepared, and laid before His Majesty in Council, a Scheme, bearing date the 2nd day of May, 1918, in the words and figures following, that is to say:—

“ We, the Ecclesiastical Commissioners for England, in pursuance of the Act of the 33rd and 34th years of Her late Majesty Queen Victoria, Chapter 39, and of the Acts therein mentioned, that is to say, the Act of the 3rd and 4th years of Her said late Majesty, Chapter 113, the Act of the 4th and 5th years of Her said late Majesty, Chapter 39, and the Act of the 31st and 32nd years of Her said late Majesty, Chapter 114, have prepared, and now humbly lay before Your Majesty in Council, the following Scheme for effecting a transfer of the ownership of the Advowson or perpetual right of Patronage of and presentation to the Church and Cure (hereinafter called ‘ the said Benefice ’) of Brackley, in the County of Northampton, and in the Diocese of Peterborough:

“ Whereas the Advowson or perpetual right of Patronage of and presentation to the said Benefice of Brackley is vested, free from incumbrances, in the Right Honourable John Francis Granville Scrope, Earl of Ellesmere (hereinafter called ‘ the said Earl of Ellesmere ’) during his life, with remainders over, and the said Earl of Ellesmere is therefore the Patron or person entitled to present or nominate to the said Benefice in case the same were now vacant:

“ And whereas the said Earl of Ellesmere is desirous that the whole Advowson or perpetual right of Patronage of and presentation to the said Benefice of Brackley should be transferred to the Right Reverend Frank Theodore, now Bishop of Peterborough, and his Successors in the same Bishopric:

“ And whereas the said Frank Theodore, Bishop of Peterborough, is willing to accept such transfer, and in token of such his willingness, and also in token that the same transfer has that consent of the Bishop of the Diocese which, by the Acts in the hereinbefore mentioned Act recited, or by some or one of them, is made necessary, he, the said Frank Theodore, Bishop of Peterborough, has executed this Scheme as hereinafter mentioned:

“ And whereas the transfer of the Patronage of the said Benefice of Brackley, which is hereinbefore mentioned, and hereinafter recommended and proposed, will, in our opinion, tend to make better provision for the Cure of Souls in the Parish or District in or in respect of which the right of Patronage or Advowson, so recommended and proposed to be transferred as aforesaid, arises or exists, that is to say, in the Parish of Brackley:

“ Now, therefore, with the consent of the said Earl of Ellesmere, being the person whose consent as Patron is required by the provisions of the hereinbefore mentioned Acts, and of the Act of the 1st and 2nd years of Her said late Majesty, Chapter 106 (in testimony of which consent he has signed and sealed this Scheme), and with the consent of the said Frank Theodore, Bishop of Peterborough (in testimony whereof he has signed this Scheme, and sealed the same with his Episcopal Seal), We, the said Ecclesiastical Commissioners for England, humbly recommend and propose that upon

and from the day of the date of the publication in the London Gazette of any Order of Your Majesty in Council ratifying this Scheme, and without any conveyance or assurance in the law other than such duly gazetted Order, the whole Advowson or perpetual right of Patronage of and presentation to the said Benefice of Brackley shall be transferred to the said Frank Theodore, Bishop of Peterborough, and his Successors in the same Bishopric, and shall thereupon and thenceforth become and be absolutely vested in, and shall and may from time to time be exercised by, the said Frank Theodore, Bishop of Peterborough, and his Successors in the same Bishopric for ever.

“ And we further recommend and propose that nothing herein contained shall prevent us from recommending and proposing any further or other measures relating to the matters aforesaid, or any of them, in accordance with the provisions of the said Acts, or of any of them, or of any other Act of Parliament.”

And whereas the said Scheme has been approved by His Majesty in Council:

Now, therefore, His Majesty, by and with the advice of His said Council, is pleased hereby to ratify the said Scheme, and to order and direct that the same and every part thereof shall be effectual in law immediately from and after the time when this Order shall have been duly published in the London Gazette pursuant to the said Acts.

And His Majesty, by and with the like advice, is pleased hereby to direct that this Order be forthwith registered by the Registrar of the said Diocese of Peterborough.

Admiralty, 8th July, 1918.

The KING has been graciously pleased to approve of the award of the Albert Medal to

Captain George Parker Bevan, C.M.G., D.S.O., R.N.,
for gallantry in saving life at sea.

The following is the account of the services in respect of which the decoration has been conferred:—

On the 8th November, 1916, a series of explosions and fires occurred at Bakaritsa, Port of Archangel, on merchant ships and on the wharves. The S.S. "Baron Driesen" had blown up at 1 p.m. and part of the S.S. "Earl of Forfar" forty minutes later, and fresh explosions were expected every instant. It was thought that all their crews had either escaped or been killed or rescued, but after dark cries of distress were heard from the "Earl of Forfar." The ship was a mass of flame at the time, and burning embers from the fire which was raging on shore were continually showered over her. She had a cargo of explosives on board and was abreast of the main conflagration. The flames were blown towards her by the wind, and the remaining portion of the ship was expected to be blown up at any moment. Captain Bevan, however, on hearing the cries proceeded on board, accompanied by Lieu-

tenant-Commander MacMahon, and, hearing moans from under the smouldering débris of the fore-castle, cleared away the wreckage and extricated the mate, who had an arm and a leg and his collarbone broken, and passed him into a tug.

Captain Bevan displayed the utmost gallantry and disregard of his personal safety.

The KING has further been graciously pleased to approve of the award of the Albert Medal to

Lieutenant Edward Henry Richardson,
R.N.R.,
2nd Engineer Christopher Watson,
A.B. James Dixon Henry, and
A.B. Malcolm Thompson,
for gallantry in saving life at sea.

The following is the account of the services in respect of which the decoration has been conferred:—

On the 8th November, 1916, a series of fires and explosions occurred at Bakaritsa, Port of Archangel, on merchant ships and on the wharves. The S.S. "Baron Driesen" had blown up at 1 p.m. and part of the S.S. "Earl of Forfar" forty minutes later. The latter ship, with a cargo of explosives, was on fire, and might have blown up at any moment, and explosions were continually taking place in the immediate vicinity. The ship was alongside the main fire on shore, and burning embers were constantly showered over her.

Lieutenant Richardson, 2nd Engineer Watson, and Able Seamen Henry and Thompson, of the Tug "Sunderland," nevertheless volunteered to board the "Earl of Forfar" and effected the rescue of a considerable number of wounded and helpless men who would otherwise have perished.

They displayed the utmost gallantry and disregard of their own personal safety in saving the lives of others.

ADMIRALTY

NOTICE TO MARINERS.

No. 814 of the year 1918.

CAUTION WHEN APPROACHING
BRITISH PORTS.

PART I.

CLOSING OF PORTS.

Former Notice.—No. 765 of 1918; hereby cancelled.

(1) My Lords Commissioners of the Admiralty, having taken into consideration the fact that it may be necessary to forbid all entrance to certain ports of the Empire, this is to give Notice that on approaching the shores

of the United Kingdom, or any of the ports or localities of the British Empire, referred to in Part III of this Notice, a sharp look-out should be kept for the signals described in the following paragraph, and for the vessels mentioned in paragraph (5), Part II, of this Notice, and the distinguishing and other signals made by them. In the event of such signals being displayed, the port or locality should be approached with great caution, as it may be apprehended that obstructions may exist.

(2) If entrance to a port is prohibited, three red vertical lights by night, or three red vertical balls by day, will be exhibited in some conspicuous position, in or near to its approach, which signals will also be shown by the vessels indicated in paragraph (5), Part II, of this Notice.

If these signals are displayed, vessels must approach the port with the greatest caution and implicitly obey all orders or signals given them by the Examination vessel or signal station.

(3) At all the ports or localities at home or abroad referred to in Part III of this Notice, search-lights are occasionally exhibited for exercise.

Instructions have been given to avoid directing moveable search-lights during practice on to vessels under way, but mariners are warned that great care should be taken to keep a sharp look-out for the signals indicated in paragraph (2) above, when search-lights are observed to be working.

PART II.

EXAMINATION SERVICE.

(4) In certain circumstances it is also necessary to take special measures to examine vessels desiring to enter the ports or localities at home or abroad, referred to in Part III of this Notice.

(5) In such case, vessels carrying the distinguishing flags or lights mentioned in paragraph (7) will be charged with the duty of examining ships which desire to enter the ports and of allotting positions in which they shall anchor. If Government vessels, or vessels belonging to the local port authority, are found patrolling in the offing, merchant vessels are advised to communicate with such vessels with a view to obtaining information as to the course on which they should approach the Port. Such communication will not be necessary in cases where the pilot on board has already received this information from the local authorities.

(6) As the institution of the Examination Service at any port will never be publicly advertised, especial care should be taken in approaching the ports, by day or night, to keep a sharp look-out for any vessel carrying the flags or lights mentioned in paragraph (7), and to be ready to "bring to" at once when hailed by her or warned by the firing of a gun or sound rocket.

In entering by night any of the ports mentioned in Part III, serious delay and risk will be avoided if four efficient all round lamps, two red and two white, are kept available for use.

(7) By day the distinguishing flags of the Examination Steamer will be a special flag (white and red horizontal surrounded by a blue border) and a blue ensign.

Also, three red vertical balls if the port is closed.

By night the steamer will carry:—

(a) Three red vertical lights if the port is closed.

(b) Three white vertical lights if the port is open.

The above lights will be carried in addition to the ordinary navigation lights, and will show an unbroken light round the horizon.

(8) Masters are warned that, when approaching a British port where the Examination Service is in force, they must have the distinguishing signal of their vessel ready to hoist immediately the Examination Steamer makes the signal.

(9) Masters are warned that, before attempting to enter any of these ports when the Examination Service is in force, they must in their own interests strictly obey all instructions given to them by the Examination Steamer.

Whilst at anchor in the Examination Anchorage, Masters are warned that they must not lower any boats, communicate with the shore, work cables, move the ship, or allow anyone to leave the ship, without permission from the Examination Steamer (except to avoid accident).

(10) In case of fog, Masters are enjoined to use the utmost care, and the Port should be approached with caution.

(11) Merchant vessels when approaching ports are especially cautioned against making use of private signals of any description, either by day or night: the use of them will render a vessel liable to be fired on.

(12) The pilots attached to the ports will be acquainted with the regulations to be followed.

PART IV.

SWEEPING OPERATIONS.

Notice is hereby given, that under the Defence of the Realm (Consolidation) Regulations, 1914, the following Regulations have been made by the Lords Commissioners of the Admiralty, and are now in force:—

H.M. Vessels are constantly engaged, both singly and in pairs, in sweeping operations off the coasts of the United Kingdom, and whilst so engaged they are hampered to a very considerable extent in their manœuvring powers.

With a view to indicating the nature of the work on which they are engaged, these vessels will show the signals hereinafter mentioned, and for the public safety all other vessels, whether steamers or sailing craft, must keep out of the way of vessels flying these signals and not approach them inside the distances mentioned herein, specially remembering that it is dangerous to pass inside these distances or between the vessels of a pair, as the vessels may have mines trailing in their sweeps and also on account of the danger caused to traffic if mine-sweepers have to slip their sweeps to get out of the way of vessels.

1. SIGNALS THAT WILL BE SHOWN BY DAY.

(a) By vessels working singly:

A black ball at the foremast head, and a similar ball at each yardarm or where they can best be seen.

Vessels showing this signal are not to be approached nearer than 300 yards.

(b) By vessels working in pairs:

A black ball at the foremast head, and a similar ball at the yardarm or where it can best be seen, on that side on which it is dangerous to pass.

Vessels are not to pass within a distance of 400 yards astern of a single pair of sweepers, or when more than one pair are working in company within a distance of 400 yards astern of rear pair. They are on no account

to attempt to pass between pairs working in company.

2. SIGNALS THAT WILL BE SHOWN AT NIGHT.

As for day, except that all round green lights will be used in place of the black balls.

Caution.

Part IV of this Admiralty Notice to Mariners is issued under the provisions of the Defence of the Realm (Consolidation) Regulations, 1914, and failure to comply strictly with the directions contained in it will constitute an offence against those Regulations.

Any person found guilty of such an offence is liable to severe penalties both of imprisonment and fine.

Any person aiding or abetting the commission of such an offence is himself guilty of an offence against the Regulations.

Attention is also drawn to the fact that any infringement of the directions contained in Part IV of this Admiralty Notice to Mariners is liable to result in the detention of the ship or vessel.

Note.

This Notice is a revision of Notice No. 765 of 1918.

Authority.—The Lords Commissioners of the Admiralty.

J. F. PARRY,

Hydrographer of the Navy.

“Minute approved by the Court.

“The capital of Bela (Sumatra) Rubber Lands Limited and Reduced henceforth is £96,000 divided into 960,000 shares of two shillings each, instead of the original capital of £200,000 divided into 200,000 shares of £1 each.
