#### *Labels to be Affixed to Approved Sheep Dips.*

2.—(1) Every package or vessel containing an approved sheep dip shall, before being placed on sale or delivered to a purchaser, be clearly and distinctly labelled by the manufacturer or vendor thereof, in a form approved by the Minister.

(2) In the case of every approved sheep dip of which arsenic is an ingredient the label shall include an additional statement to the effect that the dip contains arsenic and that its use for a second dipping, in cases where sheep are required by any such Order or regulation to be dipped twice with an interval of not less than 7 and not more than 14 days between the two dippings is prohibited.

#### *Offences.*

3. If any sheep dip which has not been approved by the Minister is falsely marked with a statement or indication that it has been so approved, or if any sheep dip purporting to be an approved sheep dip is not marked with a label as required by this Order, the manufacturer and the retailer, or other person selling the dip, and the person who shall have so marked the dip or caused it to be so marked, knowing the same to have been falsely marked, or omitting so to mark the dip, as the case may be, shall be deemed guilty of an offence against the Act of 1894.
