Rome, May 30. N. S.

THE Marquis de Vitelli, Ambassador from the Great Duke of Tuscany, made his Publick Entry here on Sunday last; In which occasion, the Cardinal de Bouillon's Coach took the first Place next to that of the Ambassador; And this caused a Dispute between the Cardinal's Servants, and those of the Count de Martiniex, the Emperor's Ambassador who were there with his Excellency's Coach and pretended to the Precedence, but the former being more numerous, kept their Rank, and the Servants and Coach of the latter went away, without ansting at the Entry. The Marquis de Vitelli being two days after to have his Publick Audience, this Dispute was like to be renewed, and both sides were putting themselves into a condition, by drawing together a great many Armed Men, to make good their Preventions; But to prevent the ill Consequences thereof, the Pope so ordered the Matter, that the Ambassador of Tuscany's Audience was put off on pretence of his being indisposed, and the same will be deferred till this Matter can be accommodated, for which great Endeavours are used; and in the mean time the Parties concerned have sent to their respective Masters for further Directions in this Affair. Signior Erizzo, Ambassador from Venice, arrived here last Thursday from Civita-Vecchia. The Bull for the Universal Jubilee, was published on Thursday last with sound of Trumpet, and other usual Ceremonies. The Pope has made Signior Filippucci his Auditor, and Prince Lewis della Mirandola, and Signior Augustiola, Clerks of his Chamber. The Government of Civita-Vecchia is given to Signior Foscarini, and that of Perugia to Signior Patrio.

Venice, June 5. This Republick have lately taken a Resolution, to exclude from the Senate all those Noblemen who have Relations that enjoy any Offices or Benefices depending on the Pope, or who receive any Pensions from the Court of Rome. Signior Soranzo is preparing to leave this Place, in order to be going on his Embassy to Constantinople, so soon as the Limits between the Venetian and Turkish Dominions are adjusted by the Commissioners that are assembled for that purpose on the Frontiers of Dalmatia. Divers Turkish Merchants are come hither from the Levant, in order to renew their Trade with the Venetians. Our Magistrates have published an Order, for banishing out of this City all Beggars, or other idle Persons that are Foreigners, or cannot give a good Account of themselves.

Warsaw, June 3. The Count of Lowenkaupt

gave a great Entertainment last week to the King of Poland, and to divers other Persons of Principal Quality. This day the King went to the Camp that is forming near this Place, and reviewed three Regiments of Horse which are already arrived, and three Regiments of Foot are expected; and these six Regiments are to continue in the said Camp during the greatest part of the Summer. The Senate meet frequently, to consider of the Matters that are to be laid before the General Diet, which will be open'd here on the 16th Instant.

Vienne, June 6. The Arch-Duke Charles returned to Luxemburg on the 4th Instant, where the Count de Dunck, Ambassador from the Elector of Brandenburg, had Audience the same day of the Emperor, as also of the King and Queen of the Romans, to whom he made the Compliments of Congratulation from the Elector his Master on their Marriage. A very fine Tournament was performed last week at Luxemburg by the King of the Romans, and divers Persons of the first Quality; and on the 9th Instant, the Court are to be entertained with a Comedy, a Ball, and other Diversions, it being the Emperor's Birthday. The Count de Staremberg is appointed to go again to Sueden with the Character of Envoy Extraordinary from the Emperor, and will leave this Place in few days, in order to repair to that Station; as will likewise Count Zednicki, the Emperor's Envoy to the King of Poland. It's said, that Count Rabutin will shortly return to this Place from Transylvania, and that Prince Philip of Lichtenstein is to be sent thither in his stead to command the Imperial Forces in that Province. Our Letters from Brod in Sclavonia of the 24th past give an Account, that the Conferences between the Imperial and Turkish Commissioners for regulating the Limits were continued with very good Success; They had adjusted all Matters relating to the Frontiers of Sclavonia, and intended to remove in few days to Jassanoviz in Croatia, in order to settle the Boundaries of that Province.

Frankfort, June 14. Six Battalions of the Elector Palatine's Forces are already arrived at the Camp near Mannheim, and five more are shortly expected, which are to be commanded by Major-General Rebbinder. We hear from Ausbourg, that Prince Lewis of Baden is at present at that Place, and somewhat indisposed. The Duke of Saxe-Cobourg lies very ill at Watersucht. The Prince of Anhalt, and the Duke of Saxe-Gotha, are going to the Baths at Carlsbadt in Bohemia. It's said, the Margrave of Brandenburg-Anspach is going to marry a Princess of the House of Dessau.
