

In pursuance of Section 1 (4) (a) of the Celluloid and Cinematograph Film Act, 1922, I hereby make the following Regulations with respect to the use of any cinematograph or similar apparatus upon any premises used for any purpose to which the Act applies:—

1.—(a) The projecting apparatus shall be placed on firm supports constructed of fire-resisting material.

(b) Every lantern shall be fitted with a metal shutter which can readily be inserted by hand between the source of light and the film gate, and every projector shall be fitted with a metal shutter so arranged as automatically to cut off the film-gate from the source of light when the projector stops.

(c) The construction of the film-gate shall be substantial and such as to afford ample heat-radiating surface. The passage for the film shall be sufficiently narrow to prevent flames travelling upwards or downwards from the light-opening.

2.—(a) Projectors shall be fitted with two metal boxes of substantial construction to and from which the film shall be made to travel, unless both the film spools are contained in a metal chamber of substantial construction below the projector. There shall not be more than 2,000 feet of film in either of the two metal boxes.

(b) The film boxes or chamber shall be made to close in such a manner, and shall be fitted with film slots so constructed, as to prevent the passage of flame to the interior of the box or chamber, and they shall remain so closed during the whole time that projection is taking place.

3. Take-up spools shall be mechanically driven and films shall be wound upon spools so that the wound film shall not at any time reach or project beyond the edges of the flanges of the spool.

4. During the projection all films when not in use shall be kept in closed metal boxes of substantial construction. When in the room in or from which the films are projected not more than six spools shall be kept in one box at the same time.

5. These Regulations shall come into force on the 1st day of May, 1924.

Arthur Henderson,

One of His Majesty's Principal Secretaries of State.

Whitehall,

8th April, 1924.

**ALBERT MEMORIAL INDUSTRIAL
SCHOOL FOR BOYS,
CORPORATION ROAD, BIRKENHEAD.**
