

Committee or any sub-committee thereof and of decision at such meetings as are herein before prescribed for the Independent Chairman of the District Co-ordinating Committee and accordingly references in this Clause to the Independent Chairman of the Export Sales Committee shall be deemed to include references to his duly appointed Deputy.

(3) With the object of obtaining the highest price reasonably practicable for every class or grade of Export Coal offered for sale or sold by Selling Agents, the Export Sales Committee shall issue directions to such Selling Agents as to the price or prices below which every class or grade of Export Coal of the Coalowners of the groups shall not be offered for sale or sold, as to the terms and conditions upon which such offers or sales shall be made, and as to the period of any contracts made for the sale or supply of such coal.

(4) Without prejudice to the generality of their functions, the Export Sales Committee shall:—

(a) Take such steps as will ensure that the Export Coal of the Coalowners of the Groups is not in competition and is sold to the best advantage;

(b) If so authorised by the Executive Board, obtain from the Coalowners of each Group returns of all sales of Export Coal made by the Selling Agent of the Group, including such relevant particulars as may be necessary to enable the Committee properly to perform their functions; and

(c) Keep records of all such Sales available for inspection by or on behalf of any Selling Agent.

(5) (a) The Export Sales Committee shall appoint two sub-committees (consisting of such persons, whether members of the Export Sales Committee or not, as the Committee may think fit, so however that every Selling Agent interested in the sale or supply of Export Coal shall be entitled to one representative thereon) to deal with specific matters (not being questions of policy) relating to the shipment of Export Coal through East and West Coast Ports respectively, such sub-committees to be known as the "East Coast Sub-committee" and the "West Coast Sub-committee" respectively.

(b) The Resolutions appointing such sub-committees shall define their functions and determine their procedure and the decisions of such sub-committees shall be subject to approval and confirmation by the Export Sales Committee; Provided that a decision of either of such sub-committees shall, unless the Independent Chairman otherwise directs, be deemed to be for all the purposes of the Scheme a decision of the Export Sales Committee.

(6) No Selling Agent shall enter into any supply contract for the sale or supply of Export Coal otherwise than in accordance with the directions of the Export Sales Committee, and each Selling Agent shall comply with all directions issued by the Export Sales Committee.

(7) Any Coalowner who is aggrieved by any act or omission of any other Coalowner

in his group, or of his Selling Agent, or any Selling Agent who is aggrieved by any act or omission of another Selling Agent, concerning the sale or supply of Export Coal, shall have the right to refer the matter for decision by the Export Sales Committee.

(8) Any Coalowner or Selling Agent who is aggrieved by any act or omission of the Export Sales Committee or the Executive Board concerning the sale or supply of Export Coal shall have the right to refer the matter for decision by the Sales Arbitrator and the provisions of sub-clauses (8) and (9) of Clause 23 hereof shall apply to such reference.

(9) The provisions of Clauses 20, 22, 23, 28 and 33 of the Scheme shall, so far as regards the sale or supply of Export Coal be read construed and have effect subject to the provisions of this Clause."
