Rome, April 11. N. S.

**T**HIS Morning was held a Consistory, in which the Pope performed the Ceremony of Shutting and Opening the Mouths of the Cardinals *Arquin* and *Alorigia*. The vacant Arch-Bishoprick of *Milan* is not yet disposed of; The Pope, it's said, has offered it to Cardinal *Alorigia*, but he is unwilling to accept of it, because of the ill State of his Health. The Points of Ceremony between the Queen-Dowager of *Poland* and the Cardinals being agreed, he has been visited by Cardinal *Spada* Chief Minister to the Pope, and by the Cardinal *de Bouillon*, who acts here at present as Ambassador of *France*, and Cardinal *Giudici*, who does the like for the Crown of *Spain*, and by several other Cardinals. The Queen continues as yet *incognito*, and is attended when she goes abroad by Prince *Odeschalei's* Coaches and Servants; but it's said, she intends shortly to appear in Publick with a very splendid Equipage. None of the Ambassadors here have yet visited her, because they demand the same Treatment that is given to the Cardinals, which being denied them, they have wrote to their several Masters, that they may receive their Orders thereupon. The Emperor having lately given the Title of *Royal Highness* to the Great Duke of *Tuscany*, we hear the Marquis of *Vitelli* is coming from *Florence* to Notify the same to the Pope and College of Cardinals, and to desire they will likewise give the Great Duke this Title; It's said, he will bring with him the Cap of the Cardinal of *Medici*, his Eminency intending to divest himself of that Dignity, and to marry the Princess of *Guastalla*, by reason the Great Prince and Prince *Gaston*, his Nephews, have hitherto no Issue.

*Venice*, April 18. The Duke of *Mantua* has bought the Palace in this City that belonged to the late General *Zen*, and it's said, the Dutchess of *Mantua* intends to come and reside here. The time for which the Office of General of the Forces of *Dalmatia* was given to Signior *Mocenigo* being expired, the Senate will meet to morrow to appoint one to succeed him. Signior *Priuli* arrived here this week from *Zant*. By a Ship come in from *Napoli di Romania* we have Advice, that the Chevalier *Delfino* was sailed from thence with 8 Men of War for *Corfon*; and the rest of the Fleet continued in that Port. The *John and Laurence*, and the *Bombow Galley*, arrived this week from *Ireland*. Yesterday sailed from hence the *Unity*, and the *Mazarins Galley*, bound for *Zant*.

*Madrid*, April 15. The King of *Spain* intends, towards the latter end of this Month, to remove to *Aranguez* for the benefit of the Air. The Duke of *Moles* having desired to be excused from going with the Character of Ambassador to the Court of *Portugal*, the King has consented

thereunto, and has given him the Office of President of the Supreme Council for the Affairs of *Italy*. Baron *Berlipi*, whom the King has made choice of to go to *Vicima* with the Character of his Envoy Extraordinary to Congratulate the King and Queen of the *Romans* on their Marriage, is made Councillor of the Supreme Council for the Affairs of *Flanders*; He is to take his way by *Brussels* to make the Compliments of Condolence to the Elector of *Bavaria* on the Death of the Electoral Prince, his Son. The Government of *Porto Mahon* is given to Don *Juan Zepeda*; the Office of Chancellor, in the Royal Council of the *West-Indies*, to Don *Antonio d'Arrangen* and *Zubiato*; and that of Councillor of *Granada* to Don *Emanuel Calvo*. Don *Juan de Navarra*, General of the Order of *la Mercede*, is lately made a Grandee of *Spain*. Admiral *Aylmer*, with the Squadron of Men of War under his Command, sailed from *Cadix* on the 30th of the last Month, and on the 4th Instant was at *Fingero* near *Malaga*, and intended to sail from thence the day following for *Algiers*.

*Corunna*, April 25. The Spanish-Expedition Packet-boat arrived here the 22d Instant in three days from *Falmouth*. Yesterday sailed from hence, the *Joseph Ketch*, *James Morton* Master, and the *Warren*, *William Oliver* Master, from the *Canaries*; and the *Hopewell*, *John Canaby* Master, from *Lisbon*; being all three bound for *London*. The Letters from *Oporto* say, divers English Merchant-ships sailed thence some days before for *Newfoundland*. They write from *Malaga*, that Admiral *Aylmer* passed by that Place the 5th Instant going for *Algiers*.

*Warsaw*, April 15. The King of *Poland* has writ to the Crown-General and the Great-General of *Lithuania*, to desire they will come hither, that he may consult with them about several Matters relating to the Forces of this Crown. We hear, that at some of the Provincial Diets the Gentry have resolved to appear in a Body at the General Diet, which is to meet here on the 16th of *June* next. They write from *Lemberg*, that the Bassa of *Caminiec*, and the other Commanders of the Turkish Forces on that Frontier, have forbid the Tartars to make any Incursions into the Territories of *Poland*; That all Things are now very quiet in those Parts, and the Inhabitants on the Borders of *Russland* have begun to sow their Land which have lain untill'd during the War.

*Vicima*, April 18. It's believed, the Imperial and Turkish Commissioners have by this time begun their Conferences for settling the Limits in *Hungary*, and so soon as this is done, several small Places will be delivered up on both sides pursuant to the late Treaty. Directions are sent to *Hungary* for repairing the Fortifications of *Esseck*, *Peter-Waradin*, *Arath*, and *Buda*, and several Regiments of
