(2) The Corporation may also, with the consent of, or in accordance with the terms of any general authority given by the Authority, borrow temporarily by way of over-draft or otherwise such sums as they may require for meeting their obligations and discharging their functions under this Order.

12.—(1) The Corporation may create and issue stock (whether non-interest bearing or otherwise), for the purpose of enabling the Corporation to raise any money which they are empowered under this Order to borrow by the issue of stock.

(2) Such stock and the interest thereof (if any) shall be charged on the undertaking and all property and revenues of the Corporation.

13. The Corporation shall establish an Airways Fund and all receipts of the Corporation shall be carried to that Fund and all payments by the Corporation shall be made out of that Fund.

(b) in paying the interest on any Stock issued, or temporary loan raised, by the Corporation;

(c) in transferring sums required by the Authority to be transferred to a Sinking Fund, or otherwise set aside, for the purpose of making provision for the redemption of stock.

15.—(1) The Corporation shall keep proper accounts and other records in relation thereto and shall prepare in respect of each financial year a statement of accounts in such form as the Authority may direct.

(2) Such accounts shall be audited by auditors to be appointed by the Authority.

(3) So soon as the accounts for the Corporation have been audited, the Corporation shall send a copy of the statement of accounts referred to in sub-section (1) of this section to the Authority together with a copy of any report made by the auditors on that statement or on the accounts of the Corporation.

(4) The Authority shall cause a copy of every such statement and report to be laid before the respective Legislative Councils of each of the East African Territories.

16.—(1) The Corporation shall, as soon as possible after the end of each financial year, make to the Authority a report dealing generally with the operations of the Corporation during that year and containing such information with respect to the proceedings and policy of the Corporation as the Authority may determine.

(2) The Authority shall lay a copy of every such report before the respective Legislative Councils of each of the East African Territories.

(3) The Corporation shall furnish to the Authority—

(a) such financial and statistical returns; and  
(b) such information with respect to the financial position of any subsidiary company,

as the Authority may from time to time require.

17.—(1) The Corporation shall, on or before the 30th day of September in each year, submit to the Authority a full programme of the operations of the Corporation for the year next ensuing. Such programme shall show—

Where such a direction has been given, the Corporation shall effect such reduction by such methods, and in such manner, approved by the Authority, as the Corporation may determine.

18. The Corporation may appoint such servants of the Corporation as they may consider necessary for the proper working and operation of the Corporation. Such servants shall be employed upon such terms and conditions of service as the Corporation may, with the approval of the Authority, determine. The Corporation may also accept the services of any person seconded to the service of the Corporation as they may consider necessary or expedient: and any such person shall be deemed for all purposes to be a servant of the Corporation, except in so far as the Corporation may agree to the contrary with such seconded person or his employers.

19. The Corporation shall, if and when required by the Postmaster-General, perform all such reasonable services in regard to the conveyance of mails (with or without officers of the Posts and Telegraphs Department in charge thereof) by the Corporation's aircraft or any of them as the Authority shall from time to time require.

The remuneration for any services performed in pursuance of this section shall be such as may be from time to time determined by agreement between the Postmaster-General and the Corporation.

20. The Corporation shall not be required by any of the respective Governments of the East African Territories to provide air transport facilities gratuitously, or subject to preferential conditions or at a rate of charge which is insufficient to meet the cost involved in the provision of such facilities, unless the Government concerned undertakes to pay the amount of loss incurred by reason of the provision of such grant of facilities.

21. The Corporation may make such Rules as it may consider necessary or desirable for the proper working, management and control of the Corporation so far as is not inconsistent with this Order or with any other law in force in any of the East African Territories.
