Venice, July 1. N. S. Letters from *Vicenza* of the 29th past say, 46 Pieces of Cannon, for the use of the German Forces, were come down from *Roveredo* under the Convoy of a Regiment of Cuirassiers commanded by the Prince of *Darmstadt*, and that on the 27th at night, 12000 Germans passed the Canal *Bianco*; And 'tis said, that a Detachment of their Troops has likewise passed the *Po*, and are entred into the Country of *Ferrara* belonging to the Pope; That 4000 guard the Pass of the Canal *Bianco*, and 4000 are posted at *Castelbaldo*, expecting more Forces with their Artillery: The French make frequent Marches and Countermarches to observe the Germans, and they have prepared Bridges at several Places on the *Adige*. 'Tis said, the Governor of *Milan* has received Orders from *Madrid*, to Confiscate the Estates of all the Subjects of that Duchy who are in the Emperor's Service, of which number is the Marquis of *Visconti*, now in the German Army. An Express arrived here the 26th past from *Constantinople*, who brings an Account, that Signior *Soranzo*, the *Venetian* Ambassador, had Audience the 17th of April of the Grand *Vizier*, from whom he received the C. and Signior's Ratification of the Treaty of Peace between the Port and this Republick, at which the *Mufta* was present, who told the Ambassador, That the Grand Signior had Sworn upon the *Alcoran* to observe the Peace inviolably; After which, the Ambassador and the Gentlemen of his Retinue were presented with Caskets, and splendidly entertained. Signior *Soranzo* having thus performed his Commission, is preparing to return home, and Signior *Giustiniani* is appointed to reside at *Constantinople* as *Baylo* or Ambassador in Ordinary from this Republick.

Vienna, June 29. The Emperor being informed, that the Court of *France* are sending a further Reinforcement to their Army in *Italy*, his Imperial Majesty has resolved to do the like, and has already appointed the Regiments of *Lorraine* and *Ravenslau* for that Service; and 'tis said, several other Imperial Regiments will be sent thither. The Letters from Prince *Eugene* of the 19th Instant give an Account, that 3000 Imperialists under the Command of General *Palffy*, passed the *Adige* the 14th at *l'Abbadia* below *Legnana* without any opposition, and cast up Retrenchments to secure the Passage or the other Regiments; That Prince *Eugene*, and the Prince of *Commercy* were gone to *l'Abbadia*, having left Prince *Charles* of *Vaudemont* with part of the Army at *St. Michael*; That on the 15th the French attempted to lay a Bridge over the *Adige* near *Pescantina*, in order to intercept the Artillery, and the Imperial Troops which were not yet come up from *Roveredo*; but that Prince *Charles* of *Vaudemont* had hitherto hindered their putting that Design in execution. Prince *Raguzzi* has been several times examined at *Newstadt*, and denies the Matters he is charged with; But 'tis said, the *Sieur Sirmay*, who is likewise accused of the Conspiracy, does not go about to justify himself, but casts himself upon the Emperor's Mercy.

Frankfort, July 6. The Forces of *Swabia* and *Frankonia* are marching from their Quarters to the General Rendezvous; and Prince *Lewis* of *Baden* is shortly expected at *Heilbron* to counter with the Deputies of those *Cities*, in order to adjust Matters about the said Forces
