

PATENTS AND DESIGNS ACTS, 1907 TO 1928—*continued.*Cancellation of Indorsement of Patents "Licences of Right"—*continued.*

No. of Patent.	Grantee.	Title.
<i>17th December, 1929.</i>		
125,060 ...	Akt.-Ges. Brown, Boveri, et Cie.	"Improved means for adjusting transformers in their oil boxes."
151,612 ...		"Improved process for regulating the voltage in metal vapour rectifier installations."
152,361 ...		"Improved process and apparatus for regulating the direct current voltage in metal vapour rectifier installations."
153,586 ...	Gleichrichter - Akt.-Ges.	"Improvements in or relating to vacuum gauges on the McLeod principle."
154,545 ...	Soc. Anon. Brown, Boveri et Cie.	"Improvements in electric transformers for feeding metal vapour rectifiers."
163,686 ...	Akt.-Ges. Brown, Boveri, et Cie.	"Improvements in apparatus for suppressing the upper harmonic waves in the direct current circuit of metal vapour rectifiers."
164,017 ...		"Improved arrangements for diminishing magnetic dispersion in electric transformers."
165,400 ...		"Improvements in mercury vapour ejector pumps for high vacua."
166,519 ...	Gleichrichter - Akt.-Ges.	"Improvements in rotary and the like pumps."
166,521 ...	Akt. - Ges. Brown, Boveri, et Cie.	"Improvements in mercury-vapour pumps for high vacua."
172,325 ...		"Improvements in apparatus for preventing the occurrence of higher harmonic currents in the working of metal vapour rectifiers."
172,601 ...		"Improvements in cooling apparatus for electric oil transformers."
173,500 ...		"Improvements in and relating to mercury vapour ejector air pumps."
174,054 ...		"Improvements in mercury vapour ejector pumps for high vacua."
177,525 ...		"Improvements in apparatus for feeding polyphase mercury vapour rectifiers."
181,696 ...		"Improvements in metal vapour rectifiers."
186,582 ...		"An improved electrically insulating pipe section for high-vacuum pipe lines."
186,588 ...		"Improved process of igniting metal vapour electric rectifiers."
192,053 ...		"Improvements in mercury vapour rectifiers."
198,347 ...	"An improved process for the automatic connection of an installation equipped with large mercury vapour rectifiers."	
198,936 ...	"Improvements in safety apparatus for mercury vapour high-vacuum ejectors."	
200,803 ...	"Improvements in apparatus for electrically heating the vacuum pump in metal vapour rectifiers."
