

coal mines and supply free or at reduced rates for the use of persons who are or have been employed in or about the mine and the dependants of persons who have been so employed;

"The customary shipping places of the District" means Silloth, Maryport, Workington, Whitehaven, Barrow-in-Furness and any other port declared from time to time by the Executive Board to be a customary shipping place.

2. Clause 5 of the Scheme shall have effect as if the words "or undertaking" were deleted wherever they occur therein.

3. Clause 10 of the Scheme shall have effect as if the word "five" were substituted for the word "six", and the word "output" were inserted after the word "aggregate".

4. Clause 14 of the Scheme shall have effect as if the words "or mines" were deleted wherever these words occur, and as if in paragraph (5) the word "output" were inserted after the word "annual".

5. Clause 20 of the Scheme shall have effect as if the words "except for the purposes of Clauses 23 to 30, inclusive, of the Scheme" were inserted after the word "classification" where that word occurs the second time.

6. Clause 22 of the Scheme shall have effect as if the words "or mines" were deleted.

7. Clause 23 of the Scheme shall have effect as if after the word "determining" there were inserted the word "output".

8. Clause 24 of the Scheme shall have effect as if the word "output" were inserted before the word "standard".

9. Clause 25 of the Scheme shall have effect as if:—

(i) the word "output" were inserted before the word "standard" wherever that word appears;

(ii) the words "or undertaking" and "or undertakings" were deleted wherever those words occur; and

(iii) the words "determined according to the nature of the coal or of the trade, industry, or other category of consumer supplied" were inserted before the word "produced".

10. Clause 26 of the Scheme shall have effect as if:—

(i) the word "output" were inserted before the word "standard" wherever that word occurs therein; and

(ii) the words "or undertaking" were deleted wherever they occur therein.

11. The following Clauses shall be inserted after Clause 26 of the Scheme, that is to say:—

"26A.—(1) Before the first day of December 1934 and subsequently in the month of December in each year thereafter the Board shall determine for every coal mine the annual standard tonnage for that coal mine in respect of:—

(a) coal for export supply, and

(b) coal for inland supply.

(2) The Board may, if they think fit, further distribute the standard tonnages so determined for any such mine among the

various classes of coal determined according to the nature of the coal, or of the trade, industry or other category of consumer supplied, produced therefrom:

Provided that such distribution of the standard tonnages among classes of coal shall have effect for all coal mines producing those classes of coal or any of them.

(3) The first standard tonnages thus determined shall come into force on the first day of January, 1935, and subsequently such standard tonnages shall come into force on the first day of January in each year thereafter.

26B. In the determination of standard tonnages in respect of coal or any class of coal for export supply and for inland supply the Board shall have regard to all matters relevant to such determination and, in the case of the first determination, to the proportion which the tonnage of coal or that class of coal supplied from the coal mine for export supply or for inland supply, as the case may be, bore to the total tonnage of coal or that class of coal supplied from all the coal mines in the District for export supply or for inland supply during the year ended 31st December, 1933.

26C. For the purpose of assisting the Board in the determination of supply standard tonnages every owner shall furnish to the Board upon notice given to him by the Board a statement in writing giving any information which the Board may require for that purpose and every owner may submit to the Board together with the statement so required a claim in writing accompanied by any evidence required to substantiate the same in respect of any matters relative to the determination of standard tonnages for his coal mine for export supply or for inland supply."

12. The following Clauses shall be substituted for Clauses 29, 30, 31, 32, 33, 34 and 35, of the Scheme, that is to say:—

"29. The Board may at any time review whether or not at the request of an owner any standard tonnage and determine such revised standard tonnage as may seem to the Board fair and proper having regard in the determination of any standard tonnage in respect of output to the special circumstances of the coal mine and in determining any standard tonnage in respect of coal for export supply or inland supply to any matters relevant to such determination.

30. Where after the commencement of the Scheme an owner purchases or otherwise acquires any coal mine the standard tonnages of the coal mine so acquired, added to the standard tonnages of any other coal mine belonging to such owner, shall constitute the standard tonnages of the combined undertaking and on any subsequent determination of standard tonnages such combined undertaking shall be treated in the same way as if the standard tonnages so constituted were the standard tonnages of the combined undertaking under the last previous determination of standard tonnages for the District:

Provided that where an owner purchases or otherwise acquires part only of an undertaking in respect of which standard tonnages
