Rome, June 20. N. S.

**T**HE Congregation appointed to examine the Matter about the Right of Presenting to the Abbeyes, and other Ecclesiastical Benefices in *Piedmont*, which was contested between the Duke of *Savoy* and this Court, have at length given their Opinion in favour of the Duke; and the Resident of *Savoy* has since had Audience of the Pope, to desire he will make a Decree pursuant to this Resolution. The Prince of *Monaco*, Ambassador Extraordinary from *France*, arrived yesterday at *Civita-Vecchia*, being attended by 4 *French* Gallies and 2 *Tartanes*; He was received there by the Pope's Officers, who entertained him very splendidly, and this evening he arrived here, having been met several Miles out of Town by the Cardinal de *Bouillon* and the Cardinal d' *Arquien*. A Squadron of 15 *French* Gallies, commanded by Monsieur de *Forville*, are come to *Civita-Vecchia*, and will proceed in a day or two towards the Coast of *Naples*. The Pope's Gallies are ordered to cruise off of *Sicily* against the Ships of *Tunis* and *Tripoli*.

*Turin*, June 27. The Count de *Teffe*, who came hither to Congratulate the Duke and Dutcheſs of *Savoy* on the part of the Dutcheſs of *Burgundy*, upon the Birth of the Prince of *Piedmont*, had his Audience of Leave last week, and was presented by their Royal Highnesses with a Sword set with Diamonds to the value of about 2000 *Pistoles*, and he is since returned home. Monsieur *Hofkirke* arrived here this week from *Brussels* with the Character of Envoy Extraordinary from the Elector of *Bavaria*, to make his Electoral Highness's Compliments of Congratulation at this Court upon the same occasion. On the 24th Instant, the Magistrates of this City entertained the Duke and Dutcheſs of *Savoy* in a very splendid manner at the Town-Hall, where the Court was likewise diverted with a Ball and a Consort of Musick, and afterwards with a very fine Firework. The Magistrates also presented to her Royal Highness a Purse, in which were 2500 *Pistoles*.

*Venice*, June 26. Signior *Soranzo* prepares for his Embassy to *Turkey*, and two *Venetian* Men of War are appointed to attend him in his Passage to *Constantinople*. Our last Letters from *Dalmatia* say, the Commissioners for settling the Limits were at *Sternizza*, where they continued their Conferences with very good Success. By some Merchant Ships which came in here this week from *Turkey*, we have received Letters from *Constantinople* of the 15th of *May*, which give an Account, that my Lord *Paget*, Ambassador from His Majesty of *Great-Britain*, arrived at *Andri-nople* the 18th of *April* last from *Belgrade*, and on the 21st had Audience of the Grand Signior, who expressed a great deal of Veneration and

Esteem for His Majesty of *Great-Britain*, and assured his Excellency, he should ever retain a grateful Memory of the good Offices of His Majesty's Mediation; and presented the Ambassador with a very rich Vest, and a fine *Turkish* Horse with costly Furniture. These Advices add, that the Sultan had altered his design of sending the *Reis Effendi* or Chancellor, (who was his First Plenipotentiary at the Treaty of *Carlowitz*) with the Character of his Ambassador to the Emperor, and had appointed *Ibrahim Bassa*, who commanded his Troops against the *Muscovites* last Summer, to perform this Embassy. That the Cham of *Tartary* had resigned the Government of that Country, by reason of his great Age, to his Son *Sultan Galga*, and the Port had confirmed the same. And that the Grand Signior having received Advice, that the Inhabitants in the Neighbourhood of *Bassora* and *Babylon*, had taken Arms against him, a considerable Body of *Janizaries*, under the Command of two *Bassa's*, were sent thither to suppress them.

*Warsaw*, June 24. The *Paſta-Conventa* have been laid before the General Diet according to their desire; But at the same time it was represented to them, that they ought not to read them, or to proceed upon any other Business before they had made choice of a Marshal. Some of the Deputies took this occasion to insist, that the *Saxon* Forces which are encamped near this City should be forthwith sent home; Whereupon the Deputies from *Prussia* represented to the Diet, that seeing the Affair of *Elbing* had occasioned a Difference between this Crown and the Elector of *Brandenburgh*, and that his Electoral Highness has a considerable Body of Troops on the Frontiers of *Prussia*, it would be convenient that these *Saxon* Regiments should march towards those Borders, to be in a readiness to defend that Country in case a Rupture should happen; This Proposal has given occasion to several Debates, and the Diet have this Matter under Consideration. The Cardinal Primate is daily expected from *Lowitz*. The Duke of *Holstein* has resigned the Regiment he had in the Service of the King of *Poland*, who has ordered it to be called the *Queens Guards*, and has given the Command of it to Major-General *Fleming*.

*Vienna*, June 27. The Commissioners for settling the Limits between the *Hungarian* and *Turkish* Territories, continue their Conferences; The *Turkish* Commissioner insists, That the Town of *Novi*, seated on the River *Uma*, with its Dependancies, be yielded to the Sultan, upon which Count *Marsigli* has sent an Express hither, and this Matter having been considered by the Emperor's Council, the Express will be sent back in a day or two with further Directions to the said Count thereupon. We hear from *Hungary*, that part of the Troops which are ordered to encamp

camp in Silesia, during the time part of the King of Poland's German Forces are marching through that Province in their return to Saxony, are already arrived in those Parts, and the rest are on their March thither. The Imperial Troops in Hungary are likewise in motion, in order to repair to their Rendezvous; They are to be divided into three Bodies, which will encamp separately during this Summer, and Detachments are to be sent from thence, as well to dismantle the Places on the Frontiers that are to be given up to the Turks, as to repair and augment the Fortifications of those which are to remain in the Emperor's Possession; One of these Bodies will encamp near *Arat*, where Magazines of Provisions are accordingly providing for their Subsistence.

*Hamburg, July 7.* Our Letters from *Warsaw* of the 25th past give an Account, that the General Diet had made choice of the Sword-Bearer of *Cracow*, who is one of the Deputies from *Lesser Poland*, to be their Marshal or Speaker, upon which the Staff was delivered to him by the Starost of *Minsky*, the former Marshal, with the usual Ceremonies. The Duke of *Holstein* went from hence yesterday to review the *Swedish* Forces in *Pomerania*, and designs to go from thence to *Stockholm*.

*Brussels, July 10.* The Count de *Bergeick* has received Orders from the Court of *Spain* to repair to *Madrid*, and accordingly will begin his Journey thither in a day or two. The *Sieur Renskens*, a Member of the Council of *Mecklen*, is chosen to be of the Great Council of *Flanders*. The Elector of *Bavaria* is returned hither from *Troisvire*. The Count de *Prela*, Ambassador Extraordinary from the Duke of *Saxony* to His Majesty of *Great-Britain*, arrived here yesterday from *Paris*, and waited upon his Electoral Highness this morning, and will continue his Journey in a day or two to *Loe*.

*Loe, July 10.* The Baron *Schultz*, Envoy from the Duke of *Cell*, set out from hence on *Wednesday* last on his return to *Cell*. The Count de *Tallard*, Ambassador from *France*, is come to *Utrecht*, intending to reside there during His Majesty's stay in these Parts.

*Hague, July 10.* N. S. Monsieur *Galesky*, Ambassador from the King of *Poland*, who arrived here last *Monday* from *Copenhagen*, went from hence this morning with the *Sieur Gersdorf*, Resident from that Crown, to attend His Majesty at *Loe*. The Envoy of *Morocco* having desired the States to appoint Commissioners to Treat with him; the same were named accordingly, and he had a Conference with them this morning. The States of *Holland* and *Westfriseland* are to meet again in 5 or 6 days.

*Bristol, July 1.* The *Charles* and *Sarah* of this Place, Capt. *Wilmot* Commander, came in here yesterday from *Virginia*; and the *Eagle* Galley, *John Tomplman* Master, sailed for *Newfoundland*.

*Plymouth, July 2.* The *Hannab* belonging to this Port, *Adam Luxon* Master, arrived here last *Saturday* from *Norway*. Yesterday came in here the *Gabriel* of *London*, *Joseph Hall* Master, bound to *Venice*; the *Middleton* of *London*, *Samuel Anthony* Master, for *Jamaica*; and the *Charles* of *London*, *Jerm's Hadley* Master, bound for *Virginia*. This day His Majesty's Ship the *Pendennis*, and two *Officer* Men of War, came into this Port from the Eastward.

Whereas there was lately inserted in the Gazette, an Advertisement from the Lords Commissioners of the Admiralty, That in case the Person who sent their Lordships two Papers, giving an Account of several Abuses in the Navy, and particularly in the Building of the Ships by Mr. Winter of *Hampson*, would appear and make out what is alleged in the said Papers, he should have all fees

Encouragement and Protection. And whereas the said Mr. Winter has since been with their Lordships at their Office, and desired that he might appear to answer the Accusation of any Person or Persons against him in relation to the building the said Ships, their Lordships do, at the Request of the said M. Winter, give this Notice thereof.
