

latter terms are therefore omitted from the new definition.

Support Belts, Stocking Suspenders, Suspender Belts and Suspender Pads.

(Paragraph 1 (c) and (d) of definition).

The Support belts mentioned in paragraph 1 (c) include Belts which serve the dual purpose of bodily support and the support of suspenders. The manufacture of such articles, wherever carried on, is within the scope of the Order, subject to the exclusions in paragraph 3.

The Suspender Belts and Pads affected by paragraph 1 (d) are those made for the sole purpose of holding suspenders. Such articles are, subject to the exclusions, within the scope of the Order only when made in association with the manufacture of the articles mentioned in 1 (a) to (c) of the Order.

Altering, repairing &c., in association with Manufacture.

(Paragraph 2 (a) of definition).

Repair work in corset factories is now brought under the Order. It should be noted that the effect of the clause is that, if any one of the specified articles is manufactured then the repair of any others in the same establishment will be included.

(Paragraph 2 (b) of definition).

The addition of the words "Marking, letter-press stamping" makes the paragraph more comprehensive and specific. The revised paragraph, whilst it does not include work recognised as forming a part of the printing trade, enables the work of stamping or otherwise marking the firm's name or trademark on the articles to be included as being incidental to the manufacture of corsets &c. as defined.

(B) EXCLUSION CLAUSES.

Bust Confiners in association with dressmaking.

(Paragraph 3 (a) of definition).

The object of this clause is to obviate the overlapping of Corset trade wage determinations in the Dressmaking trade. In the event, however, of a department of a dressmaking firm being mainly engaged upon the manufacture of bust confiners the latter work would fall within the Corset Order.

Manufacture in association with Surgical Appliances.

(Paragraph 3 (b) of definition).

The object of this exception is to avoid overlapping between the Corset Trade and the Surgical Trade. The word "appliances" has been added to the words of the corresponding exclusion in the Order of 1919.

Corset Steels and Busks.

(Paragraph 3 (c) of definition).

These are generally manufactured under conditions bringing them within the scope of the Stamped or Pressed Metal-Wares Trade and they are covered by Sections (3) and (4) of the Appendix to the Stamped or Pressed Metal-Wares Order, 1924. The work in question is the manufacture of corset steels and busks up to and including capping. Any subsequent operations such as the covering of the com-

pleted steels and busks with cloth or with a composition preparatory to inserting them into corsets, is treated as a part of the manufacture of corsets and is therefore included with the Corset Trade as defined.

DESCRIPTION OF THE CORSET TRADE CONTAINED IN THE TRADE BOARDS (CORSET ORDER), 1919.

(a) "The manufacture of Corsets, Stays, Children's Corset Bodices, Infants' Stay Bands, Bust Confiners, such as Brassieres and Bandeaux, when boned or with elastic webbing in their construction.

(b) The manufacture of Support or Abdominal Belts and similar articles except when made in association with or in conjunction with the manufacture of Surgical Instruments.

(c) The assembling of Stocking Suspenders in conjunction with or in association with the manufacture of any of the above-mentioned articles.

(d) All Warehousing, Packing, or other operations incidental to or appertaining to the manufacture of any of the above-mentioned articles."

Admiralty, 31st March, 1927.

R.N.

Sub-Lieut. (E) T. S. Hayes to be Lieut. (E).
15th Mar. 1927.

R.M.

The undermentioned Prob. Lts. are confirmed in the rank of Lieut.:—

Bertram George Ralfs.

Cecil Farndale Phillips.

1st Sept. 1926.

Admiralty, 1st April, 1927.

R.N.

Sub-Lieuts. to be Lieuts. with seny. stated:—

C. E. E. Paterson. 30th Aug. 1926.

G. T. Lambert. 15th Dec. 1926.
