

2. Clause 26 of the Scheme shall have effect as if in the second paragraph thereof—

(i) there were inserted after the word "Tonnage" where that word first occurs the words "in respect of output of coal";

(ii) before the word "mine" there were inserted the word "coal"; and

(iii) the words "or undertaking" were deleted.

3. Clause 28 of the Scheme shall have effect as if in the first paragraph thereof the words "except for the purposes of Clauses 29 to 31 (inclusive) of the Scheme" were inserted after the word "classification".

4. Clause 29 of the Scheme shall have effect as if—

(i) in paragraph (i) thereof the words "determined according to the nature of the coal or of the trade, industry or other category of consumer supplied" were inserted after the word "coal" where that word first occurs, the words "in respect of output" were inserted after the word "basis", and the words "or undertaking" were deleted;

(ii) in paragraph (ii) the word "output" were inserted before the word "standard" wherever that word occurs, and the words "or undertaking" were deleted;

(iii) the following paragraphs were substituted for paragraph (iii) thereof, that is to say:—

"(iii) (a) Before the first day of January, 1935, the Board shall determine for every coal mine standard tonnages for that coal mine for such periods as the Board may decide in accordance with the provisions of the Scheme in respect of—

(I) coal for export supply, and

(II) coal for inland supply.

(b) The Board may if they think fit further distribute the standard tonnages so determined for any such coal mine among the various classes of coal, determined according to the nature of the coal or of the trade industry or other category of consumer supplied, produced therefrom.

(c) The first standard tonnages thus determined shall come into force on the first day of January, 1935.

(d) In the first determination of standard tonnages in respect of coal or any class of coal for export supply and for inland supply the Board shall have regard to all matters relevant to such determination and to the proportions in which coal supplied from the coal mine has been disposed of for export supply and for inland supply respectively during such recent period as the Board may decide.

(iv) For the purpose of assisting the Board in the determination of standard tonnages, every owner shall furnish to the Board upon notice given to him by the Board a statement in writing giving any information which the Board may require for that purpose and every owner may submit to the Board together with a statement so required, a claim in writing, accompanied by any evidence required to substantiate the same relating, in the case of any determination of the standard tonnage of the coal mine in respect of output of coal, to the special circumstances of

his coal mine, and in the case of any determination of standard tonnages for his coal mine for export supply or for inland supply to any matters relevant to such determination.";

(iv) paragraph (iv) thereof were re-numbered paragraph (v) and the words "or undertakings" in that paragraph were deleted; and

(v) the following paragraph were substituted for paragraph (v) thereof, that is to say:—

"(vi) The Board may at any time review, whether or not at the request of an owner, any standard tonnage and determine such revised standard tonnage as may seem to the Board fair and proper having regard in the determination of any standard tonnage in respect of output to the rate of development and other special circumstances of the coal mine, and in determining any standard tonnage in respect of coal for export supply or for inland supply to any matters relevant to such determination and to the proportions in which coal supplied from the coal mine has been disposed of for export supply and for inland supply respectively during some recent period."

5. The following Clauses shall be substituted for Clauses 30, 31, 32, 33, 34, 35 and 36 of the Scheme, that is to say:—

"30. Where after the commencement of the Scheme an owner purchases or otherwise acquires any coal mine, the standard tonnages of the coal mine so acquired, added to the standard tonnages of any other coal mine belonging to such owner, shall constitute the standard tonnages of the combined undertaking and on any subsequent determination of standard tonnages such combined undertaking shall be treated in the same way as if the standard tonnages so constituted were the standard tonnages of the combined undertaking under the last previous determination of standard tonnages for the District:

Provided that where an owner purchases or otherwise acquires part only of an undertaking in respect of which standard tonnages have been determined under the Scheme, the proportion of these standard tonnages to be added to the standard tonnages of any other coal mine belonging to such owner shall be determined by the Board, and that amount shall be deducted from the standard tonnages of the undertaking of which the part has been so acquired.

31. All standard tonnages determined by the Board shall immediately be communicated to all owners, and any owner dissatisfied with any standard tonnage determined in respect of his coal mine shall be entitled to appeal in accordance with Clauses 72 or 73 hereof.

#### Quotas.

32.—(i) The Board shall from time to time determine the proportions (hereafter in the Scheme referred to as "the Quotas") of the standard tonnages of each coal mine that may be produced therefrom or which may be supplied by the owner thereof as the case may be.
