

3. The heading of Clause 10 of the Scheme shall be amended as follows:—

The word "Allocations" shall be deleted and the word "Quotas" shall be substituted therefor.

4. Clause 11 of the Scheme shall be deleted and the following new Clause 11 shall be substituted therefor:—

Output.

11. The total output of each coal mine or colliery undertaking shall be ascertained at the end of each quota period, and for that purpose every owner shall forward to the Secretary within seven days after the end of such period a statement in writing in such form as the Board may prescribe, giving full particulars of the output of his coal mine or undertaking during the period in question together with such other particulars as may be necessary for ascertaining any excess of output over the quota for coal or for any class of coal during the period. If in any case the output has exceeded the tonnage permitted by the quota for coal or for any class of coal (after allowing for any shortage carried forward under paragraph (ix) of Clause 9 and any transfer of quota effected under Clause 10 of the Scheme) the owner of the coal mine or colliery undertaking shall be liable in respect of such excess to the penalties prescribed in Clause 21 of the Scheme.

5. Paragraph (i) of Clause 21 of the Scheme, and so much of paragraph (iii) of that clause as precedes sub-paragraphs (a), (b) and (c) of the said paragraph (iii), shall be amended so as to read respectively as follows:—

(i) Any owner who raises or allows to be raised from his coal mine or colliery undertaking during a quota period an output of coal or of any class of coal in excess of that permitted by the quota for the coal or for that class of coal (after allowing for any shortage carried forward under Clause 9 (ix) and any transfer of quota under Clause 10 of the Scheme) shall become liable to and shall pay a penalty of three shillings per ton for every ton of such excess.

In addition to any monetary penalty payable under this Clause where coal or any class of coal is produced in excess of the quota for any period, the quota for the coal mine or colliery undertaking in respect of coal or of the particular class of coal (as the case may be) may be reduced, at the discretion of the Board, by the amount of the excess during such succeeding quota period as the Board may determine.

(iii) If any owner shall fail to supply full particulars of his total output of coal, or, if separate classes of coal have been determined, of each such class, during any period together with any further particulars necessary for ascertaining any surplus output, or shall fail to give particulars of all sales and deliveries made by him during the period, including deliveries to collieries for consumption and all allowances made for short weight, dirt and the like during such period, as provided by Clauses 11 and 16 respectively of the Scheme, or shall fail to supply any returns, accounts or other information required by the Board under the provisions

of the Scheme, for a period of seven days after he shall have received notice of his default from the Secretary, he shall become liable to and shall pay the following penalty:—
