

NOTICE TO AIRMEN (No. 6).

AERODROMES FOR CIVIL USE.

It is hereby notified that:—

Aerodromes and landing grounds open to civil aviation in the United Kingdom and the location of Service Stations which are not available to civil aircraft except in case of emergency are shown in the following lists (A to E), which have been corrected to January 1st, 1920, and which cancel all previous lists.

The lists are classified as follows, each aerodrome or landing ground being given in alphabetical order:—

List A.—Service aerodromes available only for civil machines in cases of emergency.

List B.—Service aerodromes available also for general use by civil machines.

List C.—Service aerodromes temporarily retained. (No accommodation exists in most

cases, but they are available as emergency landing grounds for civil machines until relinquished by the Service.)

List D (1).—Civil licensed aerodromes at which accommodation is available.

List D (2).—Civil aerodromes licensed as suitable for Avro 504 K and similar types only. (Accommodation is generally not available.)

It should be clearly understood that these lists are purely provisional and are subject to alteration from time to time. Such amendments are published fortnightly as "Notices to Airmen."

In those cases in which it is stated that accommodation does not exist, no facilities other than the actual landing grounds are available. No guarantee can be given at the present time that personnel to handle aircraft is available either at the Service Stations or at the civil aerodromes.

LIST A.

SERVICE STATIONS ONLY AVAILABLE FOR CIVILIAN MACHINES IN CASES OF EMERGENCY.

Aerodrome or Seaplane Station.	Nearest Railway Station.	Nearest Town.
